JOHN B. OSBORN ELECTED ALDERMAN

Holly Jean First Baby To Arrive At Hospital

Born at 2:25 A.M., on New Year's Day

Daughter of Mr. Mrs. J.W. Hawksley Jr., of Waban

Leave it to the girls!

Little Holly Jean Hawksley, won the stork derby at the Newton-Wellesley Hospital by being born at 2:25 a.m., January 1, 1951 and as a result will receive some very fine presents from some of the leading merchants of Newton who, in cooperation with The Graphic, decided that it was only fitting that the first child born at the Newton-Wellesley Hospital in 1951, should be rewarded.

Holly Jean is the daughter of Mr. and Mrs. John W. Hawksley, Jr., of 99 Plainfield road, Waban, where they have resided for the past two years. Prior to going to Waban to reside, they lived for 14 years in Newton Centre.

Her daddy is a carrier at the Newton Centre postoffice, where for five years he has been serving a large part of that section. Prior to becoming a carrier, he was a postal clerk in the same post-office for a number of years.

Her mother, before her marriage, attended the Northfield School for Girls, Northfield, Mass., while her daddy attended business school in the same community and both formerly lived there.

Holly Jean, a healthy little girl weighing 8 1/2 pounds at birth, also has a grandfather, John W. Hawksley, senior, residing in Northampton, and waiting to welcome her home is her brother, John W. Hawksley, 3rd, who will be eleven years old next month. The Graphic, along with many others, congratulates Mr. and Mrs. Hawksley, Jr., and also little Holly Jean for the honor which she has brought her proud parents.

District Wardens Appointed

The appointment of five district wardens, one Deputy District Warden, and a Retail Stores Warden in the Newton Civil Defense organization has been announced by Director Douglas B. Francis.

Hamilton Osgood will serve as District Warden for Chestnut Hill; Theron B. Walker for Newton Highlands; Eric A. Bianchi for Oak Hill; Frederick B. Percy for Newtonville; and George F. Koller for West Newton; while Arthur T. Gregorian will be Deputy V. W. in Newton Lower Falls. The responsibilities of Warden in charge of retail establishments have been assigned to Roy S. Edwards.

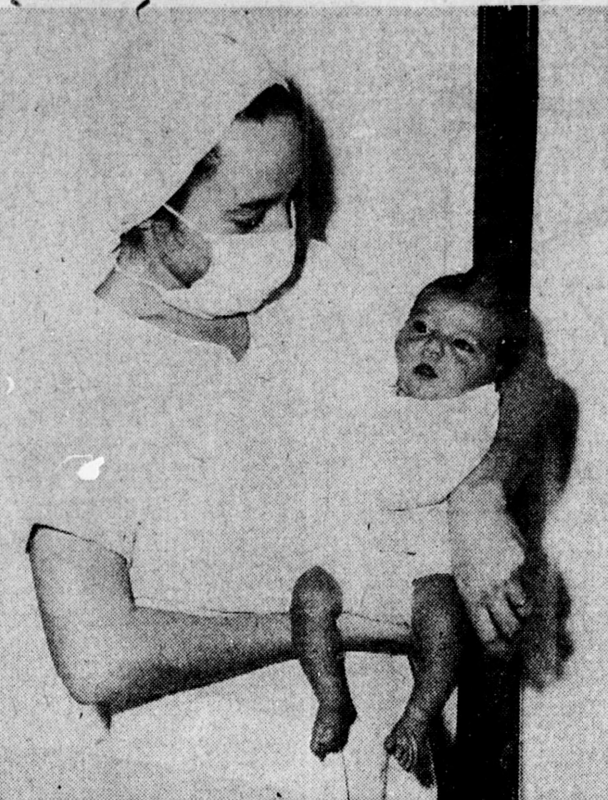

District Wardens for Auburn-dale, Newton Corner, Oak Hill Park, and Waban Hill remain to be appointed.

Newton Council of Church Women Meeting January 15

The Newton Council of Church Women will hold its mid-winter meeting in the Chapel of the First Baptist Church in Newton Centre, January 15 at 2 p.m.

The speakers are to be Mrs. Allan Knight Chalmers, president of the Massachusetts Council of Church Women and Mrs. Kirtley F. Mather, both of whom were

Taxpayers Ass'n

To Emphasize Need for Watch on Public Expense At All Government Levels

The accomplishments of the Taxpayers movement in Massachusetts receive a salute in the January issue of Coronet magazine. Remarking that so much money has been saved by the Massachusetts Federation of 200 local associations that it is no longer necessary to keep even a running total, the article cites examples of the Taxpayers' work. The constructive recommendations and policies adopted by local and state governments at the Taxpayers suggestion are stressed equally with the detailed graft uncovering and watch dog duties of the groups.

Korean to Address Central Club

Hahn-Been Lee, a Korean graduate student at the Harvard Business School, will be the principal speaker at the monthly meeting of the Central Club of Central Congregational Church, Newtonville, Monday evening. Lee who is a graduate of the University of Seoul will speak on "The Outlook For Korea." A question period will be held following the talk.

A dinner will be served for members and their guests at 6:30 p.m. in the church vestry. The meeting will be under the direction of Raymond A. Green, president of Central Club.

'The Right to Be Different' Will Be Subject of Talk

"The Right to Be Different" will be the subject of Dr. Albert I. Gordon's talk over Radio Station WEEI this Saturday evening at 7:15 p.m.

Miss Ruth Brooks To Speak on Panel At Quebec

Miss Ruth Brooks, 15 Wimbledon Circle, West Newton, executive secretary of the Wheaton College Alumnae Association, will attend and be one of the speakers at the District I meeting of the American Alumni Association, Jan. 8 to 10, at the Seignior Club, Quebec, Canada.

Miss Brooks will speak on "Classes and Clubs: Helpmates or Stalemates," during a panel entitled "The Challenge of our President-Elect: What Shall We Do About Our Own Jobs?"

The panel will be led by Miss Helen Deacon, Simmons College. Other speakers will be Donald Severance, M.I.T., William Prince, University of New Hampshire, Kathryn Moss, Connecticut College for Women, and Robert Jones, Bates College.

Thirty-six Students Are Named

Present plans, as announced by Floyd Rinker, chairman of the faculty advisory committee in charge of the 36 high school students who will participate in the annual exchange workshop, call for the departure of the students on April 11 for Scranton, Pa., where they will visit Clarks Summit High School. A visit to the United Nations headquarters in New York may be included in the trip.

Students chosen to make the journey include Nancy Allen, Mina Angelus, Leona Astone, Margaret Beale, Ellen Berman, Barbara Brinkley, Allison Brown, Joanne Holland, Thelma Knight, Anne Mazick, Barbara Meaney, Betsy Mix, Barbara Murphy, Sonja Olsen, Claire Paisner, Betty Payne, Janet Tevekelian, Nancy Tisdale, Theodore Tower and Mary Vaccaro, John Arnold, Addison Ault, John Bailey, William Bradshaw, Samuel Gilfix, David Gordon, Thomas Houlihan, Griffith Jehu, Anthony Leone, Donald McCullough, Richard McClintock, Richard Nichols, Peter Rees, David Rich, Edward Rutledge and Conrad Terkelson.

Faculty leaders of the workshop are Miss Katherine Curtis, Miss Mary Lanigan and Michael Grady.

The trip to Scranton will include two days of exploring coal mines.

On their return to Newton, students from Clarks Summit High School will visit them here.

To Reside In Newton Centre

Miss Frances W. Eastman Joins Congregational Christian Churches Staff

Miss Frances W. Eastman of Honolulu for the past six years Director of Religious Education for the Congregational churches of Hawaii, has just joined the staff of the Division of Christian Education of the Congregational Christian churches, Boston, and will make her home in Newton Centre.

Miss Eastman's primary responsibility will be that of Editor of "Children's Religion," a monthly magazine for workers with children, which occupies a unique place in Protestant life.

Before going to Hawaii, where she helped all the Congregational Churches of the islands develop and maintain sound programs of Christian education, Miss Eastman was director of religious education for the Westminster Presbyterian Church in Minneapolis, Minn., and the First Presbyterian Church of Topeka, Kansas.

Miss Eastman thus becomes the Editor of the Congregational Christian denomination's two main leading journals in the field of Christian Education. The Christian Education Department is a division of the Board of Home Missions of the Congregational Christian Churches.

Miss Eastman, who is the daughter of Mrs. Fred Eastman of Tulsa, Oklahoma, was born in Indianapolis, Ind. She is a graduate of Chicago Theological Seminary, where she specialized in religious education and in the study and preparation of curriculum.

Opposed to Zone Change

In a letter to the Claims and Rules Committee of the Board of Aldermen and the Planning Board, Rev. Michael E. Doherty, pastor of Our Lady's Church, expressed opposition to the extension of the business zone at Washington and Crafts streets, Newtonville.

Fr. Doherty's letter was the result of a petition of Mrs. Cecilia Panella, who sought a change from general residence to business district at the east corner of Washington and Crafts streets.

To Hold Great Jewish Books Course

A course entitled, "Great Jewish Books," in which noted Rabbis in the Greater Boston area will lecture, will highlight the School of Jewish Studies being sponsored by Temple Emanuel of Newton Centre. Six courses will be given from 8-9 and 9-10 p.m. for a period of eight successive Wednesday evenings, beginning next Wednesday.

The "Great Jewish Books" course, intended to acquaint the registrants with the great thought-provoking, epoch-making literature of the Jewish people, will be given beginning January 10. The opening lecture on "The Prayerbook" will be given by Rabbi Abraham Karp, Temple Israel, Swampscott. Rabbi Zev K. Nelson, Temple Emeth, will speak on "The Talmud" January 17. "Chasidic Literature" will be the subject of Rabbi Eric Lowenthal's discourse January 24. Rabbi Lowenthal is the spiritual leader of Congregation Agudath Achim, Leominster. "The Rab-

binic Commentaries" will be discussed by Rabbi Hyman J. Rottenberg, Congregation Agudath Israel, January 31. Rabbi Meyer Rubin will speak on "The Works of Maimonides" on February 7. "Philo" will be the subject of the address to be delivered by Rabbi Joseph S. Shubow, Temple B'nai Moshe, February 14. Rabbi Hugo Mantel, Congregation Sons of Zion, Holyoke, will speak on "Midrashic Literature" on February 21. Dr. Marcus Wald, Rabbi of Temple Israel, Sharon, will conclude the lectures February 28 with a discussion on "The Shulchan Aruch." This course will be given from 8-9 p.m. Members of this class will have the opportunity to ask questions of the speaker.

Dr. Albert I. Gordon will instruct a class on "Living as a Jew Today." This course will seek to answer such questions as, "How ought we to live as Jews today and yet assure the survival of our way of life for tomorrow?" This course will be given from 9-10 p.m.

Three courses for beginner, intermediate and advanced pupils will be given on "Learning to Speak Hebrew." The instructors are: Cantor Gabriel Hochberg, Mrs. Norman Rosenberg and Mr. Carl Cohen.

Rabbi Harold Kastle, director of Education at Temple Emanuel will instruct a course on "Little Known Books of the Bible." These courses are open to all of the community, members and non-members of Temple Emanuel. A Coffee Hour will conclude each session.

A registration fee of \$1.00 will be charged of each registrant. Persons desiring to register for the School of Jewish Studies may do so at the opening session, Wednesday, January 10, prior to 8 p.m., or may register by calling the Temple office. All courses will be given in the Temple building, 385 Ward street, Newton Centre.

Defense Book Being Distributed

Newton police officers who started taking the 1951 census this week are at the same time distributing to all Newton householders the 12-page booklet, "Protection from the Atomic Bomb," published by the Civil Defense Agency of Massachusetts.

This is the pamphlet announced for issue late in November, which tells in simple language the action and effects of the atom bomb, and gives instruction on protective measures to take at the time of an atomic explosion and following it. Massachusetts Director of Civil Defense John W. Stokes says in the foreword: "This is not a prediction that we will experience an atomic bomb attack, but if we should, the information and suggestions in the booklet outline the proper things to do. Understanding of what to expect and what to do under atomic bomb attack can greatly increase the chance for survival, and that is the purpose of this booklet."

Several Attend Mid Winter Conference

Several Newtonites attended the mid-winter conference of American Unitarian Youth, held at Hopdale, December 27, 28, 29. Those taking part in the conference, which had for the general theme—"What Is Democracy?" were Margaret Wetherley of Auburndale, president of the Jaynes League of West Newton; Sandra Adler of Newton; Winslow Tisdell of Auburndale, publicity chairman of South Middlesex Federation, and Valerie Kuebler of West Newton, treasurer of the South Middlesex Religious Youth. Dr. Merrill Bush, also of West Newton, director of adult education for the American Unitarian Association, was one of the conference speakers.

Grange Ushers in New Year With Party

Garden City Grange of Newton met in regular session Monday night in Odd Fellows Hall, Newton Highlands, with worthy Master Harry M. Ellis presiding. The worthy lecturer, Rose Nash, presented a very fine program of group singing and games. The quartette of New Year's babies were Donald Osborn, Kenneth Quartermain, Louise Quartermain and Louise Bailey. Sister Quartermain won the prize for the cutest baby. The best judged hobo was the worthy of coffee and doughnuts were served.

The next meeting will be January 15 when the Boston & Maine Railroad will show a travelogue picture.

James Lawrence Roth, of Newton Centre, was recently named to the Dean's list for the first half of Term I at the College for Men of the University of Rochester for maintaining a high scholastic standing.

AT THE RECEPTION of the Allied Officers Club at the 6160th Air Base Wing HQ's, Japan, following their wedding, Lt. and Mrs. David H. Goodnough, cut their wedding cake.—USAF Photo.

Lt. David H. Goodnough Weds N. Y. Girl at Japan Air Base

Miss Barbara Connor, daughter of the late Mr. and Mrs. John Connor of 234 East 52 street, New York City, N. Y., and 1st Lt. David H. Goodnough son of Mr. and Mrs. Henry E. Goodnough of 136 Clark street, Newton Centre, were married at the 6160th Air Base Chapel, in Japan, Saturday, December 2nd.

Chaplain Leroy D. Burke officiated at the ceremony which took place at 4 p.m., before an altar banked with white chrysanthemums. Candelabra containing long white tapers completed the background. Each pew was marked by small clusters of white pom-pom chrysanthemums.

Miss Dorothy String, program director at the Skyline Club here, was maid of honor, and 1st Lt. William P. Dougherty, a member of the same fighter squadron as the groom, was the best man. The bride was given in marriage by Major Rayburn D. Lan-

caster, Lt. Goodnough's squadron commander. Capt. Robert E. Wayne and Capt. F. B. Clark, also members of the groom's squadron, acted as ushers.

Mrs. Peggy Harris, Director of the Shooting staff and Skyline Service Clubs here, played the organ selections accompanied Miss Cecile Berger, 528th AC &

W Group Recreational Director, who sang, "Through the Years" and "O, Perfect Love."

The bride wore a white Chinese brocade wedding gown with train. Her finger-tip length veil fell from a Juliet cap of the same material as her wedding dress. She carried a bouquet of white carnations. Miss String wore a long powder blue brocade dress, and small Juliet cap of the same color. She carried a corsage of pink carnations.

Following the wedding ceremony, there was a reception at the Allied Officers Club near here in Fukuoka City for about one hundred guests. The bride cut a three-tiered wedding cake. After a honeymoon at the Aso Kanko Hotel in Japan, Lt. and Mrs. Goodnough will reside in the new dependent housing area here.

Gordon B. Sawyer, of 20 Stoneleigh road, West Newton has been appointed as a Notary Public, it was announced by Edward J. Cronin, Secretary of the Commonwealth. The term of the Newton Notary Public will expire in 1957.

Breeding is reported to have increased the rubber content 40 per cent and it may yet be a profitable crop for some 2,000,000 of our arid acres.

To Present Paper On "Roman Roads"

At the meeting of the Newton Social Science Club January 10, Mrs. Philip D. Wilkinson will present the third paper on the study topic of the year, "Great Highways." Her subject will be "Roman Roads."

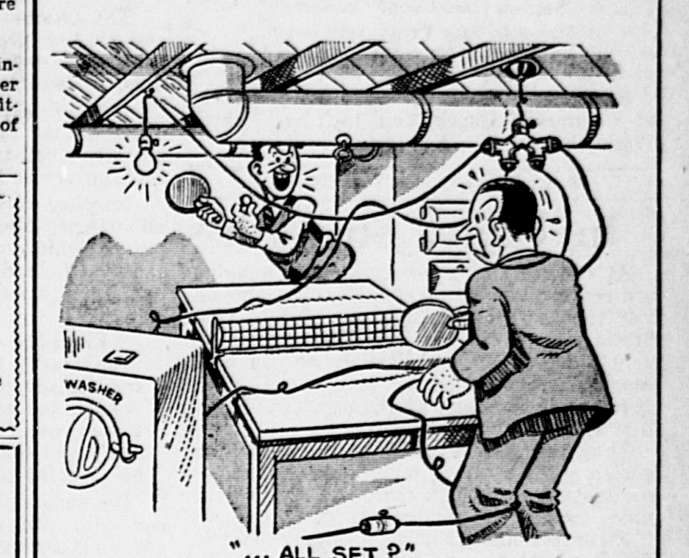

The hostesses for the morning will be Mrs. Charles H. Kimball and Mrs. Howard L. Rich.

Sheet steel is being rolled as thin as 0.00025 inch, about one tenth the thickness of a human hair.

RE-UPHOLSTER

Beautify Your Home NOW

WHY BRISTOL UPHOLSTERING IS DIFFERENT

- (1) We don't tie the springs just 4 or 6 ways—we tie them fully 8 ways and with special twine.
- (2) We don't just glue loose frames—we take out old dovets, replace them with larger and new ones. We add brand new corner blocks.
- (3) We don't tack seams at just the obvious spots—we hand sew seams throughout the piece.
- (4) The seating isn't simulated—it's separate, individually made—that means it's stronger.
- (5) The seams on the sides and backs aren't blind-tacked—all the seams are hand-sewn.
- (6) We don't use ordinary fibre or excelsior—we use the new, expensive moss filling.
- (7) We don't just repair your cushions—we make brand new cushions, springs and all.
- (8) We don't put the fabric on carelessly—we make sure the pattern matches perfectly.
- (9) We don't just cut from a pattern—we fit your cover as carefully as a tailor made suit.
- (10) We don't settle for second-best materials—we use only the highest quality throughout.

The "Under Cover" Story

There's a difference in custom upholstery. At Bristol it's a fine science. The men who get inside your sofa or chair are qualified experts with years of specialized training. They studied reupholstering just as a doctor studies medicine, a mechanic studies machinery. They know the high standards of workmanship set by Bristol's—and they know how to meet them. Bristol's custom reupholstery department is efficient—and reliable, too. You seldom have to wait longer than 2 weeks. What's more, we have a huge assortment of fabrics—over 200 different patterns, each in a range of colors. You're bound to find just the fabric for your modern or traditional home.

In Unity, Strength

At the start of a new year our thoughts are centered on new resolutions and hopes. For the new year brings the concept that life is truly beginning anew, that by intelligent planning and meditation we can gain the wisdom to fruitfully plan ahead, while at the same time cast off the unworthy bonds that shackle our better selves.

Thus the New Year presents us with a golden opportunity to make a fresh start as we determine to adopt more wholesome attitudes toward our fellowmen.

All of us realize that we are living today in a very troubled world. Despite our anxieties, however, we must realize that we have many blessings for which to be thankful, living as we are in this great land of liberty and strength.

Our nation's greatness and innate strength do not consist in our advanced technological achievements, nor our natural resources or material progress, but rather in the self-reliance and character of its free citizens.

Our nation's strength lies in the unity of our families that are bound cohesively together by shared ideals of patriotism and brotherhood; a unity in which the inalienable rights of all citizens are upheld. Our nation is healthy because it is so consecrated to the ideals of freedom and justice for all—for the majority and the minority.

As we look out at the troubled world we can see that there is great need for an increase in this spirit of mutual forbearance, this spirit of tolerance toward opinions that may differ from those we hold.

Starting the New Year we are thankful in our hearts then that in this world crisis we are drawing closer together as we realize more and more the many hopes and blessings that we must guard together.

By resolving this year to ever respect the rights of others we will be able to keep strong the precious heritage of our civil liberties.

Measure of War Effort

Winston Churchill once had this to say on the waging of war: "War is made with steel and steel is made from coal . . . Coal is the foundation and, to a very large extent, the measure of our whole war effort."

That indicates the extreme importance of our coal industry in a time such as the present, when rearmament on a great scale is swiftly getting under way. It takes 220 tons of coal to make a modern tank; six pounds for every pound of smokeless powder; five pounds for a single rifle, and two pounds to make a pound of TNT. So it goes, down the long list of weapons.

Can America's coal industry handle the new emergency demand, even as it continues to meet our normal, peaceful needs? The answer to that, according to every coal expert within and without the industry, is an unqualified Yes. During the last war, our coal production exceeded 600,000,000 tons a year, and we never lacked the coal we have required. In a single week of 1950 the industry has produced as much as 13,000,000 tons, a rate of 650,000,000 tons per year.

The Chairman of the Coal Defense Committee summed the situation up in these words: "A free coal industry fueled the nation in two world wars without government subsidy or other government aid. It did it through mine operators who were not afraid to risk their stockholders' money and not afraid to work like Trojans, along with their skilled labor forces, for the common good. The coal industry can do so again if the need arises. The coal mines, the very backbone of our nation's productive strength, can supply all the coal our nation may need."

Current Comment

How Can State Raise Additional Millions? . . . Bill to Make Council Hearings Public . . . How Practical Would Bomb Shelters Be? . . .

How to raise the additional millions of dollars the State will need to meet the commitments already made and to finance the vast civilian defense program that is proposed, is the most vexing problem now confronting Governor Dever and the Legislature which began its session yesterday.

Some observers on Beacon Hill privately express the conviction that a sales tax is about the only means of producing the tremendous sum that must be obtained, but it is very doubtful that Mr. Dever would consent to any suggestion in that direction.

It is very likely that the State income and corporation taxes and the taxes on gaso-

line, liquor and cigarettes all will be boosted by the Legislature, but unless the increases are staggering the lawmakers will have to turn to still other revenue-yielding avenues.

Governor Dever declared during the campaign last fall that the money to underwrite his far-reaching road-building program would come from motorists, and the gasoline tax presumably will be upped to cover that item.

Even before the war situation became so critical it was estimated that the State needed at least an additional \$40,000,000 to cover all its expenses during the next six months, and now that figure is being revised upwards until it may climb somewhere near \$100,000,000.

Raising that amount of money isn't going to be any painless procedure. A portion of it undoubtedly will come from so-called luxury items, but they probably will be able to carry only a small fraction of the burden.

That, however, is only a part of the picture for this is a year in which the taxpayers will be hit and hit hard—from several sides.

Federal income taxes are going up, and so, in all likelihood, are local tax rates.

The average taxpayer realizes as well as any elected official that in these times the price of national security is high—in sacrifices, in sweat and in dollars.

But they also have a right to expect and demand that as they undertake their own necessary belt-tightening, their elected representatives on Beacon Hill will do the same.

In other words, this is a time to eliminate all luxuries and non-essentials. The building of badminton courts and of beauty spots can wait for a day when there is a good deal less strain upon the pocketbooks of the taxpayers.

From the variety of bills filed by the members of the Legislature, many of them advancing new ideas for spending money, you would never guess that the nation was confronted with a major crisis and that every spare dollar must be diverted to the war program.

We suspect that any lawmaker on Beacon Hill who advocates any unnecessary spending during the next two years will be jeopardizing his own future public career because the so-called man of the street is likely to take a very dim view of such proposals while he himself is feeling the pinch of the times.

In recent years the legislators have voted themselves salary increases, very comfortable travelling expenses and fairly fat pensions. A legislator who has held office for six years or longer, or who has been on the public payroll for a total of six years, can draw a pension for the rest of his life if he is defeated, provided he has reached the age of 55.

Having taken very good care of themselves during the past few years, it may not be too impertinent now to suggest that the members of the House and Senate during the next two years give a little added consideration to the people they're supposed to be serving—the people who will be footing the bills.

Governor Dever has made it plain that he realizes the taxpayer is going to be squeezed until it hurts because he has stated that all non-essential activities would have to be deferred until after the war emergency. Now the Legislature can cooperate by dropping many of those bills awaiting its consideration in the nearest waste basket.

Council Hearings Regarding Pardons

Some of the Democratic legislators who supposedly believe in the Democratic processes are going to be put right on the spot by their Republican colleagues because the G.O.P. leadership in the House will seek an early hearing on a bill to compel the Governor's Council to hold its pardon hearings in public.

Republican House Leader Charles Gibbons of Stoneham and G.O.P. Floor Leader Michael McCarthy of East Bridgewater are planning a fight for the enactment of a law which would compel the Executive Councilors to let the public know what goes on at their hearings when arguments are offered either for or against pardoning some criminal.

A striking example was offered recently of the veil of secrecy which shrouds the operations of the Governor's Council and the iron curtain that separates that body from the people who elect its members.

Shortly after Thanksgiving, the Executive Council for reasons best known to itself voted to commute the sentence of a gent named Wilfred Dart who has had influence enough to twice get himself sprung from prison. The two Republican councilors, Clayton L. Havey of West Roxbury and Otis M. Whitney of Concord, both voted against giving Dart a second chance. He was a sleazy murderer who killed his partner in a row over bootlegging operations but who was pardoned in 1936 and then was sent back to prison a year later when he was arrested while fleeing from the scene of a jewelry store robbery.

But the Governor's Council over the objection of Havey and Whitney voted a commutation for this character. Then, two weeks later, the Council rescinded that action and recalled the commutation petition. This was not made known until just before Christmas when newsmen covering the State House made inquiries to ascertain why Dart was granted a second commutation in less than a month.

Of course, there are some members of the Governor's Council who don't want the veil of secrecy stripped away and who will fight bitterly to retain it. The voters are entitled to form their own opinions as to why that is the case.

Temple Shalom

Will Launch Its First Annual Adult Education Program Next Week

Next week, Temple Shalom of Newton will launch its first annual adult education program with the first meetings of three courses.

"The Liberal Jew in His Community" is the title of a lecture-discussion course covering 6 related topics to be presented by various outstanding speakers. The first meeting will be this Tuesday night, when Dr. Oscar Handlin, Harvard History Professor, well-known author and expert on immigration, will discuss the economic, social and political position of the Jew in America today. Audience discussion following each of the speakers in this course will be moderated by Robert E. Segal, President of the Temple. The course will meet on the 2nd and 4th Tuesday nights in the months of January, February and March. All meetings will take place at 8:15 p.m., at Filene's Chestnut Hill Store Auditorium.

The other two courses, "The Liberal Jew and His Family" and "Great Jewish Books," are designed for small home study groups. The former will meet on Monday evenings for 5 consecutive weeks, starting January 8th, and under the leadership of Mr. Paul Barrabee will offer couples an opportunity to share their thoughts and experiences regarding the Jewish family today. The latter will meet on Wednesday, January 10th, and once a month thereafter to discuss with Rabbi Irving A. Mandel in turn each of 5 great Jewish books selected for the course.

It is also expected that a weekly course in Elementary Hebrew will be started this coming week. The instructor will be Mrs. Shlomo Maranoff, Director of the Temple Shalom Religious School. This program organized by the Temple's Adult Education committee, Franklin N. Flashner, Chairman, is comparatively modest, but evidences the same enthusiasm and mature interest which has been responsible for the remarkable growth in the first year of the Temple itself, now a congregation of almost 400 families and a religious school attended by about 320 children. This achievement would not be possible, however, if it were not for the generous hospitality and genuine friendship of the Newton community, most concretely expressed by the Unitarian Church in West Newton where the Temple conducts its Friday night and high holiday services and by the nearby Second Church of Newton where the Temple's large religious school is housed.

Junior Mothers' Rest Club Meets

The Junior Mothers' Rest Club of Newton Centre met Wednesday at the home of Mrs. Harry Hutchison, Bothfield road. Lunch was served by Mrs. John Merrill, Mrs. John Storer, Mrs. Worthing West and Mrs. Charles Wilbar.

Presenting the New 1951

Cadillac

Far More Beautiful . . . Gorgeous New Interiors . . . and
an Even Finer High-Compression Engine !

TODAY, we are privileged to present the new Cadillac for 1951—finer and more wonderful from every conceivable standpoint. . . . Numerous refinements in exterior design have made it more lovely to behold—while wholly new interiors, so rich in fabric and tailoring that they defy description, impart a sense of luxury that is simply beyond compare. . . . And, oh, the things that have been done to make it more gentle to handle—and more comfortable to ride in! The changes in this regard are manifold—and the results are a revelation. The car's quietness

is now akin to silence; driving is all but a response to your wish; comfort leaves literally nothing to be desired. To ride or drive is to relax—and to rest. . . . The great master engine has also been refined—down to the smallest details. Its voice is closer to a whisper; its power application is faster; and it's even smoother in operation. . . . And there is an even finer Hydra-Matic Drive—with a new reverse for easier shifting, and for "rocking" the car in sand or snow. . . . There is new steadiness on the road—better balance on turns and curves—easier and softer

braking. And throughout the chassis are vital improvements which add to endurance and dependability. . . . All in all, here is new lustre for the Cadillac name—and a far higher standard for the automotive world. . . . There are ten distinctive body types and four individual series—the "Sixty-One," the "Sixty-Two," the "Sixty Special," and the incomparable "Seventy-Five". . . . Why not come in and see them today? We'd be most happy to see you—and we are certain you'd find it an interesting and enlightening experience.

The Shop Scout

ELAINE REED

The hubbub of Christmas has died out for another year. Here we are in the first week of 1951. A good New Year's resolution would be to buy wisely in 1951—consider where you do your purchasing as well as how. Show your pride in your own community and shopping district—buy from your local businessmen. Show that you enjoy the convenience of your own local modern shops—help support them. Do some shop scouting in your neighborhood, and you may find more conveniences that you've overlooked! Know your own community!

Christmas and New Year's Eve have had their fling—but the parties aren't over yet. This time of year you see friends you haven't seen for months at frequent teas or social gatherings. As the instigator of one of these get-togethers, you're probably open to "hostess-hints." Spring flowers are just coming in with the new year at GLEASON'S FLOWERS, 415 Centre Street in Newton Corner—nothing could be daintier or more attractive for your tea table than a spring bouquet arrangement with paper white narcissus, tulips, jonquils, or iris! (Speaking of Spring—GLEASON'S has narcissus bulbs, too!) If there's to be a special guest of honor at your gathering—GLEASON'S can supply a perfect corsage. Save yourself time—call GLEASON'S at LA 8411 for delivery of your order.

This New Year—resolve to keep your hair in condition all year long. Start now with a professional cold wave that will keep your hair manageable and attractive with a minimum of effort. The HAZEL GANTER BEAUTY SHOP, 248 Walnut Street in Newtonville is establishing a special \$10 cold wave that includes, of course, cutting and styling of your hair, and the shampoo and fingerwave. This is a creme lotion permanent—ideal for dry hair. The HAZEL GANTER BEAUTY SHOP is noted for its reconditioning of hair that has had improper permanent waving, or been abused by tints, dye, or sickness. Try Hazel Ganter for professional care of your hair. Call Bigelow 4-2192 for an appointment.

Here's an opportunity for you sophisticated Ming Tree lovers! GLEASON'S FLOWERS, 415 Centre Street in Newton Corner, will give 20% off on any Ming Tree if you clip this portion of THE SHOP SCOUT and take it in to them. Here's the chance to own one of these oriental-like displays of charm and beauty at a great, deal less than the usual cost. Be sure and take advantage of it!

Pretty, shallow dishes equipped with pin-holders are perfect for displaying spring flower arrangements.

Mr. and Mrs. Frederick W. Shaw, Jr., and son Christopher, have returned to their home in Augusta, Maine, after spending the Christmas holidays with Mr. and Mrs. George Hallet and family of West Newton, parents of Mrs. Shaw (nee Edythe Hallet). Mr. George W. Taylor of Eastport, Maine, also was a holiday guest of the Hallet family.

City of Blue Chip Industries

Home Specialties Co.

One of a series of articles on "Newton, Home of Blue Chip Industries," sponsored by the Newton Chamber of Commerce in its campaign to attract more topflight concerns to the city.

First award as the "Most Attractively Designed Awning Premises" in the country was won by the Home Specialties Co., 335 Boylston street, Newton Centre, on the Worcester turnpike, in a recent national competition, piling up additional evidence that Newton is the home of "Blue Chip" industries.

John M. Walker, president of the company, which has offices in Milford and Framingham, received an inscribed bronze plaque from the National Canvas Goods Manufacturers Association for winning the nationwide contest in Washington, D. C., last fall.

In addition to manufacturing screens, awnings, canopies, venetian blinds, shades, storm windows and weatherstrips, the company has a retail salesroom at the Newton Centre building where electric appliances are also sold.

The Home Specialties Co. is successor to the Milford and Framingham Awning Co., which it acquired in 1935. Mr. Walker founded the business in 1928 at 237 Langley road, Newton Centre, and in 1932 moved to 32 Walter street, Newton Centre. It moved to its present address in 1935 and built its new plant in November, 1947. During World War II, the company made blackout curtains, boat and deck covers for the Navy and Coast Guard and supplied weatherstripping for the Fargo Building in Boston and the Watervliet, New York Armory.

Mr. Walker reported that his company will be among the first to use "Orlon," DuPont's new textile fiber which is not expected to be available in quantity until 1952. The new fiber, to

be used in the manufacture of awning, is durable, resists sun, soot and acid fumes; is not affected by mildew and has low moisture absorption, Mr. Walker said.

A native of Boston, Mr. Walker was graduated from Watertown High School and came to Newton in 1924. He served in the Coast Guard Auxiliary in World War II. He is a former director of the Newton Chamber of Commerce and Smaller Business Men's Association and is a member of the National Canvas Goods Manufacturers Association and the New England Awning and Tent Manufacturers Association. He is a member of the Boston Madison Square Garden Club, Knights of Columbus and the Newton Lodge of Elks. He is married to the former Kathleen T. Murray of Chestnut Hill and they have three sons and a daughter.

Alvord Bros., Realtors, report the sale of the gracious Colonial home of eight rooms, bath and lavatory, located at 44 Shaw road, West Newton. This desirable property was conveyed by Mr. and Mrs. Walter A. Johnson to Mr. Richard F. Canty of Boston.

Manchester Key To Tiger Attack at Arena Saturday

Hoping for a miracle against defending New England champs, Melrose, when they face-off Saturday at the Arena, Newton's ice men with two losses and a tie are nevertheless expected to give their best all-out performance to date against a 2 win-1 tie club that's preparing to run away with the League title again. Melrose last week trimmed a good Rindge team which in turn drubbed Newton. And Melrose has one of the best skaters in the Division, a veteran named Bob Marsolous.

With newcomer Danny Coffey in the nets Newton's defense seemed to have some confidence as it held strong Arlington for two periods in a 2-4 loss last week. In their first two games against Medford 1-1 tie and Rindge 1-7 loss the Coach Jack Hall sextet had Ken Farrar guarding the goal. Doug Manchester has been the key to the scoring attack to date. He blasted the only goal in the Medford tie and got another in the Arlington game but second winger Joe Cavallo has also been a leading goal-getter. He tallied the only point against Rindge and made the first score against Arlington.

Price and Dauten Lead Newton Five

With hopes for a successful hoop campaign resting on the shoulders of dependable Scotty Price, rangy 6'2" center and dead-eye Freddie Dauten, Newton was set yesterday (Wednesday) to open the Suburban League race against Rindge Tech at Rindge. Watertown, defending champs, visits Newton this Friday afternoon.

In previous non-league scrimmages, the Tigers had two important victories in drubbing Belmont 49-36 and Medford 50-

41 and showed a good scoring punch. In losing their opener to Brookline 39-34 the Reggie Smiths were without Price but still played even-steam with the Wealthy Towners. The game was not a League contest even though Brookline is a Suburban opponent.

A possible third man threat is Jack Bailey who if he can find the net often enough this season could prove very valuable to the cause. He's another tall-man. Pinky Higgins is about the best

"back board jumper" of the group and he'll be counted on for services rendered. John Kreider, Don Magaw, Barkey Boole, Dickie Fitzpatrick and Frank Luby will all see plenty of action. But in the long run the way Price and Dauten go, so will Newton. Dauten, Kreider, and Magaw are Juniors.

Zipper Thompson the speed-boy hasn't lit-the-light as yet but when he does come around the scrappy first winger will be bothersome. As it is, he has been

assisting and it was his neat feed against Arlington that accounted for Cavallo's tie making score early in the second period. The game was close up 'til then, but the Spy Ponders sped away to take the lead and keep it.

Fred Sutherland and Normie Desroches hold down the second line, with Cavallo, and Neil Campbell centers for the Manchester-Thompson wave. On defense, Hall has John Walker and Vic Voner.

Thomas May Prove Big Help to O.L.

If Big Kevin Thomas, 6' 8" giant, makes good playing in his first season as a basketball player for Our Lady's, the coach, Charlie Gallagher, tourney team will be a sure bet to clinch another berth in the Catholic League play-offs. Even without Thomas coming through, O. L. should have a banner season to equal its last year's 17-4 record.

Veteran star Captain Dick Butler returns to boost a well-balanced bunch in Bill Bertrand, Jim Murphy, Bob Fitzsimmons, Jack Shields, Joe Kelley, Paul Peruzzi, Charlie Faber and John Grant. Only Fitz (5' 6"), Murphy (5' 8"), Berty and Shields (5' 10") are below the six-foot mark which makes O. L. an outstanding tall team. Thomas is by far the tallest schoolboy player. Yet he'll be the big question in the league. He was manager last season and he's giving it the old school try by coming out for the team in his senior year... and yet he did make the starting team.

O. L. led off the Division 2 race last night, Jan. 3, against weak St. Columbkille and was a heavy favorite to clinch a victory. But the big game of the week will be Friday night on home court against Matignon, the heavy choice to grab the title this year plus the playoff championship which was won by St. Mary's of Waltham last season. Matignon and O. L. also went to the tournament last year and met in the first round. O. L. losing out, 36 to 43. Matignon with rangy star center Tom Cullane is the talk of the league to date.

Mrs. David Stearns, 53 Bishopsgate road, has been appointed to handle reservations for the coming concerts of the Israel Philharmonic Orchestra, to be held in Boston's Symphony Hall on Saturday and Sunday, January 20 and 21. Newton residents may reserve seats by phoning Mrs. Stearns at 3L 4-3848.

Our Lady's High: Hockey Heads For Good Season—Meets Clements Wed.

As the GRAPHIC went to press (Wednesday night, January 3) undefeated but once-tied Our Lady's sextet was facing unbeaten and highly regarded Lawrence Central in the third outing of the Catholic Hockey League. Central, winners over a good Columbus team 2-0 and then St. Clement's 1-0, are strong contenders to give more potent Malden Catholic and O. L. a run for the 1951 title.

Coach Bob Barry's "Purple Veterans" showing the best aggregation the school has ever seen, grapple on ice against St. Clements (next Wednesday Jan. 17) in the fourth round of League play. And depending on the outcome of the Central tussle, O. L. should "win another" and certainly have "easier pickings" against weaker cousin St. C, which up 'til Jan. 3 had a 1-1 record, eeking past St. Mary's 3-2 and dropping a toughy to Central 1-0.

Our Lady's which made a "better than average" opening against Malden Catholic, tying them 4-4, hit the scoring nets six times against St. Mary's last week and showed Coach Barry that they'll be a team to reckon with this season. It's a veteran club, polished with a first dandy line of high scorers "Crunchy" Cronin, Luke Fannon and Tom Dillon, backed by big George Pettie and John McKinnon and saved by dependable goalie Billy Lawn.

O. L. romps 6-1. Paced by the four goals of speedster "Crunchy" Cronin, Our Lady's won their first game of the season against a weak St. Mary's (Lynn) team which had nothing to offer in an offense. However O. L. had plenty of scoring power in first winger Cronin who displayed the old hat-trick and one better. Yet without perfect assistance by Fannon, Graham, and Dillon (twice), Cronin couldn't have been the big hero. These boys got assists on his goals.

Big George Pettie broke up a 1-1 tie early in the first stanza and from then on O. L. made a walk away from the tussle. Pettie almost tore the net with a hard-smashing long shot which collected speed and power from the blue-line. Previous to that, Cronin tallied at 1:37, on an assist from Dillon. But at 2:12, a 90 pound peewee named Tom Murphy (13 year old freshman) scored the equalizer when Pettie kindly let him through his defense. Pint-sized Murphy then dribbled the puck past a stumbling Billy Lawn in the nets. However, Pettie atoned for his faux-pas and gentlemanly treatment against a smaller lad by speeding on a solo down to the blue-line and then letting go with his salvo and score 18 seconds later.

In the second period Jennings scored first assisted by Graham at 3:04 and then in the best play of the game Fannon and Cronin on a break-away outfoxed the lone defenseman for a neat pass play and tally. Fannon passing into the grease and Cronin banging the puck in at 6:02. At 8:41 "Crunchy" got another, this time aided by Dillon again. Cronin scored his third consecutive goal at 4:32 on the final stanza helped by Graham, another of those close-ups and bang-away.

Ice Pickings
In hot-shot Pettie, Barry has the best defenseman in the league, certainly the most powerful and colorful. When George skates, he is tricky and scrappy. His shot is the most damaging of all. After his first goal, he almost got another, seconds before the bell sounded. But the hard smash was deflected off the shoulder of the goaltender (who ducked). Players unanimously agree that his left-handed shot is the best in the league... Donnie (gridster) Murphy plays defense on the second line and has yet to find himself but he should be a great help... The second line of Bob Jennings, Joe Malley and Bob Graham is a threat at times although Barry must count on his first wave for the hardest drives.

'Y' Team Loses in Tight Chess Game

In the postponed game between Brattle and the Newton Y.M.C.A. Gamblers, Brattle won 3 to 2. D. Leighton Ordway defeated Waldo Waters of Brattle. Waters is a leading chess player of Greater Boston, and wrote the chess column in the Boston Sunday Herald for years. He is also New England correspondent for the Chess Review of New York City. Maher of Brattle defeated William Cushing Loring in a hard fought contest. Capt. Travers of Brattle defeated James T. McLaughlin, and Warren Blaisdell of Newton "Y" Gamblers defeated Kleinschmidt. The match then stood 2 to 2. Lester Gee of the Newton "Y" Gamblers, a seasoned and experienced player, fought on for another hour and a half, till 12:15 a.m. against Nitzsche of Brattle. Gee with the courage of a lion fought to win, several times scoring a draw. Fate finally turned against Gee, and he lost but only after a beautiful contest.

On Friday, Jan. 5, in Class "A," Cambridge "Y" plays the Newton "Y" Intruders at the Newton "Y." In Class "B," Quincy plays Newton "Y." Commonwealth at Newton "Y." plays the Cambridge "Y." Six teams, three matches. 30 chess players of the Metropolitan Chess League will be playing at the Newton "Y." The Newton "Y" Chess Club meets every Tuesday at 7:30 p.m. in the Colonial Room at 276 Church street, Newton. If you enjoy chess, come and play with us.

To Hold Annual Sports Night Tuesday Evening

The Newton Junior Chamber of Commerce will hold its first annual Sports Night at the Newton Y.M.C.A., next Tuesday evening at 8 o'clock. George Owen, Jr., former Harvard hockey, baseball and football great, will be the speaker. Sports fans will also remember him as a former Boston Bruin star.

The program will also feature official National Hockey League films of the 1949-1950 Stanley Cup playoffs.

Newton businessmen have been invited to send representatives to this first meeting of the local Junior Chamber in 1951. Refreshments will be served.

A brief business meeting will be conducted by President Harris A. Reynolds before the evening's entertainment gets under way.

Morgan Wins N.H. Univ. Freshman Football Letter

Among the numeral winners on the undefeated and untied University of New Hampshire freshman football team was Dodge Morgan, of Newton.

Morgan, a first string end for the yearlings, prepped at Governor Dummer Academy, where he was also outstanding in basketball.

He is the son of Mr. and Mrs. C. E. James, 70 Barnstable road, Newton. He is enrolled in the College of Liberal Arts.

A new doll has a blank face on which the child may draw any features or expression that it wishes.

GRAPHIC SPORTS

On The Sports Scene

By RODD EXELBERT

WHAT'S IN A NAME?—A Malden Catholic skater has the moniker, Ed Sullivan, but he's certainly not the Toast of the Town... Talking about skaters, if you attend the schoolboy ice games, here are some of the outstanding players to watch: GBI LEAGUE—Duffy, Rindge; O'Brien, Arlington; Wanamaker, Stoneham; McDougall, Belmont; Marsolous, Melrose; Murphy, Latin and Newton's own Doug Manchester who although with an off-balanced team nevertheless ranks as the slickest stick-handler in the business. In the CATHOLIC DIVISION peek at Malden Catholic's McKinnon, Sheehy, Columbus; Salvage, Central, and the entire first team of Our Lady's. From the looks of things, Fannon, Cronin, Pettie and goalie Lawn are on the way to All Star rating if they keep up early performances... Waltham grid players have selected an oddity in captains. Four of them for the 1951 season. Ed Beck and Frankie Krol, backs, and Cliff Poirier and John DeVincent, linemen.

Hank McQueeney (NHS) and Bob McBride (OL) are getting raves from the Providence College basketball coach. Both boys are playing for the Frosh and showing "great potential." OL's Charlie Gallagher gets credit for bringing these local stars down to his alma mater... N. E. Hoop champs, Somerville, will be favorites to cop the title this year even though they'll miss All American AL Perry (now a freshman at Holy Cross). Somerville boasts a starting squad of all six-footers... Capt. Milt Schmidt is a Newton resident and makes his "around-the-stove" appearances at Hubbards... Mike Bowman, a sure bet to make All Scholastic next year, will lead the 1951 champion O. L. grid team... Bob DiBlasio (NHS) is making a great year for himself so far for the Harvard sextet and Johnny Schicelone (NHS) down at Georgia, should get some national recognition in his junior year as a bully fullback if Georgia comes up with an undefeated bunch...

The GBI hockey league is in its 31st season yet Walter Brown comes out with the startling news that possibly next year will find the end to schoolboy and college hockey because of the huge loss to the Garden-Arena Corporation for the upkeep, etc. To this date there is no solution to the problem. First to be disbanded will be scrimmages but a club can't operate on Saturdays without pre-practices. As for outdoor schedules, that's taboo. The Allston Skating Club can't and shouldn't handle the schoolboys or colleges. Since hockey doesn't draw and it's unadvisable to keep losing such huge sums as been reported, everyone will have to wait for some wealthy millionaire to invest and gamble... To bad Newton High doesn't choose co-captains or just a plain captain for the entire grid season. Danny Coffey certainly rates one or the other for EVERY game... THE WASH. HAS DRIED—It's coming around the corner. Waltham and Somerville will be Turkey Day rivals and so will Brockton and Weymouth. Which is what it should have been years ago. And Rindge playing Cambridge Latin is a corker. That leaves poor Revere in the hole for they were lucky to get Weymouth last season at the last moment. (Hingham you remember refused to play the Bowl champs). Now Revere oughta fight for a revival of the past great series with nearby Winthrop! That will make everybody happy, all around.

"Weeks Council", A Student Government of Parents, Teachers, Pupils-New and Unique

By ERLIN HOGAN

The Weeks Junior High recently took another step toward making school a living democracy. Since it was built, Weeks, like other schools, has had a student

council, made up of representatives from each homeroom, the captains of the cafeteria patrol, and one teacher sponsor. Action taken by the council went to the faculty for discussion, and then

would often be referred back to the council with so many restrictions that the students would be discouraged. It was decided that a more democratic type of council, one which would give the students the decision, was needed.

It would be difficult to find anywhere else in the country a student government like the newly established "Weeks Council," a group of students, teachers, and parents which handles all the school activities except the curriculum. It meets every Wednesday at 1:30 for an hour and a half, and is run like a legislative body. Problems, such as noise in the corridors, are presented to the council, which discusses them in strict parliamentary fashion. Those who compose the new Weeks Council are the presidents of each grade, representatives and alternates from each of the thirty divisions in the school, the captains of the lunch squads, the editor of the school paper, six teachers, six parents, and the principal, with the vice principal as alternate.

Weeks is unique in bringing parents, teachers, and children together on a deliberative board. When the question of including parents was brought up, in the spring of 1949, the pupils were afraid they might dominate the council. This has not proved to be the case, however, and it has been good for the students to work out their problems with older people. Weeks believes that a new trend in education is to bring parents more and more into the school system, and that their advice is extremely helpful in deciding what is good for the pupils.

At Weeks, the children don't stand in awe of the teachers. Working with the faculty on the council, they are given freedom in exercising initiative, running their own affairs, and reaching decisions. The principal does have veto power over the council, but he says he would interfere only when something might get them into trouble, because children learn by doing, and by the experience of trying to work things out.

The influence of the council on the whole school was shown two weeks before Halloween, when the council was asked to find the boys who had torn down the goal posts which had been put up for football and hockey. These goal posts had been knocked down three times and the recreational department of the city had refused to replace them a fourth time. When they were knocked down again, the council held a special assembly and told the student body that it was a question whether or not they could play their home football games. As a result of this assembly the guilty boys confessed and were punished by

having to pay for and erect new goal posts.

The students recently wondered what to do with their time after they have finished eating at lunchtime. Someone stumbled on the idea of showing movies, and this matter was brought to the council. They wanted to know if the projectors club could be given a charter, with permission to show movies during the latter part of each lunch period. After considerable discussion, the council granted a temporary charter to see how the pupils would respond. The situation is not solved yet, as from time to time the council still considers such difficulties as eating in the auditorium and leaving paper around, and whether or not the children are cutting their lunches short to see the movies. When these problems arise, they are turned back to the pupils, who are allowed to find their own solutions. The council works democratically, considering the interests of the whole group; and the parents are impressed by their efforts.

The viewpoint of the Weeks Junior High School is to give the students as much freedom as possible so that they may exercise initiative, and discuss thoroughly matters of importance to them and the school. The students, through the Weeks Council, which is perhaps the only one of its kind in the country, run their own affairs, with the adults standing by to help them come to wise decisions.

The officers and representatives change every year as the student body changes. Those now on the Weeks Council are: president (who is usually a ninth grader), John Hobbs; vice president, Ann Gregory; secretary, Carol Fitch; and treasurer, Dick Lucien. The six parents on the council represent the school districts from which children are sent to Weeks. They are: Mrs. Franklin Snyder, from the Oak Hill district; Mrs. Leonard Mordecai, from the Ward School district; Mrs. Donald Frail, from the Emerson School district; Mrs. Thomas Dorrance, from the Hyde School district; Mrs. Robert Turner, from the Emerson School district. The teachers on the council are two from the ninth grade, Miss Mildred Dolan and Mr. Herman Pohlman; two from the eighth grade, Mr. William Powers and Miss Christine Nikita; and two from the seventh grade, Miss Eleanor Johnson and Mr. Alan Kempainen. Principal Raymond Blaisdell and Assistant Principal Miss Bettina King make up the rest of the council.

Highlands C.L.S.C. To Meet Monday

There will be a meeting of the Newton Highlands C.L.S.C., Monday afternoon at 2:30 o'clock at the home of Miss Sara A. Thompson, 63 Hartford street, Newton Highlands.

Tracksters Have Potentialities

If their 63-14 smashing victory over Watertown in a "scrimmage" meet is any criterion, Coach Lem Boyle should have less worries than he did before the meet began. In the one-sided run-away, Boyle was pleased with the following: Al Rowlands in the shot will be better than his 41-foot 10 1/2 inches. Johnny Tripp is a threat in the 300 and Moose Morrison is powerful in the 300 and 600. Tripp is also a player in the dash. In the hurdles, Capt.

MRS. FREDERICK S. BACON is shown pouring tea at the annual Open House held at the Newton Y. M. C. A., New Year's Day. She was assisted by Mrs. Albert Carpenter. Others in the picture are Mrs. Ellison G. Day, and Mr. and Mrs. Frank A. Day.

Norm DiGiovanni and Walt Kett can be depended upon for first and second points. George Kelley and Al Salt (also a high jumper) are dashers who could come through. George Flynn and Al Brash come behind Morrison in that 600. George Higgins, Dick Perry and Ken Lyons proved ideal for the Mile. Dick Savoy, Dick Dunbar tied at 5 feet 9 inches in the High Jump and Rolie Pollard and Bill Houston were only one inch below which is terrific for an opening meet. As for the relay, DiGiovanni, Haywood, Howland and Farrougher were "B" winners that day and the "A" team should be two better. If Bob (Doodoo) Shanley becomes eligible he'll be a definite scorer.

MRS. RAY ANDERSON, EUSDEN, JR.
Miss Priscilla Ogden Plumb Weds
Mr. Ray Anderson Eusden, Jr.

At a candlelight service in the Park Presbyterian Church, Streator, Illinois, Miss Priscilla Ogden Plumb, daughter of Mr. and Mrs. Ermin Fawcett Plumb of Marilla Park, Streator, Illinois, became the bride last Saturday afternoon at 4 o'clock of Mr. Ray Anderson Eusden, Jr., son of Rev. and Mrs. Ray Anderson Eusden of 66 Centre street, Newton.

Rev. Ray A. Eusden, father of the groom, officiated at the marriage ceremony of the couple.

The bride, who was given in marriage by her father, Mr. E. F. Plumb, was gown in Ivory Satin and wore a Tulle veil with lace cap, and carried a white orchid and stephanotis. Her sister, Mrs. Philip C. White of 1430 Braeburn road, Flossmoor, Ill., was her matron of honor and she was gown in light green taffeta with a silver cap with silver stars, and carried white flowers and holly.

The bridesmaids were: Mrs. John D. Eusden (Joanne Reiman), wife of the best man, of 242 Whitney avenue, New Haven, Conn.; Miss Mary Elizabeth Ogden, cousin of the bride, of 391 Hawthorne Land, Winnetka, Ill.; Miss Karel-Mari Kleinheksel, cousin of the groom, of 29 East 9th street, Holland, Mich.; and Mrs. William Spencer of 827 Chase street, Osage, Iowa. They were gown in light green taffeta with silver cap and silver stars and also carried white flowers and holly.

Mr. John D. Eusden, brother of the groom, was best man. The ushers were: Mr. David J. Eusden, brother of the groom, of 666 Centre street, Newton; Mr. Ogden T. Plumb, brother of the bride, of Marilla Park, Streator, Ill.; Mr. Farker Butts of 306 Franklin street, Newton; Mr. Samuel Cutler, of 31 Sargent Park, Newton; and Mr. Gerald R. Daly, of 1401 E. 56th street, Chicago, Ill.

The bride's mother wore a grey and rose lace dress with a rose hat and the bridegroom's mother wore a moss green faille dress with coral hat.

For her traveling costume the bride wore a "Black Watch" suit with red accessories.

Following the ceremony, a reception was held at the home of the bride, Marilla Park, Streator.

Mrs. Eusden, Jr. attended Monticello College Preparatory School and later Wellesley College. Mr. Eusden, Jr., attended Newton High School, Yale University and the Harvard Graduate School, and is now a history teacher.

After a wedding trip through New Hampshire, Mr. and Mrs. Eusden, Jr., will reside at Trinity Court, 175 Dartmouth street, Boston.

Fessenden School Class Officers for '51 Are Elected

The Fessenden School announces the election of the following Newton boys to class offices: Albert and John Scullin, sons of Mr. and Mrs. Matthew P. Scullin of Newton Centre, Vice President and Secretary of their respective classes; Jay Kingwill, son of Rev. and Mrs. Kingwill of Newtonville, Secretary of his class; Edwin Tyler, son of Mr. and Mrs. Arthur B. Tyler of West Newton, President of his class; Charles Nesson, son of Mr. and Mrs. Samuel Nesson of Newton Centre, Vice President of his class; George Kimball, son of Mr. and Mrs. George S. Kimball of Waban, President of the Reds; David Harris, son of Mr. and Mrs. J. Dexter Harris of Waban, Vice President of his class; and Harry Vakar, son of Mrs. Natalie Vakar of Auburndale, Secretary of the Grays. James Swan, son of Dr. Charles Swan of Chestnut Hill, has been elected a member of the School Committee.

Temple Emanuel To Commemorate Fiftieth Rabbinical Assembly Anniversary Friday Night

Temple Emanuel of Newton will participate in a special Jubilee Sabbath Service to be conducted Friday evening, at 8:15 p.m., in commemoration of the Fiftieth Anniversary of the Rabbinical Assembly of America, it was announced by Dr. Albert I. Gordon, spiritual leader of the Temple.

The forthcoming Jubilee Sabbath will be celebrated by more than 300 Conservative Congregations throughout the United States and Canada.

This service of rededication and thanksgiving will be the occasion for a sermon by Dr. Gordon on the subject, "Fifty Years of Conservative Judaism - Retrospect and Prospect."

The Rabbinical Assembly of America was founded 50 years ago in Philadelphia by 11 graduates of the Jewish Theological Seminary of America. At the present time, more than 450 religious leaders throughout this country and Canada are members of this organization.

Paramount to Have Stage Play

Moss Hart's Broadway and London Hit play, "Light Up the Sky" has been booked to play the Paramount Theatre in Newton Corner at both matinee and evening performances Tuesday, January 23.

The play will be presented on the stage of the Paramount Theatre by the Emerson Players, with a cast of twelve players, and will be produced and directed by Mrs. Gertrude Binley Kay, one time leading lady to John Craig at the old Castle Square theatre.

This play, a farcical satire on

theatrical people, may well be the forerunner of many stage productions at the Paramount Theatre and is sure to be welcomed by local theatregoers who have been waiting for the return of the living stage.

All seats for the evening performance will be reserved; tickets will go on sale this week at the box office of the Paramount Theatre.

Pulmotor and rescue squads, with their own trucks or automobiles, serve widespread U. S. areas.

The Department of Agriculture states that if there is sufficient demand it can breed an apple that will not turn brown on contact with the air.

URGES CONCENTRATION ON SECURITY

Drive For March of Dimes Fund to Begin Monday

A full slate of March of Dimes committees has been drawn up in Newton in readiness for the annual appeal for polio funds which will be held from January 15 through January 31, it has been announced by Francis J. Murphy, Newton Campaign Director.

WILFRED CHAGNON

Chagnon Is Named Bank V-President

At a meeting of the Board of Directors of the Newton National Bank held Tuesday afternoon, Wilfred Chagnon, well known druggist and active in civic affairs of the community, was elected vice-president of the bank.

Mr. Chagnon has had a most active business career. He is a Commissioner of the State Board of Pharmacy; a trustee of the Massachusetts College of Pharmacy Fund; is proprietor of the Nevease Company of Jamaica Plain; President of Hayes & Peabody of Watertown, and proprietor of the Hubbard Drug Company at Newton Corner.

He is a past president of the Massachusetts State Pharmaceutical Association and at the present time is its secretary; is a past president of the Boston Retail Druggist Association and a former member of the Newton Board of Aldermen.

Mr. Chagnon's election as vice-president of the Newton National Bank brings to that institution a man well-versed in business and possessing an intimate knowledge of Newton and its problems.

In addition to his many business activities, Mr. Chagnon is an active member of many civic, fraternal and charitable organizations of Newton.

Through the early organization of these committees, Mr. Murphy said, "we now have the nucleus to build a great campaign for a great cause, the fight against infantile paralysis." The committees and their respective chairmen are: Honorable Theodore R. Lockwood, honorary chairman; Francis J. Murphy, general chairman, Newton March of Dimes Committee; William J. Paye, treasurer; Mrs. Alvah O. Ring, chairman of Women's Division; Leo E. Bova, publicity chairman; Mrs. Leo F. Baldwin, schools; Richard F. Cleveland, distribution boxes; and Harold A. Wooster, supplies. District chairmen are: George W. Bryson and Julius F. A. Kohler, Newton; Warren W. Oliver and Frederic B. Eastman, Newtonville; Raymond F. Atwood and Hugh M. Tomb, West Newton; Selby Caruso and William A. Medlicott, Auburndale; Seymour McLean and John H. Underhill, Waban; James W. Foote, Newton Highlands; Edward M. Hallett, Jr., Oak Hill; Thomas P. Dewan, Maxwell H. Robson and John E. Giles, Newton Centre; Robert H. Hughes, Chestnut Hill, and Cornelius Lupo, Nonantum.

Mr. Murphy said committee members are hard at work perfecting plans for the all-out drive against polio.

"The need for funds this year is greater than ever before," Mr. Murphy continued. "The past two years alone cost the National Foundation for Infantile Paralysis \$47,000,000 in March of Dimes funds for patient care throughout the nation. A large portion of this vast sum went for payments of bills incurred in treating patients carried over from prior polio epidemics. There have been more than 100,000 cases since January 1, 1948. Knowing the need, our committee workers have planned a great variety of activities every person in Newton will have an opportunity to contribute to the 1951 March of Dimes."

Holly Jean's Daddy Well Known Now

In addition to being the proud Daddy of the first baby born this year at the Newton-Wellesley Hospital, John W. Hawksley, Jr., of 99 Plainfield road, Waban, and a letter carrier at the Newton Centre postoffice, is busy these days singing the praises of The Graphic as the most widely read newspaper in Newton.

And he has the proof of his statements. In talking to The Graphic office, Mr. Hawksley said:

"I deliver mail to approximately 325 families on my route and since the announcement of the birth of my daughter, which appeared exclusively in The Graphic, no less than 280 of these homes have extended their congratulations and said that they had read all about the event in The Graphic. Believe me, The Graphic is certainly a most widely circulated and thoroughly read newspaper. I would hardly believe that any newspaper in Newton was so widely read as is The Graphic. It certainly covers all sections of Newton and keeps Newton people well informed of events in the Garden City."

First Meeting Of Men's Corps To Be Held Tonight

The first meeting of the new Hospital Corps Men's program, under Newton's Civil Defense set-up, will be held at Usen Auditorium, Newton-Wellesley Hospital this evening (Thursday) at 7:30 o'clock.

Rudolph Elie To Speak Here Tues.

The Dr. Joshua Loth Liebman Lodge and Chapter, B'nai B'rith, will hold a joint business meeting Tuesday at the Temple Emanuel at 8:15 p.m.

Guest speaker of the evening will be Rudolph Elie, the well-known humorist and Boston Herald columnist.

A social hour will be held and refreshments served.

Public Meeting on Civil Defense to Be Held Jan. 28

Sunday, January 28, at 3 o'clock, in the High School auditorium, is the date and time set for a big public meeting for the citizens of Newton to hear about their City's program for Civil Defense. A report on what has been done and what remains to be done, will be told by three featured speakers: Mayor Lockwood; Col. Douglass E. Francis, Director of Civil Defense; and John W. M. Bunker, Dean of the Graduate School, M.I.T., and Advisor to John F. Stokes, Director of Massachusetts Agency for Civil Defense, on the subject "Your Defense Against the Atomic Bomb."

Dean Bunker prepared the booklet which at the present time is being given to Newton householders by the officers who are making the annual Police Listings.

Admission is free. The doors will be open at 2 o'clock. The High School orchestra will play from 2:30 to 3.

Intercultural Relations Course Opens This Sun.

Beginning its second semester Sunday, the "University of Life" program, sponsored by Temple Emanuel of Newton Centre, will feature eight lectures on "Getting Along With Our Neighbors." This course, prepared in cooperation with the Anti-Defamation League of B'nai B'rith, New England Region, will include the following subjects and speakers: January 14, Mr. Sol Kolack will speak on "Proving Our Own Prejudices." "Fact vs. Rumor"

will be discussed by Mr. Jason R. Silverman on January 21. Rev. Frederick Groetsma, Pastor of the Newton Highlands Congregational Church, will speak on January 28, on the subject, "What Christianity Has Done to Build Friendly Relations in the Community." Mr. Julian D. Steele will, on February 4, speak on "Friendly Neighborhood Relations as Seen Through the Eyes of Minority Groups." "Local Tensions" will be discussed on February 11, by Isadore Zack. Mr. Sol Kolack will return on February 18 to lead in a practical demonstration on "How to Answer the Bigot." "Mental Malaria and Social Conduct" will be the subject of Jason R. Silverman's talk on February 25. The concluding discussion will be held on February 28.

JOSEPH E. PERRY

DR. CHESTER ALTER

Joseph E. Perry Re-elected President of Savings Bank at Annual Meeting Friday

At the annual meeting of the Newton Savings Bank held at the Brae Burn Country Club last Friday afternoon, Joseph Earl Perry was re-elected president; Guy M. Winslow was re-elected vice-president; Frederick A. Hawkins was re-elected Clerk of the Corporation, and Benjamin F. Louis was re-elected treasurer.

Trustees re-elected, with terms expiring in 1954, were: Walter R. Amesbury, chairman; Frederick A. Hawkins and Walter L. McCammon. President Perry announced the election of three new incorporators, two from Newton and one from Wellesley. They were: Dr. Chester M. Alter of 83 Bonad road, West Newton; Richard A. Winslow of 48 Pidgeon Hill road, Waban, and Robert R. Amesbury of 87 Parker road, Wellesley.

Dr. Alter is Dean of the Graduate School of Boston University; vice-president and member of the board of directors of The Exolon Co., Tonawanda, N. Y., manufacturers of synthetic abrasives; member, board of directors, Newton Y.M.C.A.; former president, Newton Community Chest; member of the Governing Board of the Newton Community Council, and former chairman of the American Chemical Society.

Mr. Winslow is assistant counsel of the Liberty Mutual Insurance Company; president of the Auburndale Improvement Society; clerk and trustee of the Franklin Square House; clerk and trustee of the Newton Public Library; and treasurer of the Newton Tribute Foundation.

Mr. Amesbury is an engineer (Continued on Page 5)

Rawson Is Named to Committees

The Speaker of the House of Representatives has reappointed Representative George E. Rawson of Newton to the ranking Republican position on the Committee on Election Laws.

He has also appointed Rawson to the Committee on Military Affairs and Public Safety, of which he becomes the senior Republican member, and to the Committee on Elections.

Dinner Party for Miss Laura Stewart

Miss Laura Stewart, popular manager of Timothy Smith Company at Newton Centre, was tendered a dinner party by employees of the store in honor of her forthcoming marriage to Mr. George Forrest Graham of Natick.

The nuptials will be held tomorrow evening (Friday) at 7 o'clock in the Andover Newton Theological Seminary Chapel, with Rev. Gardiner Andersen officiating.

Prof. Rodgers Deplores Fact Capitol Seems Committed To Both Guns and Butter

In Address At Annual Meeting of Newton Savings Bank Says Task America Faces Today Is In Many Respects Greater Than That of World War II

"Nothing is more certain than that we can bleed to death from socialized housing, socialized farming, socialized medicine, from class favoritism, from extravagance and waste, while we are trying to support, defend or rearm half of the world, including ourselves," stated Raymond Rodgers, professor of Banking in the School of Commerce, Accounts, and Finance, and in the Graduate School of Business Administration, New York University, in an address at the annual dinner of the Newton Savings Bank which was held at the Brae Burn Country Club last Friday night and attended by almost one hundred bankers of Newton, Wellesley and Needham.

Help Them Come Home Alive

Have you ever said to yourself or heard someone say... "I wish there was something I could do...?" There is something you can do. You can help to save the lives of the men fighting in Korea. You can help them come home alive to those they love. Give a pint of blood to the American Red Cross Blood Bank. It's so little, really. But it means hope and life for the wounded. Simply call your Newton Chapter, L.A. 7-6000 to make your appointment for the coming visit of the Bloodmobile in Newton January 30 and 31.

Educational Crisis to Be Considered

The Education Committee under the chairmanship of Mrs. Peter T. Reuter will meet at the Newton Centre Woman's Club next Tuesday to make final plans for the forthcoming "Panel Discussion" on "How Will the Newton Schools Fare in the Coming Educational Crisis?"

The discussion will be held at the Newton Centre Woman's Club at 8 p.m. on Monday, January 29, and has been arranged by Harold B. Gores, superintendent of the Newton Public Schools.

Taking as his theme "The Impact of Rearmament on the Economy," Professor Rodgers deplored the fact that "Washington seems committed to both guns and butter" and that all indications are that "welfare" as they interpret it, will not be sacrificed to war.

"The task America faces today," continued Professor Rodgers, "is in many respects greater than that of World War II. That war conclusively demonstrated that we can make a supreme effort, but will we have the staying power and the character to face a more or less permanent lowering of our standard of living, particularly in 'peacetime' as now seems inevitable? Being a democracy, the initiative is not in our hands; moreover, Communism is a perverted faith which may strike anywhere, even internally.

"Russian Imperialism can be

stopped by fearless policies and increased armament. The Politburo respects power more than (Continued on Page 2)

L. Johnson Callas To Head Newton 1951 Heart Fund

L. Johnson Callas of 460 Commonwealth Avenue, Newton Centre, will serve as General Chairman of the Newton 1951 Heart Fund according to Edgar A. Perry, State Chairman.

Mr. Callas will head up Newton's third annual appeal for funds to carry on a program of heart research, education and community services. The drive will take place during the month of February.

Mr. Callas is a member of the Boston law firm of Morrison,

Stickells and McInney. He was graduated from Boston University with the class of 1947 and received his LL.B. from Harvard Law School in 1950.

Active in community affairs, Mr. Callas is president, Newton Republican Club; a director of the Jr. Chamber of Commerce; Past Trustee, Veterans of Foreign Wars; and Junior Warden, Boston University Lodge of Masons.

He served overseas with the United States Air Force during World War 2.

ussion will be led by Miss Viola Leventhal on "Here's What Youth Can Do" on March 4. Each session will provide an opportunity for the participating members of this course to raise questions and discuss their points of view.

Other interest groups provided for youth of high school age include, "What We Jews Believe," led by Rabbi Harold Kastle, Educational Director of Temple Emanuel; "Learning to Speak Hebrew," with Carl Cohen teacher in Temple Emanuel Religious School, as instructor; and "Dramatic and Choral Speaking," conducted by Mrs. Estelle Stahl, noted instructor in Dramatics and Speech.

The "University of Life" program, according to Dr. Albert I. Gordon, Rabbi of Temple Emanuel, who is directing this activity, consists of three parts. Beginning at 4:30 p.m. and continuing to 6:00 p.m., a social program is provided for the young people. This phase of the program is directed by Mr. Arnold J. Borofsky. From 6:30 p.m. to 8:00 p.m. Sunday night under the supervision of Mrs. Elmer J. Gorn, Sisterhood Chairman, is served at nominal cost. The four interest groups outlined above meet from 8:30-7:30 p.m. This program is open to all Jewish youth of high school age. It is supported and sponsored by the Temple-Aires of Temple Emanuel.

The first coal mine opened in the Fairmont, W. Va., field was in 1852—less than 100 years ago.

treaties. The Iron fist speaks Russian; it needs no interpreters. "The internal menace of International Communism can be countered partly by military might and partly by ideas and example. The internal menace can be fought by keeping the economy healthy."

"In fighting these twin menaces," continued Professor Rodgers, "the Administration in Washington seems committed to 'both guns and butter.' All indications are that 'welfare,' as they interpret it, will not be sacrificed to war. To all such, whether in Washington or at home, I say: Let us be realistic for a change; let us put aside, for as long as may be necessary, politics as usual, business as usual, and unionism as usual; let us have a truce on the 'welfare state' and concentrate on national security."

"To put it bluntly, the very survival of our way of life may depend on whether we are willing to cut our maximum desires to our minimum needs—and this applies to government as well as individuals."

In discussing the economic meaning of rearmament, Professor Rodgers said that "rearmament simply means the diversion of raw materials, industrial capacity, and labor from goods for civilian consumption to the production of goods which are not available to consumers."

"Our serious economic problem arises from the fact that we must embark on a great rearmament program, even though the national economy is already operating at capacity in most lines. Obviously, something has to 'give'; adjustments have to be made, and, in fairness, they should be made all along the line. But, before jumping to conclusions, let us take a good look at this modern miracle."

"The first thing to note is that overall productive capacity is greater than any time in history. But what is even more important, capacity in nearly all of the lines vital to rearmament, is so great that the military demands can be met and there will still be more left over for civilians than was available for both military and civilian purposes in World War II."

"Rearmament will cause business activity to come under the influence of double boom—that is, civilian and military boom—pressures except to the extent that the government intervenes to control demand and supply. It seems indisputable that such intervention will have to be on a much larger scale than is now generally anticipated."

"The second thing to consider is that the civilian boom inevitably must be cut back 'physically' so that the rearmament

boom can be superimposed on it. The rearmament boom can't be cut as the Politburo determines those expenditures. That means that the civilian boom must be cut to fit."

"Despite soothing words from the Administration, scarce goods will be allocated and probably price-controlled. In my opinion, we haven't heard 'the half of it' on controls."

Turning to labor and manpower, Professor Rodgers continued: "The speeding up of the rearmament pace will have important effects in the labor field. With the exception of some unsettling caused by shortages and controls, employment will be plentiful and the labor situation tight. This shifting from certain industries to other industries engaged in essential civilian or rearmament activities may become very important on a local basis."

"Labor throughout the country is restless and is demanding—and obtaining—higher wages. These demands are based on the increased cost of living and the higher taxes. What is really alarming, especially from the standpoint of all the implications involved, is that these demands reflect the attitude of the leaders of organized labor that wages should be based on the ability to pay."

He concluded his talk by drawing the following summaries: "Rearmament comes at a time when we are in the midst of our greatest peacetime boom."

"While cutbacks in production of consumer goods will have to be watched carefully, the economy will be devoted at least 75 percent to civilian production which means a higher standard of living than many people anticipate."

"Scarce strategic materials will be allocated and probably price controlled."

"There will be much more government control of industry than is now generally realized. In fact, we may be in almost as much danger from regimentation as from communism."

"Employment will be at unprecedented levels; the labor situation will be very tight, and there will be some shifting of labor to essential civilian and rearmament activities."

"The fifth round of wage increases is now practically history. In addition, industry will have to reckon with sixth round demands this year."

"The farmer will continue to ride 'high.' The success of his part of the rearmament program is a foregone conclusion."

"Rearmament will have far less effect on the banks than World War II."

MRS. WILLIAM HAYNES DAMON
Miss Elizabeth Jane Gibson
Weds Mr. Wm. Haynes Damon

The Grace Episcopal Church, Newton, was the scene for the wedding of Miss Elizabeth Jane Gibson, daughter of Mr. and Mrs. David Gibson of Brighton, and teacher at the Ralph Waldo Emerson School, Newton Upper Falls, to Mr. William Haynes Damon, son of Mr. and Mrs. Kenan Damon of West Concord, Massachusetts, at 4 o'clock on Saturday, December 30th. The Rev. Robert W. Woodroffe, Jr., officiated at the ceremony.

The bride, who was given in marriage by her father, wore a traditional candlelight satin gown with the yoke and pelerin collar of imported Alencon lace and a cathedral length train. A wreath of orange blossoms held her fingertip veil of imported illusion in place, and she carried a cascade bouquet of white tea roses and stephanotis. Her matron of honor, Mrs. E. Austin Starr, Jr. of Weston, and the junior bridesmaid, Miss Carol Ann McGilvary of Brighton, wore green velvet gowns and head dresses of wreaths of holly and carried colonial bouquets of red carnations, white tea roses, and holly.

The bridesmaids were Miss Dorothy Brack of Brighton; Miss Mary-Esther Brock of West Newton; Mrs. Andrew E. Gibson of Providence, Rhode Island, and Mrs. Kenneth M. Rounds, of South Acton, sister of the groom.

They wore American beauty velvet gowns and head dresses of wreaths of holly and carried colonial bouquets of white tea roses with red carnations and holly.

Mr. John K. Damon of West Concord, brother of the groom, was best man. Mr. David A. Gibson of Brighton, brother of the bride, was head usher.

The ushers were Mr. H. Austin Starr, Jr. of Weston; Mr. John Collins of West Concord; and Mr. John C. Wighton, Jr. of Newton Highlands.

The bride's mother wore a burgundy crepe gown with a small veiled pink hat and a corsage of pink sweetheart roses. The groom's mother wore a gold faille gown with a small veiled brown hat and a corsage of tallis roses.

The reception following the ceremony was held at the Hunnewell Club in Newton.

Mrs. William H. Damon was graduated from Wheelock College in 1949 and has been teaching in the Ralph Waldo Emerson School, Newton Upper Falls. Mr. Damon, a graduate of Syracuse University and Babson Institute, is a Special Agent of the Federal Bureau of Investigation in New York City.

After a honeymoon at Lake Placid, Mr. and Mrs. William H. Damon will live in New York City.

"Smart Fashion" to Be Topic of Club Discussion

Today (Thursday) at 2 p.m., the Newton Community Club will hold a regular meeting at the Underwood School.

Cecile, a charming and entertaining speaker and radio commentator, will talk on "Smart Fashion," including hints on style and figure type problems. Tea and a social hour will follow the meeting.

Friday at the First Presbyterian Church, Mrs. Frank Mansfield Taylor will give the fourth talk in her Current Events series "Our World Today." These meetings begin promptly at 10 a.m., and tickets may be obtained by calling Mrs. Sterling Loveland at Bigelow 4-4750, or they may be purchased at the door.

Announce Engagement Of Miss Joan Beck

At a family dinner party recently held at the Brae Burn Country Club, Mr. and Mrs. William C. Beck of Waban announced the engagement of their daughter, Joan, to Mr. Robert Scott Fithian, son of Mr. and Mrs. Scott Fithian of Barrington, Ill.

Miss Beck was graduated from Dana Hall and from Mt. Holyoke in the class of 1950. She is now attending the Katherine Gibbs School of Boston.

Mr. Fithian is a graduate of Wesleyan University, Class of 1950, and a member of Delta Tau Delta fraternity.

Among the guests at dinner were Mr. and Mrs. William Beck, Jr., home for the holidays from Philadelphia, where Bill is doing graduate work at the Wharton Graduate School, University of Pennsylvania.

Engagement of Miss Glickman Is Announced

The engagement of their daughter, Miss Norma Glickman to Mr. Norman Mirsky, son of Mr. and Mrs. Simon Mirsky of New Bedford and Fairhaven, Mass., is announced by her parents, Mr. and Mrs. Max Glickman of Chestnut Hill.

Miss Glickman is a graduate of Mt. Ida Junior College. A June wedding is planned.

Engagement Announced

Mr. and Mrs. J. Frank Honold of 101 Chetwood terrace, Fawcett, N. J., have announced the engagement of their daughter, Miss Joan Frances Honold, to John Emery Belcher of Ridge avenue, Newton Center.

Both Miss Honold and her fiancé are juniors in the College of Liberal Arts at Syracuse University. Mr. Belcher is a member of Delta Upsilon Fraternity and Miss Honold is affiliated with Pi Beta Phi Sorority.

No date had been set for the wedding.

LT. COL. LOUIS ADAMS

Col. Adams Heads Health Supply Div.

Lt. Col. Louis C. Adams, vice-president of Gilman Brothers, Boston, wholesale druggists, and who resides at 227 Waltham street, West Newton, has been named section chairman of Health Supplies of the State's Civil Defense organization.

Col. Adams announced this week that he has named Wilfred Chagnon, proprietor of the Hubbard Drug Company at Newton Corner as chairman of District No. 5 of the Health Supplies Section of the State. This district will comprise all of Suffolk County and parts of Middlesex and Norfolk Counties.

Lloyd Bemis Gives Talk on New England

New Englanders by and large, are a pessimistic lot, so much so that the young grow up thinking they have to go elsewhere to make a living, Lloyd Bemis, director of public relations of Bay State Film Publications, Inc., told members of the Rotary Club at their meeting Monday.

He stressed the importance and largeness of New England industries, among which he mentioned as examples, 90 percent of the cigars made and produced in the U. S., are from Connecticut; Maine supplies the largest amount of potatoes; Vermont supplies one-third of the granite of our country; 41 percent of the jewelry is made in Massachusetts and furniture is made in New England and in large volume.

New England, he added, is the most expensively developed sports area east of the Rockies and it is a winter sports wonderland and a summer paradise.

The average farmhouse in the U. S. is 50 years old or more.

Dance Program Is Given at Meeting

The January meeting of the Newton Junior Community Club was held Monday evening at the Newton Y.M.C.A.

Genevieve School of Dance presented a program featuring the progress of dancing from primitive man up to the modern times. Pupils from the school participated with Mrs. James Cullitan playing the piano. Esther McMullen, a teacher at the school, acted as narrator. Mrs. Richard Brown, a club member and also a teacher at Genevieve's school, presented a skit showing modern ball room dancing, with the help of Mrs. Alvie Jorgensen and Mrs. George Haines.

During the business meeting Mrs. James Campbell announced the starting date of rehearsals for the one act play the club will present in March. The members of the cast and the stage helpers include Mrs. Robert Daniels, Mrs. Harold Goud, Mrs. Alvie Jorgensen, Miss Doris MacDonald, Mrs. Leon Ober, Mrs. Edmund Ogden, Mrs. Ronald Morse, and Mrs. Edward Williams.

The next meeting of the club will be a pot luck supper, with a white elephant sale. The proceeds will go toward putting on a Valentine party for the crippled children at the Peabody Home.

The Good Life

For the first time since the American revolution, with the exception of the War between the States, the people of our country are faced with a stark test of faith. The conflict with world communism now is not to save the world for democracy, but to repel an enemy who is determined to destroy in our own land the Christian ideal of human dignity and individual liberty and the political system which upholds that ideal. Our faith and our strength is this ideal.

As a nation, we came through World War II with little discomfort. Living standards have risen to record levels. So has the public debt which is exacting its toll in depreciating money. However, it is evident that devalued dollars have not yet cramped our style. Last year, according to the Commerce Department, U. S. citizens spent a staggering \$178,832,000,000. The fabulous "American way" is well illustrated in a current joke which defines a pedestrian as a motorist who has found a place to park his car. The list of American "haves" could go on indefinitely. Already there are 8,000,000 television sets in our homes, homes which are equipped with tens of millions of deep freezers, refrigerators, electric stoves, radios, washing machines, ad infinitum.

In retrospect, after nearly two centuries of freedom and the boundless progress that only freedom could have achieved, it would be a wonder if we were not confused when suddenly confronted with the prospect of a fight for actual survival. But the time when we can afford confusion has nearly run out. These words of Lenin, uttered thirty years ago, ring with new significance: "As long as capitalism and socialism remain we cannot live in peace. In the end, one or the other will triumph—a funeral requiem will be sung either over the Soviet Republic or over world capitalism. . . . We have to use any ruse, dodges, tricks, cunning, unlawful methods, concealment and veiling of the truth."

This is a ruthless concept, backed by vast military force, which is confronting America and the world. To meet it we will need more than arms and men. We will have to lay our sights on primary objectives and keep them there. We must forget the adolescent notion that material security is an unqualified "right." The "rights" embodied in the American ideal are few and elemental. They include equality of opportunity, freedom of speech and religion, and the protection of private property. They are the tools with which the individual may achieve "life, liberty, and pursuit of happiness."

In a word, it is time we again understood what this country really stands for. John Dos Passos, the distinguished American author, has said, "this country was not founded to furnish glamorous offices for politicians, or to produce goods and services, or handouts of easy money. This country was founded to make men free." In the wealth of material comfort we have enjoyed so long, we have tended to forget that truth. Now we must return to the simple fundamental—"This country was founded to make men free."

We face a two-faced task. We must fight with all we have against our enemies outside. And, while we are undergoing all the sacrifices and trials that may involve, we must keep our people free. One of the greatest dangers is that we may grant so much unlimited authority to the government that the system of checks and balances which stands between us and tyranny will be permanently destroyed. The problem of economic controls is a perfect example here. They should be imposed only if they are clearly necessary to implement the war effort. Otherwise, we will have control for control's sake—which is the essence of dictatorship. Then our capacity will be crippled and, far more important, we will no longer be a free people—we will have lost the battle.

We Americans have come to a climactic phase in the history of the good life. It is our duty to hold together for future generations the framework of freedom which made that good life possible.

Current Comment

Democrats All Present at First Session . . .
No Harmony in Present State Senate . . .

Democratic leaders in the House of Representatives made quite a drive last week to see that all their party's members in that body showed up on the first day of the session.

One legislator, who had broken his ribs, was brought over the road from Worcester, and others were importuned not to make any

engagements or commitments which would keep them away from the State House when a Speaker was being elected.

The idea, of course, was that if by any chance a dozen Democratic Representatives should be missing for one reason or another and the Republicans showed up, it would have resulted in the election of a G.O.P. Speaker.

That wouldn't be likely to happen, of course, but it was still within the realm of possibility, and Speaker O'Neill and his lieutenants were taking no chances. They made certain there were no absentees at all.

It's possible that all 124 Democratic Representatives will be present at one time again during this legislative session, but it isn't probable, and if you watch the roll calls later in the year, even when highly important matters are being acted upon, you will find few, if any, occasions when there aren't some absentees.

As a matter of fact, if the Republicans could depend upon a perfect attendance throughout the year, they probably would outnumber the Democrats most of the time. But the fact is that the rate of absenteeism is just about as high among the Republicans as among the Democrats.

One of the reasons the Democratic leadership in the House is none too anxious to fill two Republican vacancies caused in the body by death since the election is that there may well be times when the 11-vote superiority may be whittled down to one or two votes or no votes at all.

Governor Dever, who faces a tough job as he seeks to get the money needed to finance an expensive civilian defense program, not only has to worry about a Republican Senate during the year, but also whether his own party colleagues in the Democratic House will be on hand when they are needed.

Political Harmony Missing in Senate

If it's political harmony you're looking for, stay away from the State Senate because that august body can't boast of much at the moment. What's going to happen when some measure goes to a vote on party lines is anyone's guess because neither political party can point to a united front at the present time.

Republican Senator Newland Holmes of Weymouth, senior member of the upper chamber in length of service, all but walked off the reservation when he was passed over either for G.O.P. floor leader or one of the latter's two assistants.

On the Democratic side, Senator Michael A. Flanagan of Lawrence was incensed when the right to serve as his party's leader in the Senate was snatched away from him after he seemingly had it within his grasp.

Governor Dever, who was responsible for the election of his Boston campaign manager, Senator John E. Powers of South Boston, as the minority leader in the higher chamber, probably will be able to smooth over the ruffled feelings on Flanagan, but it remains to be seen whether Senate President Richard I. Furbush will have the same success with Holmes.

From where this onlooker sits, it doesn't appear that either Flanagan or Holmes has a really legitimate complaint unless you believe that a man's position in a public body such as the Senate should be determined by his length of service rather than his own ability.

There's no secret as to why Dever intervened to swing the votes that made Powers the floor leader in the Senate and by-passed Flanagan. It wasn't simply because Powers has been one of the Governor's top lieutenants in two campaigns. It was because Powers will be a better floor leader than Flanagan, will be more active, energetic and work harder and is much more likely to do a successful job in getting the Governor's bills through that chamber.

And Furbush presumably selected Senator Charles J. Innes of the Back Bay rather than Holmes as his floor leader for much the same reason. In resigning from the chairmanship of one Senate committee and from membership on four others, Holmes merely strengthens the opinion that Furbush was right in the first place.

After confessing to several robberies, Robert L. Rounsley of Denver told police he had learned all about crime by taking courses in criminology and observing laboratory work at police headquarters.

Seeking a divorce in Portland, Ore., Mrs. Hattie D. White complained that her husband not only saw ghosts but kept her awake at night talking to them.

Mrs. Mae W. Butler charged in a divorce suit in Memphis that her spouse blamed her for the mistakes of the national administration.

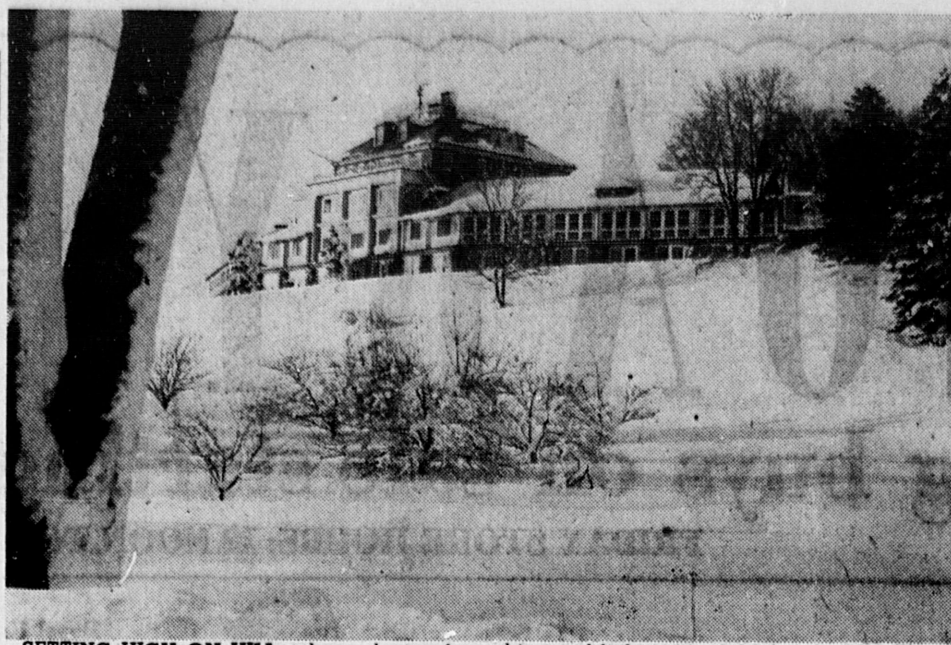

Mrs. Ada Vader, 63, was arrested in Muskegon, Mich., for knocking a policeman's cap off with a snowball. At her age the lady should have been given a medal for marksmanship.

Arrested in Toronto on a charge of carrying an offensive weapon, Kenneth Coughlin was freed after he explained to the court that he was a bill collector and that he simply carried the brass knuckles for use as a matter of self-defense.

Audrey Lee Williams of Oklahoma City told the assistant county attorney she did not wish to press the assault-with-intent-to-kill charge she had lodged against Oscar Junior Johnson because she intended to marry him as soon as he got out of jail.

The Fort Berthold Indian Agency's news bulletin in Elbowoods, N. Dak., reported that George Drags Wolf had changed his name to George Crow Flies High. We assume the item was listed under society notes.

Down in Santa Fe, N. M., Arthur Stein, of the community's chapter of Alcoholics Anonymous and executive director of the State Commission on Alcoholism, applied for a license to run a liquor store. Maybe he's going to do some research.

SETTING HIGH ON HILL, where plenty of sunshine and light is available, is the New England Peabody Home for Crippled Children. It is located in the Oak Hill district of Newton.

SOME OF THE happy youngsters are shown here enjoying a visit from Santa Claus who never forgets them.

Peabody Home For Crippled Children Doing Wonderful Work

By ERLIN HOGAN

The New England Peabody Home for Crippled Children, on Oak Hill in Newton Centre, provides a place where destitute crippled children may be cared for and taught to become self-supporting. Children from twelve and under come from all over this country, and a few foreign countries, to occupy the Home's ninety beds. When there is a vacancy, the staff, emphasizing parental neglect, selects the most needy case from a long waiting list.

The New England Peabody Home, once intended only for New Englanders, remains small purposely, so that the children may grow up in a family-like atmosphere. They have eleven police cases, besides infantile bone T.B., leg disease, and arthritis. A child's average stay is five years. No patient enters for less than two years; and one badly crippled girl stayed in the Home for eighteen years. The Newton school system provides for their daily bedside instruction, and part time volunteers also work with the children.

Because of a baby, the Peabody Home was founded. In 1894 Mrs. Harriet Peabody, who worked with Children's Aid, couldn't find a foster family for a little boy whose frozen feet had to be amputated. She resolved to open a home for such children. In the spring, with the

ing charter member of the Peabody Home, she held a lawn party, and used the proceeds of \$213 to incorporate the New England Peabody Home.

It occupied buildings in Weston and Hyde Park, before coming to Newton Centre in 1922. Mrs. Nellie S. Smith, the superintendent, who has been with the Home since 1914, was responsible for its present location. She was driving with a doctor to the home of a patient one day, when she saw what looked like a hen house on the top of a hill. Later, she spent a long time searching for that hill, because she thought it would make a wonderful location for a children's home. The hill had belonged to Henry J. Bigelow, an outstanding surgeon, whose house is now used for a nurses' home. The "hen house," now part of the Peabody Home, had been occupied, ten years before, by a group of artists who copied masterpieces for the schools. When she found the hill again, she discovered it was to be sold to the government for a veterans' hospital. The staff had agreed with Mrs. Smith that this would be an ideal location for the Home—a hill in the woods. She acted quickly and bought the land before the government could secure it.

Miss Helen Temple Cook, who owns Dana Hall, is the only liv-

ing charter member of the Peabody Home. Every Christmas, the girls from Dana Hall, bringing baskets of fruit, come to sing carols and play with the children. After their own Christmas party at Dana Hall, they send the gifts they received for the children's stockings.

The Peabody Home has a large playground in front, and special glass in some of its windows, which allows the bed patients to receive sunlight. The heliotherapy treatment of surgical tuberculosis was begun at the Home in 1913, and the outdoor school was first tried there. The children, who are always smiling and happy, are helped to develop creatively and to discover their talents.

The Peabody Home, because it is entirely a charitable institution, is almost unique in this country, as the cost of caring for, and treating, one orthopedic case for even one day is tremendous. The founders of the Home believed that such an institution would be provided for. Now, however, the cost of operating this type of hospital is perhaps greater than ever. A lot more money is needed to keep it functioning as it has in the past. The Home, though it has never been prosperous, is remarkable, in that it has existed for fifty-six years on donations, and, so far, has not had to hold a drive of any sort.

Do You Know Massachusetts?

(Compiled by State Planning Board)

DO YOU KNOW THAT . . . Of the 18 largest industrial centers in Massachusetts there are nine in which the number of factory employees in November stood 25% or more above the average of the pre-war years 1935-1939: Chicopee 114%, Waltham 59%, Lynn 53%, Fitchburg 46%, Worcester and Quincy each 30%, Boston 26% and Springfield 25%, as reported by Department of Labor and Industries. . . . The five centers showing the biggest increase over a year ago were Chicopee 32%, New Bedford 22%, Waltham 19%, Lawrence and Worcester each 18%. . . . Cotton textile mills in Massachusetts operated 877,000,000 spindle hours in November, 31% more than a year ago and the largest November since

1942, reported by U. S. Department of Commerce. . . . Massachusetts Federation of Taxpayers association reported that nine towns of the Commonwealth are now operating under the town manager form of government, in two others the plan will go into effect next spring and 20 more have committees studying the plan for presentation at the annual town meetings. Of the state's 39 cities, ten now have adopted Plan D or Plan E charters. . . . Division of Necessary of Life reports that food prices in Massachusetts were 8% and the entire cost of living 5.2% more than a year ago. . . . The Planning Board of the Town of Hanson has prepared a zoning by-law to be submitted to the voters at the next town meeting.

Over 300 Attend Traditional Boy Scout Xmas Camp Fire

Over the Holiday the traditional Norumbega Council Christmas Campfire was held in Legion Cabin at Nobscot Reservation. It was attended by over 300 Explorers, Boy Scouts, Cub Scouts, and their families and friends.

Scouts from Post 11 and Troop 11 got everybody in the mood for the evening by singing carols outside the cabin before the program began. Their efforts were rewarding and contagious, for when the festivities commenced with the singing of "O Come, All Ye Faithful" and then the other familiar carols, the hall became filled with the true Christmas atmosphere.

A special stunt was put on by the Explorers of Post 2, led by Arthur Lasoff and assisted by Robert Tuthill, Winslow Tisdell, Ronald Burke and Bobby Green. They did a hilarious skit entitled "The Thing," which in this case developed to be all baloney. Robert Forbes and William Harting

of Post 11 did a mind reading stunt, and Robert Thomason and James Fox of Post 4 performed some Indian pantomime.

Ralph Darian, Field Scout Executive, led the boys in a round of Scouting camping songs that delighted all of the parents present. It was the first time that many of them had heard these songs where and as they should be sung. A humorous aspect of the evening was provided by Robert Patrick, Assistant Scout Executive, who first amused us with his Santa Claus antics and then amazed us by his quick change into the garb of the caretaker of Rudolph and his friends.

The highlight, the most memorable part of the program was the candlelight ceremony conducted by E. Brittain Kennedy, former President of Norumbega Council and at present a member of the Executive Committee of Region One. He was assisted by over 25 Scouts who had attended the National Jamboree at Valley

Young Adult Group Meets Sunday

The Young Adult Group of the Newton Community Center is having their regular meeting Sunday afternoon at 2 p.m. Guest speaker will be Bob Clayton from Radio Station WHDH.

The meeting will be held in Odd Fellows Hall, Southgate Park, West Newton. Guests are welcome.

Photograph Was Taken By Bradford Bachrach

The photograph of Mrs. Ray Anderson Eusden, Jr. (Priscilla Ogden Plumb), which appeared in last week's issue of this paper on Page 10, was taken by Bradford Bachrach. The credit line was inadvertently omitted.

Forge. Speaking with just one candle as the sole light in the hall, he stressed the significance of the Light of Scouting as symbolized by the Twelfth Scout Law ("A Scout Is Reverent") and its particular importance at Christmas-time. At the close of his remarks he lighter a candle that had been used in a comparable ceremony at the Jamboree, and this light in turn was passed to all present to fire their candles.

With the Scouts holding their candles high, casting a warm glow midst peaceful surroundings, they repeated the Scout Oath and the Scout Law and dedicated themselves, in the words of Mr. Kennedy, "To carry the torch of religious freedom and the cause of Scouting, just as surely as that unknown Scout in the London fog was carrying his torch when, by his simple act of courtesy, he brought Scouting to America." Leigh Nisbet, Scout Executive, closed the ceremony with the Scoutmaster's Benediction.

The entire program was conducted by George Shannon, chairman of the Explorer Scouting Committee of Norumbega Council.

City of Blue Chip Industries

Bachrach Studios

Dating back to Civil War Days, one of the country's outstanding portrait photograph concerns has its headquarters in Newton.

The Bachrach Studios, with headquarters in the Old Stanley Steamer plant on the Charles River, was started in 1863 in Baltimore by the late David Bachrach, father of Louis Fabian Bachrach, the present head.

The elder Bachrach began his photographic career shortly after the beginning of the Civil War. One of the highlights of this part of his life was the photographing of Abraham Lincoln at the dedication of Gettysburg Cemetery.

Early in this century Louis Fabian Bachrach decided to start out for himself, and in 1904 he opened his first New England studio in Worcester. In 1911 the studio in Boston was added, and from then on the business expanded rapidly.

At the present time there are Bachrach studios in Chicago, Washington, Philadelphia, East Orange, N. J., New York, Hartford and Providence, as well as in Boston and Baltimore. The offices and finishing laboratory where the work for all the studios is done are in Newton.

Mr. Bachrach believes that men's photography requires different techniques from that of women, consequently in each city where he is represented he maintains separate studios under the general direction of his two sons. Fabian Bachrach supervises the work with men and Bradford Bachrach the work with women. These young men represent the third generation in this famous family of portrait photographers.

Quality is the basis of the Bachrach business, and photographic quality in particular requires expert technical knowledge as well as long experience, officials assert. "Most of the Bachrach personnel fulfill these requirements admirably since they have been associated with the business for 15, 20, 25 years and more. Among those holding long service records are Edward E. Hickey, our Treasurer, Robert C. Finlay, Sales Manager, Augustus I. Haffer, Director of our Finishing Laboratory, Clifford A. Ohnemus, Purchasing Agent, Priscilla Gough, Advertising and Public Relations."

Newton Men Are Named Officers in Boston Bank

Raymond N. Olsen, of 8 Bonwood street, Newtonville, and David H. Morrill, of 38 Aberdeen street, Newton Highlands, have been named vice-presidents of the National Shawmut Bank according to an announcement by Walter S. Bucklin, president.

Mr. Olsen received an AB degree at Dartmouth and an MBA from the Harvard Graduate School of Business Administration.

Before joining the Shawmut bank, in 1941, Mr. Olsen was employed in the merchandising department of Wm. Filene's and Son's and in the statistical and editorial department of Poor's Publishing Company. He was born in Salem, Mass., is married and has a son, William.

Mr. Morrill joined the Shawmut bank in 1923 and is now assistant manager in the Foreign Department. He spent a year and a half at the Federal Reserve Bank of Boston prior to joining Shawmut and also was connected with several banks in Los Angeles before coming East.

He is a member of the Lakeview Tennis Club, Longwood Covered Courts and the Waban Neighborhood Club. Born in Oak Park, Illinois, Mr. Morrill is married and has daughter, Marjorie.

Acquaintance Tea To Be Held Sunday

Final arrangements for the annual Acquaintance Tea of the Guild of St. Francis of Newton Centre this Sunday afternoon at the parochial school hall were completed at morning coffee at the home of the chairman, Mrs. Andrew F. Lane.

Mrs. Thomas F. Donnelly is co-chairman and the members of the committee are Mrs. Arthur Bell, Mrs. William Bradford, Mrs. John W. Blakeney, Mrs. Justin Connor, Mrs. John Horgan, Mrs. Edward Miller, Mrs. J. Harold McDonald, Mrs. Charles O. McMinn, Mrs. Edward Montana, Mrs. John H. Lee, Mrs. John F. Shea, Mrs. Frank Taft, and Mrs. Ralph Stuart.

The founders, past presidents and vice-presidents will be honored in the reception line, and active members of the Guild will act as hostesses, ushers and pourers.

WCRB to Start Big Giveaway Series

WCRB-1330 next Monday will start the biggest cash giveaway series in its history—the biggest cash giveaway of any station in Greater Boston. Each day WCRB will offer a total of \$500 in cash! Ten times daily the station will announce lucky social security numbers, and \$50 in cash will be paid to the holder of a social security card duplicating any of these numbers.

There are no phone calls to answer, no letters to write, nothing to buy. It is purely and simply a matter of matching a social security number to the number announced by WCRB—within 24 hours of the time it is broadcast.

With the new giveaway series in progress, WCRB has brought its famous radio-game, Win-It, to a close. During the past nine months, Win-It listeners have been awarded a total of \$16,000.00 in prizes. Last week's Newton winners were Miss Edith Sustillo of 399 Langley road, Newton Centre, and Mrs. Harry Nordstrom, 24 Derby street, West Newton. Each received \$50 in prizes.

with the United-Carr Fastener Corporation; a town meeting member in Wellesley; former area chairman of the Community Fund, and has been active in Red Cross and Boy Scouts, and at present is very active in the affairs of the Wellesley Congregational Church.

At the meeting President Perry stated that the bank's dividend rate was voted at 2 percent as of January 10 and that at the end of 1950, deposits totaled \$33,264,436; mortgage loans totaled \$16,803,865 and that the total assets of the bank were \$37,811,636.

Treasurer Louis reported that during 1950 the Newton Savings Bank in Newton, Needham and Wellesley opened 5,100 new savings accounts; increased total deposits by \$921,566.79; sold \$1,525,150 of Savings Bank Life Insurance; insured 1,641 people; helped 1,312 families to home ownership; loaned \$9,084,163 for building or home buying, and paid out to depositors \$623,067.45 in dividends.

Among the bankers present at the dinner were, from Newton: Edward B. Gray, president of the Auburndale Cooperative Bank; Allard M. Valentine, treasurer, Auburndale Cooperative Bank; William H. Rice, president, Newton Centre Savings Bank; William H. Wragg, treasurer, Newton Centre Savings Bank; Warren W. Oliver, treasurer, Newton Cooperative Bank; Walter A. Hood, assistant treasurer, Newton Cooperative Bank; George W. Sweet, president, Newton National Bank; William J. Payne, executive vice-president, Newton National Bank; James Willing, president, Newton South Cooperative Bank; George W. McIntosh, treasurer, Newton South Cooperative Bank; William M. Cahill, vice-president and treasurer, Newton-Waltham Bank and Trust Company; Alfred E. Thayer, treasurer, West Newton Cooperative Bank; Francis C. Chase, assistant treasurer, West Newton Cooperative Bank; Roland F. Gammons, president, West Newton Savings Bank; and Kenneth W. Rogers, vice-president and treasurer, West Newton Savings Bank.

From Needham: Amos H. Shepherdson, treasurer, Needham Cooperative Bank; Vernal E. Kezer, cashier, Needham National Bank; Leslie H. Wicken, manager, Needham office, Norfolk County Trust Company.

From Wellesley: T. Raymond Pierce, president, Wellesley Cooperative Bank; Howard W. Wellwood Jr., treasurer, Wellesley Cooperative Bank; Alfred T. Purinton, treasurer, Wellesley Trust Company; William W. White, president, Wellesley National Bank; and Alf Severson, vice-president and cashier, Wellesley National Bank.

Demonstration Of Painting In Oils Is Presented

The January 4 meeting of the Newton Art Association was opened with a demonstration painting in oils by Mr. James K. Bonnar, President of the Business Men's Art Association, and former President of the Newton Art Association.

Painting to a large and intent gallery, Mr. Bonnar used the brush with the delicate touch of an etchist. His marine, presented from memory, had a sense of completeness from the start and emerged in its final stage with surprising speed. Nationally known, and member of the North Shore and Rockport Art Associations, Mr. Bonnar is one of New England's leading artists.

Among those present were Mr. Lew Alley, well-known Amateur Photographer, E. E. Whiting, Mr. and Mrs. Elmer Davis, and new members, Mrs. Lawrence Chapman, Mrs. William Suttell and Dr. and Mrs. J. C. Janney.

A one-man exhibition by Mr. Sherwood B. Blodgett, President of the Newton Art Association, will be shown at the Brick Store Museum from February 4 to 21 at Kennebunk, Maine.

Many other Newton Art Association members are exhibiting in local exhibitions including the Copley Society of Boston during the month of January and the Independent Artists group at the Museum of Fine Arts from January 9 to 28.

The next meeting of the Association will be held in the Waban Library Hall at Waban Center, Thursday, January 18, at 7:45 with Mr. Rosenthal, Sculptor, as Demonstrator.

Date It Up

To avoid conflicting dates, organizations, churches, clubs, etc. are invited to check and list the dates and hours of meetings, functions, etc. with the Newton Community Council for publication in this space without charge.

Friday, January 12

- 9:30-3:30 p.m. Bigelow-Underwood Thrift Shop, Underwood School

Winner of Radio Contest to Be Story Time Guest

The winner of radio station WCRB's Story Time contest, Robert Webber, 10, son of Mr. and Mrs. Thomas R. Webber, 1128 Chestnut street, Newton Upper Falls, will be a guest on the Story Time program this coming Saturday at 9:30 a.m. In order to enter the contest, children had to write a letter to Miss Elaine Reed of Newton, the story-teller, and tell what they liked best about Christmas. Miss Reed will announce the six Honorable Mention winners on the program this Saturday and they will be her guests on the following week.

Other guests on this week's program—at 1330 on your radio dial—include Sally May, 7; Nancy Lee, 5; and Steven Mark Sholkin, 3, children of Mr. and Mrs. Murray Sholkin, 12 Evelyn road, Waban, and Pamela Sue, 6, and Donna Faith Lasoff, 3, daughters

John McIntyre, 1 Nottingham street, Newton, has been advanced from the rank of apprentice to that of guildsman in the Writer's Workshop at Boston College, according to an announcement by Weston Jenks, director. The workshop is designed to give aspiring writers practical assistance in learning the literary craft. The rank of guildsman is given only to members whose literary work has been approved by the director and fellow-members of the organization. McIntyre, a junior at the college, won his promotion for demonstrated ability as a playwright.

Jungle Descendants
New Delhi (SF)—Domestic breeds of chicken descended from the jungle fowl of India.

SEN. SUMNER C. WHITTIER of Everett, will be the speaker at the West Newton Men's Club meeting January 18, which will be held at the West Newton Unitarian Church with a dinner beginning at 6:30 p.m. Recently appointed to the State Commission to study Communism, he will report on the situation on Beacon Hill under the title "Thirty-nine men and One Woman."

Hear Address By Noted Author

Thomas Sugrue, whose new book, "Watch for the Morning,"

The Story of Palestine's Pioneers and Their Battle for the Birth of Israel, was published this past autumn, was the guest speaker yesterday (Wednesday) at Temple Emanuel, Ward Street, Newton Centre.

Mr. Sugrue has been a writer, reporter and critic for almost twenty years. — a poet since he was ten. He was a reporter and book reviewer for the New York Herald-Tribune for a period of three years.

Although confined to a wheelchair, due to an illness of neuritis-arthrititis, his activities were by no means restricted. In 1945 he went to Israel for six months. The trip was inspired by his desire to learn at first hand the spiritual and political implications for the achievements of the Israel nation, and to hear the story of the men who had fought the battle—the story told in "Watch for the Morning." That he made this trip in spite of his crippling arthritis, is testimony both to his own courage and to his own faith in the cause of Zionism.

Although himself a Catholic, Mr. Sugrue has long been interested in Jewish homeland, and currently serves on the American Christian Palestine Committee.

The meeting was preceded by coffee hour at 12:45 p.m. Mrs. Sidney Yoffe and Mrs. Maxwell Cohen, Newton's Youth Aliyah Chairman, Dr. Gordon of Temple Emmanuel introduced Mr. Sugrue.

Dr. Wolff to Discuss Drug Value

Dr. Louis Wolff, a Boston cardiologist, will discuss "Drugs of Value in Heart Disease" Thursday, January 18, at 8:30 p.m. at Newton-Wellesley Hospital.

His presentation is part of a series of monthly lectures sponsored for local physicians by the Newton Health Department's Heart Demonstration Program.

Dr. Wolff is Visiting Physician, Consultant in Cardiology, and Chief of the Electrocardiographic Laboratory at Beth Israel Hospital and Associate in Medicine at Harvard Medical School.

The meeting will be held in Usen Auditorium.

Birth Announcement

To Mr. and Mrs. William H. Alfredson (Nancy Rhodes), of Wellesley Hills, a first child, Margie Louise, January 5, at the Newton-Wellesley Hospital. Grandparents are Mr. and Mrs. Winthrop G. Rhodes of Waban, and Mrs. Carl Alfredson of Newton Centre.

NEWTON SEEKS FIRST WIN SATURDAY

Has Good Chance to Exit Cellar Position in Game With Stoneham at Arena

Still looking for their first victory of the season, Newton may have a good chance against Stoneham Saturday. If the Tigers play as well as they did against Melrose they could win this one. Stoneham last week upset Belmont and they now have a record of one win and three losses. Newton and Medford are tied for last place with one tie and three losses.

Putting up a good scrap and showing vast improvement with a new devised defensive tactic, the Tiger ice men lost 5-2 to defending N. E. champions, Melrose, last week Coach Hall's set-back had Melrose troubled for two periods when a surprise defense plus the wonderful net work of goalie Danny Coffey held the high-scoring Red Raiders to just 4 goals as Doug Manchester tallied one for the home team in the first canto.

Melrose got away fast when all New England ace Bob Marsolais banged a goal at the 24 second mark assisted by winger Andy Cicoria. They reversed the procedure quickly at 2:23 but after that Coffey was practically impenetrable. In overall, Danny had 22 saves out of 29 shots at the goal. That was a remarkable performance.

Manchester made the game close at 6:44 of the opening period when he shot the longest goal of the season in that League, a blasting drive from the blue-line. The period ended 2-1.

Too Much Height Ruins Our Lady's High Five

As the GRAPHIC went to press (Wednesday) Our Lady's in the Catholic League Division 2 was meeting cellar-dwellers Cathedral at home and O.L. was to be the overwhelming favorite. O.L. opened with a 54-26 win over Columbiella and then lost 80-65 to Matignon's classy all-veteran hoopers, were what they were supposed to be—champion calibre—as they swished 80 points against a strong Our Lady's 65 score in O. L.'s second Catholic League Division 2 game last Friday night.

In what looked like a battle of top-notch college fives, Matignon had more height, and had the better eyes. Although O. L. outscored their opponents in the second half, it was the terrific first half 48 points that upset them. Led by sure All-Scholastic 6-2 Tom Cullimaine (20 points) Matignon broke into an early headway and held a comfortable 14-point lead throughout most of the game. O. L. never had a chance after getting away to such a poor start.

Capt. Dick Butler, Jim Murphy (25 points) and Billy Bertrand looked great on the offensive and the team's 65 points was enough to beat any team in the league. But Matignon had more basket-

whizzers that night in Cullimaine, Jim Hayes 6-4, John Doherty 6-5, and Charlie Shea 5-8.

Foul Stuff
Butler was taken out late in the third period on fouls but Matignon was so far ahead that even if he remained in, O. L. couldn't have won this one. Matignon had a real hot night, but so did O. L. Jim Murphy was the best man on the floor, the plucky guard has a sweetheart of a jump shot in the bucket. Cullimaine is all the all-star he's rated as being but he's certainly no one-man team. He has a beautiful hook shot and tricky dribble. Long Kev Thomas in his second big game of his career looked improved and his 12 points were encouraging. The 6'8" giant helped on the rebounds and his baskets were of the variety, right-underneath and easy pops.

Stars of the Week

BOB GRAHAM
Our Lady's Hockey

DOUG MANCHESTER
Newton High Hockey

It was Graham's solo penalty shot which gave O.L. its very important 1-0 victory over Lawrence Central. Manchester showed Melrose that Newton had a scoring threat of its own. Even though Melrose won last week 5-3, Doug turned in a great performance.

Newton High Basketball Wins Close One By 37-35 Over Rindge Tech

With two minutes remaining in a breathtaking battle against Rindge Tech (in the opening Suburban League contest) Newton "froze the ball" with a three point lead to eke out a 37-35 victory. Little plucky guard Don Magaw came through for the Reggie Smiths with two important baskets in the dying moments of the game. Trailing 30-34 with three minutes left, Magaw fired a rally of 7 consecutive points by throwing in a set shot from the side. After Scotty Price sank a foul and Freddie Dauten put Newton ahead on one of his favorite arch shots, Magaw iced the tussle with a one-hander from the bucket for a 37-34 lead. They hung on to their lead even though Rindge had a golden opportunity to even up matters when Kreider and Fitzpatrick

Our Lady's Basketball Gallagher Five Scores Easy Win In Opener

Having an easy time in its opening Catholic League basketball game against weak St. Columbiella, Our Lady's used a total of 18 players in spanking the Brighton outfit 54-26 last week. After an early 10-10 tie in the second canto, the Gallagher's paced by Capt. Dick Butler (17) and veteran Jim Murphy (13) had a runaway. O.L. held Columbiella to 14 points in the last half.

Rangy 6'8" Kevin Thomas started at center but his inexperience showed in his only being able to basket a lone two-pointer. However, on backboards, Thomas did help.

Newton Trowned 49-36 By Tall Watertown High

When a basketball team goes scoreless for over nine minutes it doesn't deserve to win a ballgame!

Newton did just that last week against rival Watertown and dropped its first Suburban League game 49-36. The Reggie Smiths leading 23-22 at the half just couldn't tally a point for the whole third period (8 minutes and a minute of the fourth stanza, while the Townies paced by big Art Marcantonio scored 17 points. Newton made an interesting last ditch fight but it was all in vain, all too late.

League Leaders, Our Lady's, In Position To Add More Wins

As the GRAPHIC went to press (Wednesday night) Catholic League leaders, undefeated but onced Our Lady's faced-off with third place St. Clements. Clements wasn't expected to give O. L. much trouble in the fourth round, although they did manage to upset a supposedly tough Columbus sextet 5-2 last week.

After their dynamic 1-0 victory over Lawrence Central last week to take the League lead (since Malden Catholic was tied 3-3 by St. Mary's) Our Lady's should have little worries about defeating faltering Christopher Columbus (next Wednesday night, Jan. 17). Columbus paced only by Don Sheehy and in last place with 0-3 mark lost to Central 2-0 in their opener, then followed with a 2-1 loss to Malden Catholic and its 5-2 drubbing by Clements. Columbus was a slight pre-season underdog to take the title but early battles against two tough opponents must have upset them. O.L. after its 4-4 tie with Malden, battled St. Mary's 6-1 and last week won a toughy against Central.

O. L. Ekkes By 1-0
Second line center Bob Graham gave Our Lady's its League leadership last week with a solo penalty shot which skipped into the net for a first period goal and the only score of a 1-0 important victory over dangerous Lawrence Central. Graham tripped from behind at 3:47 of the first stanza took the first such penalty shot of the year and made good. From then on, O. L. dashed all of Central's attacks and thanks to the great playing of goalie Billy Lawn (who had his best night and first shutout) they managed to hang on in a last period onrush and skate off the victors.

A miniature brawl took place as the bell sounded for the end of the game. Pettie who had it in for the roughhouse tactics of scrappy center Hal Salvage tore into him as Hal was going into the nets on a last ditch attempt for a goal, and that started flies flying. John McKinnon and Don Murphy also got their licks in before the refs and Coach Barry broke it up.

"Crunchy" Cronin who had an off-night nevertheless put on a spectacular last stanza bid for a solo goal but slipped and skidded on the ice sliding into the side of the net. What seemed like a major accident later turned out to be a slight bruise and he returned to the game to help stem the Central attack. Lawn had a terrific night making close to 18 saves.

Ice Pickings
Barry said no skater should miff the golden chance of a penalty shot, since goalies aren't ahead of the skaters, and when Graham did come through he admitted the pose and ability of the Junior center. . . Again Pet-

On The Sports Scene

By RODD EXELBERT

IT ONLY TAKES ONE—When ace winger "Crunchy" Cronin scored the tie-making 4th goal in the last five seconds of the opening Malden Catholic game, he did it on his one and only shot at the net. . . Norma Simmons (NHS '46) daughter of Frank Simmons, director of phys-ed at Newton public schools was named reserve center forward on the U. S. Field Hockey All Star Team. She's a senior at B. U. Sargent College. . . O. L. has a hoop center, Senior Kevin Thomas who stands 6 feet 8 inches. Here's a boy who should be a catch at some University if Coach Charlie Gallagher can teach him the fundamentals, and he can get by. Key was manager last year and this is his first season. . . Jim Broshnahan should pace St. Sebastian in basketball and the Kelley Bros. to do likewise over at Sacred Heart. . . Matignon will be the team to beat in the Catholic League race.

(Doodoo) Shannon with 72 points was Newton's highest grid scorer since 1920 and he could have reached the 100s if he kicked extra points. . . Bobby Barry at O. L. would have an even better hockey club if Jim Maloney and Dick Levert were eligible. . . In Freddie Dauten, talented Junior athlete, Newton High has the best all-around three sports man (basketball, football and baseball) since the days of Warren Huston.

A GREAT DEBUT . . . that was the night Bernie Burke (ex-BC goalie Captain) now assistant ice coach at BC, took over the reins for an ailing "Snooks" Kelley and mastered his club to a 4-2 win over Northeastern. . . Reggie Smith still has a fast moving hoop club at NHS which can still be prominent in the Suburban League race regardless of its poor showing against Watertown. Smallmen Kreider and Magaw have plenty of savvy and bounce, Dauten is the usual arch-shooting point getter, Higgins can handle that back-board and Price and Bailey have clever shots and for-board height and ability to make up a winning combine. . . Garrity (BU) and Mulhern (BC) are giving local hockey fans a yell for their money. . . Johnny Dutton NHS grid lineman, is planning on going to Columbia. . . Without height, we predict that Waltham will not make the Tourney this year.

DESERVING PRAISE . . . goes to little St. Mary's (Lynn) which turned in a terrific upset by getting a goal in the last 50 seconds of their recent ice game against powerful Malden Catholic. As they skated off the ice you would have thought they won the game instead of tying 3-3. To Our Lady's it was like a victory for it boosted the Barry club to undisputed spot in first place. . . The NHS JV's look sharp and the boy we like for the "future" is sophomore 6-2 Roy VanSteenbergen. . . Now that Mike Holovak is grid coach at BC, look for O.L. players, Tom Cuddy, "Crunchy" Cronin and possibly George Pettie to consider. They all would like each other. . . Congrats to Eddie McAuliffe and Jack Sullivan for getting their coached Ferrets off to a good start in the National Basketball League. . . Arlington beat Brookline last week 34-32 but five minutes later were told that the scorer made a mistake and the actual score was 32-32. But the teams couldn't continue the game because a dance was going on at the time. Confusion set in and the game will have to be replayed.

SMART MOVE . . . was when Coach Hall (NHS Hockey team) had his team play a defensive game against Melrose. Since his team didn't skate the entire week (unable to get ice practice games in) he figured the best way to play strong Melrose was to conserve strength and wait for the breaks while holding Melrose from rolling up a score. The strategy did work although Newton couldn't come up with a victory. However the team turned in a neat job. . . Marsolais and Kennefic are sweethearts to watch on that Melrose team, yet Doug Manchester still rates high as one of the best skaters and shooters in that League. . . Even though O.L. lost 65-80 to Matignon, Coach Charlie Gallagher and his boys had nothing to be ashamed of. They put up a gallant fight right down the wire and you never would have thought that Matignon had such a large margin. O.L.'s second half comeback was top-notch basketball. . .

This Week . . . In Sports

Thurs. Jan. 11:
Track—Malden at Newton. (Newton should win its second meet of the season).
Fri. Jan. 12:
Basketball—Waltham at Newton (7:30 p.m.). This should be a sell-out. Newton could gain much by copying this one.
Our Lady's at Columbus (8 p.m.). O. L. shouldn't have too much by copying this one.
Sat. Jan. 13:
Hockey—Newton plays Stoneham (Arena 1 p.m.). Newton could take its first game of the year.
Tues. Jan. 16:
Basketball—Newton visits Cambridge Latin and here's another toss-up.
Our Lady's visits St. Mary's (W) and it should be close al-

though O. L. will be favored.
Wed. Jan. 17:
Hockey—Our Lady's vs. Columbiella and O. L. should keep on the winning road. (Arena 7 p.m.)

MARCH OF DIMES

WHAT YOUR DIMES BUY

MARCH OF DIMES POLIO CARE AND COST...

		ELECTRON MICROSCOPE 150,000 DIMES
		RESPIRATOR 15,000 DIMES
		PROFESSIONAL FELLOWSHIP 45,000 DIMES
		HOT PACK MACHINE 3,000 DIMES
		PHYSICAL THERAPY TREATMENT PER DAY 150 DIMES
		ULTRA CENTRIFUGE 100,000 DIMES
		WHIRLPOOL BATH 40,000 DIMES
		COST OF HOSPITAL SERVICE FOR ONE DAY 143 DIMES

The eight items above—needed in polio care and its improvement—give an idea of the vast cost defrayed by the March of Dimes in fighting infantile paralysis. March of Dimes funds, by the millions, have been expended for patient care, research and professional education. YOU CAN HELP make sure the battle against polio continues until the disease is conquered, by joining the 1951 March of Dimes now.

Can you afford to give a dime . . . or can you afford not to?

Polio and its dread consequences are the ever-present threats that shadow the well-being of each and every one of us. No one is too young . . . or too old to be a victim of polio. Your dime will go a long way toward helping to ease the financial burden of stricken families . . . help give proper treatment to all who need it. Your dime can help lift the dark shadow of polio. Next week the Graphic will publish detailed information on the modern care and prevention of polio.

GIVE TO THE MARCH OF DIMES . . . GIVE THAT OTHERS MAY WALK

To Hold Varied Musical Program to Be Held Tomorrow

A varied program of concert, opera and musical comedy selections by Dana Lordy, piano; Murielle Halle, soprano; and Charles Henderson, baritone will be presented at the monthly meeting of the Newton Centre Women's Club tomorrow (Friday).

Miss Adelaide B. Ball, 12th District Director; residents of the Stone Institute and the Baptist Home of Massachusetts will be guests. Hostesses at the Coffee and Social Hour will be Mrs. Lewis H. Gifford and Mrs. George J. Pfannenstiel.

New members joining the Club this month are: Miss Florence Dowling, Mrs. Arthur Carter, Mrs. Lester Menkes, Miss Ethel Reyfeus, Mrs. Walter Peterson, Mrs. Peter Turchon, Mrs. Howard LeSeur and Mrs. C. N. Waterhouse.

Old Photography To be Subject of Talk at Meeting

Mrs. Henry S. Cross will be hostess for the Newell Club at her home, 60 Old Colony road, Wellesley Hills, Monday.

Following the business meeting a very enjoyable program is planned with Miss Priscilla Gough of Bachrach's discussing the "Romance of Old Photography." She will use illustrative material from Daguerreotypes, tintypes and other old-time photographs from members' collections.

Tea will be served by Mrs. Cross aided by Mrs. Donald L. Gibbs, Mrs. Harold E. Magnuson and Mrs. Edward A. Green.

Radio Talk to be On "Building A New Land"

"Building A New Land" will be the subject of Dr. Albert I. Gordon's talk over Radio Station WEEI this Saturday evening, January 13, at 7:15 p.m.

West Newton W.C.T.U.

The West Newton W.C.T.U. will hold its regular meeting Monday evening at the home of the president, Mrs. May L. Sweet, 62 Austin street, Newtonville.

The assistant hostess will be Miss Edna M. Cobb.

Building Material Shortage Possible

Anyone in Newton desiring to build or modernize a home or other building is advised to start work at an early date, according to Roy S. Edwards, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers' Association.

"There are three reasons for getting an early start," Mr. Edwards said. "In the first place, there is no reason to believe that materials prices or building costs will decline to any important extent in the months ahead. In fact, some increases are likely. Secondly, some essential building materials, notably those containing strategic metals, such as steel, copper and aluminum, are certain to be less plentiful from now on, owing to the large quantities being set aside for the rearmaments program.

"Other materials probably will be in full supply, but some metal is required in building even the most modest new home.

"In the third place, there always is the possibility that defense officials in Washington will decide to restrict construction of houses still further as a means of conserving materials for defense production. Should that happen, some local families who have good cause to build may face delays in obtaining the necessary approvals and in obtaining all of the required materials.

"Furthermore, there always is the possibility that mortgage credit restriction will be tightened by the Federal government, in which case some families might find difficulty in meeting the higher downpayment requirements.

"Limitations on the use of copper and aluminum for construction and other civilian use already are in effect and the amount of steel for non-defense use also has been reduced, so that supplies of building materials containing these metals will be curtailed at an early date."

Dr. John B. May to Give Lecture

Dr. John B. May will give an illustrated lecture entitled "Down the River to Perce" at the meeting of the Social Science Club of Newton to be held next Wednesday at the Hunnewell Club.

The hostesses will be Mrs. Donald V. Baker and Mrs. J. LeRoy Conel.

HOSPITAL VOLUNTEERS CONTRIBUTE 18,000 HOURS—Pictured above at the annual Christmas party held at Allen-Riddle Hall, are many of the volunteers at Newton-Wellesley Hospital who have rolled up the impressive record of 18,000 hours of volunteer work during the current year. Reading from left to right, front row, Miss Teresa Federico, nurse's aide; Mrs. Olive B. Cutting, nurse's aide; Martha Norcross, Junior Red Cross; Mrs. C. E. H. Palmer, Gray Lady; Miss Alice Brady, reader to children; Mrs. Morris Rogolsky, Gray Lady; the Misses Carolyn and Marilyn Holmes, ward helpers. Second row, Mrs. Austin Secor, nurse's aide; Miss Marie Kahew, ward helper; Mrs. Ralph Chisholm, Gray Lady; Mrs. Elvyra K. Menzer, chairman, hospital Gray Ladies; Mrs. Harry D. Shain, Gray Lady; Mrs. Stephen M. Crain, nurses aide; Mrs. Stephen Owens, Gray Lady; (two seated) Mrs. Theron B. Walker, member hospital Board of Governors and Nurse's Aide; Mrs. E. Stanley Hobbs, Jr., director of Volunteer Services; Mrs. Horace McDonnell, Gray Lady; Mrs. Earl Brackett, sewing group; Mrs. Fred H. Fowle, sewing group; Miss Hattie Linnell, sewing group; (seated) Miss Fannie Garrison, sewing group; Mrs. Theodore Strater, sewing group. Back row, Robert R. Walker, orderly; Miss Beverly Glein, occupational therapy; Jack Andelman, orderly; Mrs. Gardner Carpenter, central supply; Mrs. Albert Hall, central supply; Mrs. George Graves, ward helper; Mrs. James Monroe, ward helper; Mrs. Louise Leonard, sewing group; Mrs. Kenneth Warren, ward secretary and laboratory; Miss Nellie Linnell, sewing group; Mrs. Edwin Rogers, sewing group; Mrs. Frank Watson, sewing group; Dr. T. Stewart Hamilton, director of the hospital; Mrs. George Fernald, sewing group; Mrs. E. P. Coty, sewing group; Mrs. Chester W. Wilson.

Second Lecture Be Held Next Wednesday Night

Dr. Zev Nelson, spiritual leader of Temple Emeth, South Brookline, will speak on "The Talmud" in the second in the series of lectures and discussions on "Great Jewish Books," given at Temple Emanuel next Wednesday, at 8:00 p.m.

This course, one of six given in the School of Jewish Studies at Temple Emanuel, has already met with popular response.

Other courses offered during this semester are: "Living As a Jew Today," Dr. Albert I. Gordon, instructor; "Little Known Books of the Bible," Rabbi Harold Kastle, instructor; and three courses in Hebrew, Beginners, Intermediate and Advanced. Instructors for these courses are: Cantor Gabriel Hochberg, Mrs. Rosenberg and Mr. Carl Cohen.

Registration is open to the public.

Hospital Volunteers Render Many Valuable Services

Perhaps more than any other comparable community service agency, the Newton-Wellesley Hospital depends on the members of the two communities which it serves for support, help and guidance. Operating on a budget well in excess of a million and a quarter dollars a year, this Red Feather agency would be hard pressed to provide its present high scale of patient care were it not for the unselfish, enthusiastic and skilled assistance of its many volunteers.

The men and women of the hospital's professional staff, whose training, experience and personal backgrounds have especially fitted them for the variety of duties which each assumes at the hospital, readily acknowledge that there are many jobs at the hospital which must be filled by volunteers.

The most important single factor in hospital operating costs is the current high salary and wage level which hospitals must meet in order to maintain requisite service. No longer do we find that the hospital can attract a desirable type of person to its staff on the basis of job satisfaction alone. Private industry has forced our hospital to compete for valued workers on a materialistic basis. The old appeals of gaining satisfaction from helping one's fellow man sometimes dim the blight of the greater material attractions offered by private industry. So the hospital is caught in a two-way squeeze—it must pay more to keep those people who are vital to its existence or it must see them depart for better paying jobs elsewhere. The work-load at the hospital remains the same. At our own hospital it is even greater because of added facilities for caring for the ill. Fortunately the volunteer dovetails rather neatly into this picture.

Volunteer activity is not a new thing at the Newton-Wellesley Hospital. Since 1917, there has been an active corps of volunteer personnel working constantly to provide the kind of service which Newton and Wellesley have come to expect of their hospital. But only since 1943 has this program been on a systematic and organized basis.

One of the most active of the local volunteers has been Mrs. George Graves, who, since 1943, has contributed between three hundred and fifty and four hundred hours a year as a ward helper. Among the most valued workers has been Mr. Hugh Walker, who, during the past year has contributed over 2,000 hours to the hospital's Central Supply department. Another male volunteer has totaled 1,000 hours of work during the last two years. And Mr. Jack Andelman, a resident of Chestnut Hill, devotes every Saturday morning to orderly work at the hospital.

But the men are outnumbered in every way by the women volunteers. The girls and ladies of the two communities fill a wide variety of jobs at the hospital, as ward secretaries, as Gray Ladies, as Nurse's Aides, as helpers in the laboratory, the library, the dietary department, and in the volunteer office itself. Between 30 and 40 women come regularly to the hospital to sew and do the numerous mending jobs that necessarily come up. Many church groups also assist in this effort and also contribute

hundreds of hours to the manufacture of surgical dressings and supplies.

Typists, stenographers and bookkeepers also do their part to keep the machine functioning. Mrs. E. Stanley Hobbs, Jr., professional Director of Volunteer Services at the hospital staffs her own office with volunteer personnel.

The Red Cross plays a vital role in keeping the local hospital manned with trained volunteers. Just this past month the hospital graduated its first group of Red Cross Nurse's Aides to be trained since 1947. Additional groups are scheduled to start training during this coming January and recruits are being sought for both day and evening courses.

The Gray Ladies of the Red Cross offer opportunities for service to many who have an interest in and an aptitude for patient welfare. At the Newton-Wellesley Hospital the Gray Ladies work in both in-patient and out-patient departments.

The Junior Red Cross has recently made available to the hospital a group of twenty high school girls who have graduated from the Red Cross Home Nursing Course and who are thus well equipped to become ward helpers. Many of these girls work at the hospital from three to six in the afternoon and from five to nine in the evening. Six girls from Wellesley College regularly devote time to work at the hospital and there are fifteen volunteers from the nearby Lasell Junior College.

A course for male hospital corpsmen is scheduled to start in the middle of January under the aegis of the Civil Defense Committee and already ten men have indicated their willingness to participate in this program.

Every year some 15,000 hours of volunteer help are donated by members of the Hospital Aid to the operation and management of the Coffee Shop at the hospital. This work is conducted separately from other volunteer activities and helps to provide a needed service and an essential source of income to the hospital.

"It is going to become increasingly more important to us each month during the current year to have more trained volunteers," said Dr. T. Stewart Hamilton, Director of the hospital. "Inevitably many of our professional people will be called into national service. Our work-load will remain as great as at present, or may even increase. The only answer to our need will be the volunteer. During the last year of World War II, we benefitted by more than 20,000 hours of volunteer effort. Men from church groups washed our walls and floors, set up our food supplies and ran countless errands. The women, working in virtually every department of the hospital, kept us going when any kind of professional skill was at a premium. These splendid people invariably claimed that they gained more than they gave through work at the hospital. We need them again. And we need them now, while we still have a chance to train them for greater effectiveness in their work."

Mrs. Mabel Hobbs, Director of Volunteer Services at the hospital, echoes Dr. Hamilton's statement. "During the Waltham explosion disaster, we were fortunate enough to be able to call on 280 different people for a wide range of duties. Some were drivers, some manned the information desk, some worked side by side with our doctors and nurses in performing duties which left these professional people free to provide care which called for their specialized training. Altogether 2,650 hours of volunteer help enabled your hospital to cope with a situation which we had never been called on to face before. None of us knows what may lie ahead. But we do know that if we have a strong and well-trained corps of volunteer personnel we can go a long way towards meeting the things we may have to face. On the preparedness of your hospital the very life of your community may depend."

The royal antelope of Africa is only about 10 inches high.

Norumbega Council Boy Scout Notes

A short time ago we dropped into the Y.M.C.A. in Newton to watch the Scout hour in the swimming pool. A period between seven and eight o'clock is given over every Wednesday for the advancement in Swimming of any Scouts interested. On the night we were there, there were forty-five or fifty boys diving, jumping, swimming, splashing, and shouting. It looked and sounded like bedlam, and it seemed like pure luck that there weren't more collisions.

Bob Patrick, Assistant Scout Executive of the Norumbega Council, was in charge. He came up to the balcony from which we were watching—the only dry spot in the room—and belowed into our ear an outline of what the schedule was to be for the period. First of all, there was the fifty yard swim, twice the length of the pool, any basic style, to pass off the First Class Requirement. Since this event took up the length and most of the breadth of the pool, those who were not yet ready or who had already passed stood at the sides and watched. When this was done, everyone got in the swim and practised either the three basic strokes or the Life Saving requirements.

The three basic strokes are: side, breast, and back. The classes in these took over the shallow end of the pool, swimming back and forth across the width of the pool under the guidance of the instructors. During this particular period, the back stroke was being given full attention. This stroke is always interesting to watch, but there has always seemed to us some advantage in being able to see what's coming. Our theory was borne out by one head-on collision, but since there were no speed records being broken, there were no skulls broken either.

While this was going on at the shallow end, all kinds of life-saving techniques were being practised at the deep end. We saw none of the hold-breaking gymnastics we had to learn twenty years ago. Instead, the instruction was in defense against grasps and holds, and in rescuing without going within reach of the victim. Some of the boys were towing their "rescued" by a towel, by a pair of pants brought into the water, or a length of rope—anything by which they could pull a drowning person without coming to grips with him. Some were practising making waterwings of their dungarees, which was a particularly fascinating exercise. The system is to saturate the dungarees with water, button the fly, tie each cuff in a knot, and then tie the two legs with air by holding them at the waistband and hurling them over the head, back to front, so that air is forced into the legs and held by pressure of the water. It's no easy task, but we decided to bear it in mind in case of emergency.

Although it might have appeared to the untutored eye like a three-ring circus without a ringmaster, the period was really well organized, thanks to Mr. Patrick and his assistants. The

Tickets on Sale For Stage Show

The first big stage offering of the Paramount Theatre in Newton Corner, Moss Hart's "Light Up the Sky," a fast moving and witty comedy in three acts, marks the return of the living stage to Newton.

This farcical satire on show people, with a Boston locale, will play the Paramount Theatre for one day only, Tuesday, January 23, at both matinee and evening performances; all seats for the evening performance will be reserved. Tickets for both performances are now on sale at the box office in the lobby of the theatre. Admission for the matinee will be 50 cents for all seats and for the evening, 85 cents for all seats.

It is planned that this is only the first of a number of stage hits to be presented at the Paramount Theatre by the Emerson Players, under the direction of Mrs. Gertrude Binley Kay, formerly of the Castle Square Theatre stock company.

boys who help him on these Wednesday nights have been with him for several years because they enjoy the program. Danny DeGeorge helps with the elementary classes in the First Class Swimming and requirements. Steve Morse and "Pete" Veinott work on Life Saving. John Leyon and George Head teach the basic strokes for the Swimming Merit Badge.

Bob Patrick, when the session was over, told us that the Scouts should be eternally grateful to Mr. Alex Miller, the director of the Y, for his cooperation and willingness to give the facilities for the period to the Scouts free and clear. Swimming, said Bob, is his hobby just as model building, stamp collecting, or some such things is with other men. He thoroughly enjoys giving his time to the project, and told us some interesting factors in its development.

Life Saving and Safety have always been required of Scouts, but over a period of years the standards have been brought from an idealistic to a realistic level. In years gone by, the emphasis was almost entirely on maintaining direct physical contact with a drowning victim and breaking so-called "death-grips", etc. However, a ninety-five pound twelve-year-old has little chance of survival against a one-hundred-and-fifty pound adult if he allows himself to be seized by the victim. Gradually it dawned on the "Powers That Be" in Scouting that a great deal of this was beyond the physical powers and responsibilities of teenage boys. They saw accounts in the papers of lives saved in the water by coolheadedness that had nothing to do with the breaks taught—hence the defense against death holds and the towels by the towel, the pants, or whatever is handy. People have even thanked their own way to the beach by trying to grab for the rescuer who was always just out of the reach. So the requirement have been changed, and all for the better.

We left the Y, convinced that Scouting is doing a grand job teaching these boys to take care of themselves and others.

THREE and FOUR YEAR OLDS
Enlarged facilities make possible slightly increased enrollment in nursery group. Register now for remainder of the school year. Either morning or afternoon session.

First Rehearsal For Annual Play Held at Our Lady's

The annual play, which is ways a promised success, will be held March 17, at Our Lady's high school auditorium.

The first act of "Happy Days" under the direction of Miss Theresa McCarthy, was taken for rehearsal Monday.

Parts for the play were given out last Friday to Patricia Kelly, who has the leading role; Mary Jane Brennan; Marilyn Casey; Marilyn MacDonald; Eileen McCarthy; Sally Gorman; Eugene DuBois; Edward Johnson; Robert Purcell; and Daniel Furdan. The two freshman cheerleaders are Janet Dugan and Mary Trute.

Highlands Woman's Club to Meet Tomorrow Afternoon

The next regular meeting of the Woman's Club of Newton Highlands will be in the Club Workshop at 2 o'clock tomorrow afternoon (Friday). A change of date from the customary club meeting day.

At that time the Workshop Committee of the club will present Lucy Simonds, pianist, in a piano Opera Recital of Wagner's opera "Die Walkure." A former resident of Newton Highlands, and well known for her work as coach, accompanist, and solo pianist, Mrs. Simonds is one of the feature attractions of the club season. Members are most cordially asked to bring guests, at the usual guest fee. Following the musical program tea will be served to members and their guests by the Workshop Committee, of which Mrs. Sheldon D. Dunlap is Chairman.

The performance of a Wagner opera at this time is especially interesting to those who follow the Saturday radio broadcasts from the Metropolitan Opera House. On the 13th the broadcast from New York will feature "Das Rheingold."

There are some six thousand bituminous coal producing companies in the United States.

Orange Chiffon Pie-65¢
plus 4¢ deposit on plate

Orange Grove Goodness
Running out of dessert ideas? Here's one that promises to please the whole family. Dorothy Muriel's Orange Chiffon Pie—made with pure orange juice and fresh orange gratings to give it that fresh-from-the-grove flavor. Egg yolks are added to make the custard filling rich and creamy. Then fluffy egg whites are folded in and the filling is ready for the delicately-browned and tender crust. The final touch comes later—just before the pies leave the bakery. Not until then are these Orange Chiffon Pies topped with fresh whipped cream. What a delight! You'll agree—when you serve it tonight.

How Do You Choose

It has been said that "You are what you eat." There is some truth in this. Just look around when you are eating out and see what other people order, and you will agree.

Then if your figure isn't what you want it to be, take a tip. Check up on your food choices. Just for fun, here's a list of choices for a dinner you might have in your own home or when eating out. Check it and see which side you're on.

Olives, cream soup, breaded veal cutlet, sweet potato, baked broccoli and Hollandaise, Avocado salad, apple pie, sweet roll butter, hot chocolate. Celery, consommé, roast veal, mashed potato, broccoli, grapefruit and orange salad, baked apple, dinner roll butter, milk.

If most of your checks are on the first list, you probably do not have too much trouble controlling the waist-line. However, if you really would choose most of your dinner from the second list, beware! There are bad curves ahead.

The differences in the two lists is in most cases small. But it is these small differences that sneak up on you. The approximate calories in the left hand list is 1700 compared to 950 calories in the right hand list. Unbelievable, isn't it?

Controlling weight is largely a matter of learning to like some new foods. You would be the last one to admit that you are too old to learn, so don't be an old fogy when it comes to your food habits. If you need to add pounds learn to like your coffee with cream and sugar. If you have too many pounds start now to like the plain foods and ones that are not too high in calories.

—Newton Nutrition Center.

TO "BRIGHTEN the corner where you are," have a shadow box installed. It's a recess in the wall made by removing the plaster and possibly a portion of a stud. The one shown here brings to life a kitchen wall that otherwise would be drab. As a border to frame the picture, the homemaker ordered Masonite tempered hardboard, which was covered with a prime coat of bright enamel. The plastered wall and shelves were painted to match the balance of the kitchen. Varied collections of plants, dishes and knickknacks make the kitchen shadow box an ever-attractive spot.

Today the Day to Watch Calories

The old saying "a stitch in time saves nine" might well be changed to "a pound in time —". If the pounds have been creeping up over the holidays, today is the day to start watching the calories; tomorrow never comes. It's the little extras that make the difference in how your belt fits—a few nuts between meals, an extra piece of cake for lunch. By cutting down on the extras now, you can soon be rid of those three or four unwanted pounds. But if they creep up to ten or fifteen it won't be so easy.

How can you lose a few pounds without a "special diet"? Watch out for the trimmings to your meals. It's not the one serving of potatoes and the one slice of bread at dinner that add the pounds. It's the company they keep — butter, gravy, jelly — and of course the second helpings. Olives, sweet relishes and crackers are other trimmings that bear watching. They add little more than calories and it's so easy to eat too many.

If you are just on the way to being over weight, you can still have desserts that the whole family will enjoy. But you will have to choose them carefully. And give the cream or sauce to the slender members only.

Safe desserts for calorie watchers are those that give no more than 100 to 150 calories per ½ cup serving — and of course only one serving. The ones in the 100-125 calorie range are: fresh or canned fruit, sherbet, gelatin dessert, a two-inch sector of plain sponge or angel cake. The recipe for prune whip which you will find on this month's store leaflet from the Nutrition Center is in this class. Desserts 1: the 150 calorie class for a half cup serving are: stewed dry fruit, cornstarch puddings (no cream), baked custard, ice cream and 1 ounce of cheese with three crackers.

Other dessert recipes moderately low in calories and featuring dry skim are available from your Red Feather Agency, the Newton Nutrition Center. Write or call Newton Nutrition Center, 1357 Washington street, West Newton 68, BI 4-4912.

Current Books Are Discussed at Club

The January meeting of the Oak Hill Park Woman's Club was held Wednesday evening at 8 o'clock in the Memorial School, Oak Hill Park.

A discussion of the revision of the by-laws was headed by Mrs. Frederick J. Wood, president.

The guest speaker was the well known book reviewer, Muriel Joyce Grapes. Her interesting topic was "Current Books for Discriminating Readers."

Hostess for the evening was Mrs. Robert Chadbourn.

Announce Plans For Fourth Annual Pop Concert

The January meeting of the Mothers' Auxiliary of the All Newton Music School was held on Friday, January 5, with morning coffee and a reception for new mothers at 9:30, the business meeting following at 10 o'clock. Mrs. Marcel Chartrand, chairman of the auxiliary, introduced the other officers, Mrs. George Arnold, vice-chairman, Mrs. William C. Custer, secretary, and Mrs. Francis Manguso, treasurer. She also introduced Mrs. William C. Worth, executive director, Miss Lillian West, supervisor of piano instruction and Miss Irene Forte, of instrumental music.

Plans were discussed for the rummage sale to be held by the auxiliary at the music school Friday, March 2, for the benefit of the scholarship fund. On the same day, there will also be a sale of home cooked foods. Mrs. Chartrand is working with a capable committee composed of Mrs. Francis Manguso and Mrs. Arthur Johnson, cashiers; Mrs. Roland Macdonald in charge of sales, Mrs. Ralph Hall of Checking, Mrs. William C. Custer, Markers, and Mrs. Ralph Ray, foods. Donations of clothing and household articles for the rummage sale will be most welcome and may be left at the music school any time before Feb. 17.

Mrs. Fay, chairman of the food sale, would like contributions of home made foods on the morning of the sale—Friday, March 2.

It was announced that the fourth annual pop concert will be held in the gymnasium of the Newton High School Friday evening, April 6. The Newton Symphony Orchestra will be conducted by Donald March.

WHAT SHALL WE EAT.

Undine Fiedler, NUTRITION EDITOR
NEW ENGLAND DAIRY AND FOOD COUNCIL

With schools starting again after the recent holidays we hear lots of talk about the three R's, reading, 'riting, and 'rithmetic. When it comes to lunchtime, we think of three different R's. Whether lunch is eaten at home or school, or in the office or factory, it should rate, relax, and refresh.

TO RATE, a lunch should contain a substantial main dish, two servings of vegetables and fruits, bread and butter and a glass of milk. Pleasant conversation and restful atmosphere can make lunchtime a time to RELAX and pave the way for a smooth afternoon. An appetizing lunch is REFRESHING to the taste and eye in color, texture and flavor.

For lunch at home today, here's a main dish which will help you follow the rules of the lunchtime R's.

CORN PUDDING
2 tablespoons butter
3 tablespoons flour
1 cup milk
1 No. 2 can cream style corn
1½ teaspoons salt
1 teaspoon onion juice
1 tablespoon chopped pimento
2 eggs, separated

Melt butter in saucepan, blend in flour, and add milk; stir constantly over direct heat until sauce boils and thickens. Add corn, salt, onion juice, and pimento. Beat egg yolks and stir into the corn mixture, cook 2 minutes longer with constant stirring. Remove from heat and fold in the stiffly beaten egg whites; then turn into a buttered baking dish, 10x6x2 inches. Bake 30 minutes in a moderate oven, 350° F., or until a knife inserted into the center of the

pudding comes out clean. Serve immediately.

Newton Chapter 24, Gold Star Mothers Install Officers

Newton Chapter 24 of the Gold Star Mothers held an installation ceremony Monday night at the War Memorial Building, Newton Centre.

About 100 were present as Beatrice Bond, State Department president, installed the officers.

Mrs. Etta Haverty was installed for the second term as president.

Invited guests including commanders of several Newton posts and ladies' auxiliaries were present.

Refreshments and dancing followed the ceremonies.

No Overcoat Here!

WHILE THE LESS fortunate are shivering in winter's icy winds, lucky girls are soaking in sunshine at Florida and California resort spots. No overcoats needed here! This pretty miss is dressed for the sun in a blazer striped cotton swim suit by Cole of California. Solid and striped cotton are combined for this eye-catching effect.

RE-UPHOLSTER

Beautify Your Home NOW

WHY BRISTOL UPHOLSTERING IS DIFFERENT

The "Under Cover" Story

There's a difference in custom upholstery. At Bristol it's a fine science. The men who get inside your sofa or chair are qualified experts with years of specialized training. They studied reupholstering just as a doctor studies medicine, a mechanic studies machinery. They know the high standards of workmanship set by Bristol's — and they know how to meet them. Bristol's custom reupholstery department is efficient—and reliable, too. You seldom have to wait longer than 2 weeks. What's more, we have a huge assortment of fabrics—over 200 different patterns, each in a range of colors. You're bound to find just the fabric for your modern or traditional home.

(1) We don't tie springs just 4 or 6 ways — we tie them fully 8 ways and with special twine.

(2) We don't just glue loose frames—we take out old dowels, replace them with larger and new ones. We add brand new corner blocks.

(3) We don't tack seams at just the obvious spots—we hand sew seams throughout the piece.

(4) The welting isn't simulated—it's separate, individually made—that means it's stronger.

(5) The seams on the sides and backs aren't blind-stitched—all the seams are hand-sewn.

(6) We don't use ordinary fibre or escelator—we use the new, expensive moss filling.

(7) We don't just repair your cushions—we make brand new cushions, springs and all.

(8) We don't put the fabric on carelessly—we make sure the pattern matches perfectly.

(9) We don't just cut from a pattern—we fit your cover as carefully as a tailor made suit.

(10) We don't settle for second-best materials—we use only the highest quality throughout.

City Employees Complete Standard First Aid Training Course

First of the city employees to complete their Standard First Aid Training under the civil defense program are the following city hall employees: J. Ellis Bowen, Mary Bruen, Patricia J. Darr, Louise M. Egglestone, Katherine L. Howard, Margaret A. Leonard, Mary G. Mahoney, Harold T. Pillsbury, Lillian Schwartz.

STANLEY P. LOVELL

Lovell Is Raytheon Director

Stanley P. Lovell of 65 Prospect Park, Newtonville, chemist, inventor and 1948 recipient of the Presidential Medal for Merit, has been elected a director of Raytheon Manufacturing Company of Waltham, by the board of directors. Charles F. Adams, Jr., president of Raytheon, announced the election Monday.

A pioneer in application of organic chemistry to shoe-making, orthopedic surgery and manufacture of clothing, Lovell has been president of Lovell Chemical Company, Watertown, since its inception. He is also a director of Union Market National Bank of Watertown and National Research Corporation of Cambridge.

In the past he has been a chemist with George E. Keith Company of Brockton, general manager of Celastec Corporation of Arlington, N. J. (a subsidiary of E. I. duPont de Nemours and Company), president of Arden-Rayshine Company of Watertown, president of Castex Laboratories of Watertown, vice-president of Beckwith Manufacturing Company of Boston.

The new director of Raytheon Manufacturing Company attended Dartmouth College and Cornell University, receiving a B.S. degree from Cornell in 1912. He did graduate studies at Cornell from 1912 to 1914.

He is a member of the city government planning board of Newton, American Chemical Society, Cosmos Club of Washington, D. C., and the Algonquin Club of Boston.

Lovell is married and has one son, Richard A. Lovell.

Newton Man To Speak At Meeting

C. W. Corkum, Waban, and J. H. Barr and Alvin Zises, both of Newton, will be speakers at the International Harvester Refrigeration luncheon to be held at the Bradford Hotel today (Thursday). More than 700 dealers from New England will gather to witness the introduction of the new, 1951 line of International Harvester Refrigerators.

The luncheon will begin at noon and the complete line of seven new refrigerator models will be presented at 2 p. m. A public showing of the models will follow the close of the meeting.

Mr. Corkum is General Sales Manager at International Harvester; Mr. Barr, assistant general sales manager. Mr. Zises is president of Equipment Distributors, Inc.

Members Hear Talk On Atomic Energy

Members of the Junior Auxiliary of St. Mary's Parish, Newton Lower Falls, gathered Wednesday evening, January 3, at the home of Mrs. Arthur Dyer 31 Glen road, Wellesley Hills. The meeting was addressed by Professor Louise S. McDowell, prominent Wellesley physicist, on the subject "Atomic Energy Today."

Professor McDowell discussed both the nature and the applications of atomic radiation. These latter included not only its value as an implement of war but also in the more constructive fields of medicine, biology and industry.

Refreshments were served later by the hostesses for the evening, Mrs. Burnett and Mrs. Gettler.

The American Meteorological Society reports, after investigation, that artificial rainmaking, in effective quantities, has not been proved conclusively.

City Maintenance employees, from the street, forestry, sewer, water and garages departments, who have also received certificates for completing the Standard Course are: Fred E. Berman, Reese W. Boynton, Mary Devane, James DeMichele, Eugene D. Drennan, William J. Ferguson, Wilson J. Kuntz, George E. McGuire, Stanley MacLeod, Edward J. MacPhee, James McHugh, Edward J. Nickerson, Frank H. O'Connell, James L. Regan, John R. Russo and Edward D. Woloski.

Both groups were trained by Gilbert J. Champagne, Chairman of First Aid for the Newton Red Cross Chapter.

As part of the School Preparedness program, the Standard First Aid course is being given to all Seniors in Newton High School, while all Junior High School students are taking the Red Cross Junior First Aid Course. Preparation is being made for this First Aid training of all teachers and school department employees, the program in the schools being carried on under the direction of Frank M. Simmons.

Classes for Auxiliary Police are being given by Mr. Champagne. Auxiliary Firemen are being trained in First Aid by James D. Blackall, while members of the regular Fire Department are being instructed by Captain John L. Martin.

Dr. D. K. Beckley Speaker At New York Meeting

Dr. Donald K. Beckley, of Newtonville, director of the Simmons College Prince School of Retailing, spoke before the American Retail Association Executive Convention held at the Hotel Statler, New York, Tuesday.

In his talk on "Organizing Community Sales Training Courses," he told what members of the faculty of the Prince School are doing in the way of training sales personnel for both large and small stores in a number of New England communities.

Warns About Bad Driving Surfaces

This is the kind of weather when you step on your brakes and nothing happens, Chief of Police Philip Purcell warned motorists in the wake of the city's first appreciable snowfall.

"Or rather," he added, "too many things happen. The brakes lock the wheels, but all too often, the automobile keeps right on moving. An automobile on a snow or ice covered pavement is something like a pig on ice."

When dangerous snow and ice conditions prevail, Chief Purcell said, careful drivers protect their own lives and the lives of others by putting on tire chains, because tests show that cars equipped with chains are far less likely to be involved in accidents than cars not so equipped.

In addition to using chains, the Chief said, motorists should reduce speed when streets are slippery, keep windshield wiper blades and defrosters in good condition to combat poor visibility, and see that headlights are functioning. Poor vision and poor traction both promote accidents.

"Our job is to prevent accidents as well as to investigate them," Chief Purcell said, "and we'd rather do the preventing. Because of the snow, numerous cars have been reported skidding or becoming stalled. If a majority of these drivers had been going a little slower, and had been properly equipped for winter driving, many accidents and traffic tie-ups could have been prevented."

"You've all seen kids sliding on ice with their rubbers on. Automobile tires still slide on ice, too."

Even so-called "Winterized-tires" or tires with special deep treads, are of very limited or no help on glare ice, the Chief observed, although good treads on any kind of tire do help on wet or dry pavements.

"When you start out in the morning - get the 'feel' of the road, then be extra careful, and 'pump' your brakes to stop. Holding on the brakes often starts a skid."

Albert M. Lyon, 587 Walnut street, Newtonville, has been re-appointed as a Notary Public. Edward J. Cronin, Secretary of the Commonwealth, has announced. The term of the Newtonville Notary will expire in 1957.

Ancient knights used to drink water in which a sword had rusted, hoping to absorb strength from the steel.

Musical Treat in Store for Hunnewell Club Members

A musical treat is in store for the members of the Hunnewell Club Sunday, January 14, at 4 p. m., when they will hear Miss Norma Jean Erdmann, soprano, and Miss Hazel Hallett, pianist. Miss Erdmann will sing selections from Verdi, Puccini, Adams and Lehár. Miss Hallett will play a sonata by Mozart and also pieces by Ravel, Schumann, Chopin and Liszt. Miss Erdmann will be remembered by some of the members as a former soloist in Eliot Church. In addition to her singing she is now making a reputation as a teacher. Miss Hallett is one of

the better pianists of Greater Boston. She has become familiar to many through her playing at the Gardner Museum. She is also well considered as a teacher of the piano.

Mrs. G. R. Strandberg will be in charge of the tea following the concert. Occupying the places of honor at the tea table will be Mrs. Mason H. Stone, wife of a former president of the club, and Mrs. Charles E. Morrow, a member of long standing to whom the club is indebted for many services.

The thirtieth Annual Heart Game took place according to

tradition at the Clubhouse, New Year's morning. Mr. Mason H. Stone, Sr., was the only member present who had played every year since the beginning in 1922. The first cheer of the morning (for collecting 100 hearts) was given Dr. Walter E. Young. Mr. James B. Giltner was the only player able to collect all the hearts of one hand. The players included Messrs. Alban F. Rosene, Mason H. Stone, Sr., James B. Giltner, Leonard H. Abbot, winners; and Theodore H. Morrill, Edward B. Stratton, Walter E. Young and Stanley F. Barton.

All roofs in New Braufels, Texas, have been fireproofed, mostly with sheet steel and iron, thereby reducing insurance rates as much as 75 percent.

Parent-Children's Service Sunday

At the monthly Parent-Children's Sabbath Service and Luncheon, to be held at Temple Emanuel Saturday, beginning at 10:30 a. m., children whose birthdays occur during the month of January will receive the Rabbi's blessing. This Service will also feature the robed Junior Choir, composed of pupils of the Hebrew and Sunday Schools of Temple Emanuel.

The Luncheon, prepared and served under the supervision of Mrs. Frank Metcalf, Sisterhood Chairman, will take place immediately following the Service.

Peirce P.T.A. To Discuss Atom Bomb

The next meeting of the Peirce School Parent-Teacher Association will be held in the school auditorium next Wednesday, at 8:15 p. m.

Mr. Harry L. Wayland, an instructor of English at the Newton High School, and the chairman of the Committee of School Preparedness, will be the speaker. Mr. Wayland will show a short film entitled "How to Beat the A Bomb", and then

divide his talk into two parts first, discussing civil defense in Newton and second, describing activities for defense in the Newton Public Schools.

The teachers will be in their class rooms to greet the parents from 7:45-8:15, preceding the meeting. At the conclusion of the meeting there will be a social hour in the school library with Mrs. Kenneth Anderson, Mrs. Edwin Folsom, and Mrs. Frank Maher as hostesses.

Robert J. Arsenault, seaman, U.S.N., son of Mr. and Mrs. Peter Arsenault of 119 Elm street, West Newton, is serving aboard the destroyer USS Massey in Korean waters.

Ten gallons of coal tar are recovered from a ton of coal.

SCHOOL TEACHERS GIVEN \$3000 RAISE

Library Addition Work Well Underway

New Structure To Harmonize With That Of Existing Main Building

Tomorrow afternoon (Friday) the annual meeting of the Trustees of the Newton Free Library will be held. The outstanding event of the year has been the drawing up of plans and the letting of the contract for the addition to the Main Library. There is much public interest as to just what is underway and The Graphic is glad to publish the architect's drawing showing this important new addition.

Change Of Street Names Is Voted

Despite many letters and telegrams registering objections, the Board of Aldermen at its meeting Monday night, by a vote of 11 to 7, voted to change the names of Arlington road, Grant street, Rowe terrace and part of Cook street.

Action taken Monday night changes the name of Arlington road in Ward 3 to Arbor road; Grant street in Ward 4 to Perry road; Rowe terrace in Ward 4 to Rand terrace, and Cook street at Boylston street, in Ward 5, to Ramsdell street.

Upon petition of residents, the Board of Aldermen unanimously approved the change in names of the following streets: Cook street at Winchester street, in Ward 5, to Curtis street; Sherman street, in Ward 6, to Sherbrooke road; and Maple road, in Ward 4, to Leighton road.

Chairman Joseph Davis of the Street Renaming Committee stated that "other streets would be considered by the committee shortly."

Alderman Carlton Merrill in giving a minority report for the Street Renaming Committee stated that "the great majority of residents on the streets changed strongly opposed any change in name."

Meet to Organize Newton Corner Business Ass'n

For the purpose of establishing a strong and effective merchants association, proprietors and business men with establishments at Newton Corner, met at the Newton Y.M.C.A. last night.

Fred S. Mayer, jeweler, was the acting chairman and publicity was in charge of William Sklar, proprietor of the Newton Super Market. G. R. Ware, jeweler, acted as secretary.

To Take Part In Meeting Of Hospital Association

Three Newton residents will join four staff members of the Newton-Wellesley Hospital on the program of the annual meeting of the Massachusetts Hospital Association at the Hotel Statler, Boston, Friday, Jan. 26.

Dr. Warren F. Cook, association president and director of the New England Deaconess Hos-

The main library has an unusual history. Its central site was purchased during the Civil War. The original stone section of Victorian Gothic design with flights of granite and marble steps was also built by public subscription at a cost of \$31,745. In 1886, the building was more than doubled in size by the central section of the present building erected by the city at a cost of \$20,000. In 1912 a fireproof, brick and cement bookstack, 56 by 49 feet, four stories high, with a sub-basement boiler room was added at a cost of \$41,000. In 1928 the top floor of the stack was completed at a cost of \$19,000. In 1949 and 1950 a total of over \$20,000 was spent in a modernizing program which developed the use of the first floor.

For about five years the question of utilizing, modernizing, extending the present main library building or of replacing it with a completely new structure has been carefully studied. The sum of \$170,000 was earmarked by the Newton Planning Board for the addition. W. Cornell Appleton, the head of a well-known, long established Boston firm of architects, and Newton citizen, was appointed architect by Mayor Theodore

Draft Discussed by Junior College Students Here

At a convocation of the college students Wednesday morning, January 10, Mr. Raymond A. Green discussed matters of the draft and enlistment. Some members of the reserve organizations have already been called back to active service. Other students, however, were advised to remain in college in order to complete as much work toward their degrees as possible.

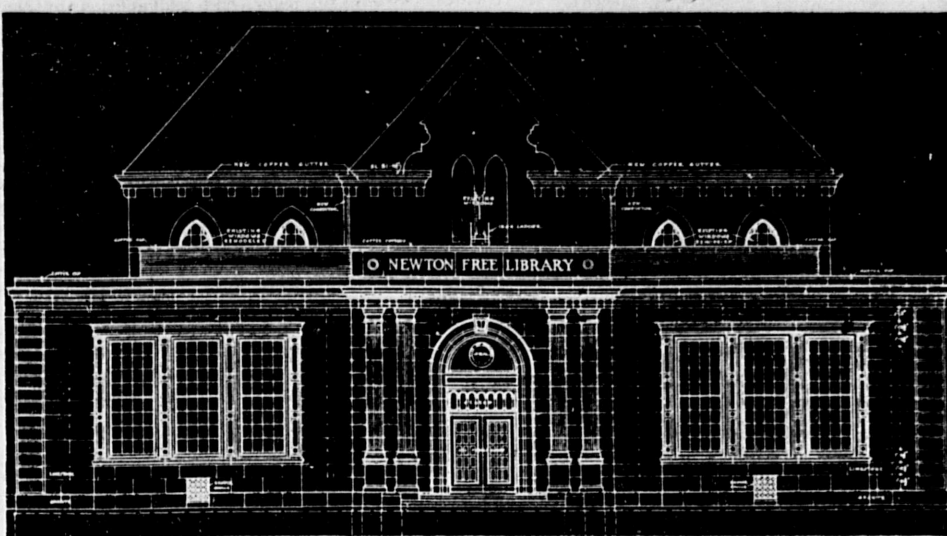

Donald G. Enoch talked with the students about the importance of general classification tests and urged that young men strive for as high a rating as possible in the various branches of the service. Dr. C. E. Drake announced that classes for the semester close on January 19th and that the semester examinations (Continued on Page 5)

Other Newton residents taking part in the association meeting will be Dr. Mark F. Lesse, clinical pathologist and head of the Department of Clinical Pathology at Boston's Beth Israel Hospital, and Stuart W. Knox, association accounting specialist, who will act as co-chairman of the session on hospital accounting.

Truck Ban On Wash. St. Is Defeated

A petition to ban trucks from using Washington street, from the Brighton line to Newton Corner, was defeated by the Board of Aldermen at its meeting Monday night.

Had the petition been favorably acted on, it would have meant that all trucks would have to use Tremont street where residents of that street contended that with the car line operating there, in addition to the use of it by some trucks, additional traffic would cause an additional amount of noise during the night hours, particularly.

Institute Chaplain Service

Chaplain service for Protestants entering the Newton-Wellesley Hospital has recently been instituted by the Newton Council of Churches, it was announced by the Rev. Richard P. McClin-

For the past year and one half the Council Office has notified local ministers when members of their churches were admitted to the hospital and with the cooperation of the Hospital Staff this plan worked very well in the case of church members. However an increasing number of patients entered and did not have a definite local church connection so the installation of a part-time chaplain has been evolved to care for these people from distant points and people from the local area whose church connection is not clear.

The chaplain who began his duties on January 1st is Harold Malmberg, third-year student at Andover Newton Theological School. He was pastor of a

Rabbi Mandel To Speak At Church Council Meeting

Rabbi Irving A. Mandel, leader of the newly organized Temple Shalom of West Newton, will be the guest speaker at the Mid-Winter Fellowship Dinner of the Newton Council of Churches which will be held at the Town Y.M.C.A. Tuesday, January 30 at 6:30 p.m. The speaker has elected for his subject, "The Foot

of Pride—Where Angels Fear to Tread" and will speak on Jewish-Christian relations over the centuries.

Delegates from the 26 member churches are now making reservations for the dinner through the Secretary's office, Rev. Richard P. McClinck, 175 Auburn street, Auburndale.

Rising Polio Tide Cited As All Out March of Dimes Drive Opens

The 1951 March of Dimes began Monday in Newton and throughout the United States as a massive attack against the only epidemic disease known to man that is still on the increase—a disease that in the last three years has stricken more than 100,000 people and cost the National Foundation for Infantile Paralysis an unprecedented \$58,000,000 for patient-care alone.

Francis J. Murphy, Newton Director of the campaign, said that every phase of community life was represented among the volunteers who started the drive this week with the avowed intention of raising more money than ever for the fight against polio during the two weeks of the drive ending Jan. 31. "The need confronting us," Mr. Murphy said, "is the greatest in the history of our 13-year-old battle against polio. The costs of the last three tragic years have left the National Foundation's epidemic aid funds exhausted. Many thousands of men, women and children left crippled by past epidemics depend upon the March of Dimes for a fighting chance to achieve some degree of normalcy. And we must face the inevitable outbreaks of 1951, with their unknown number of new patients."

Reviewing last year's accomplishments of the National Foundation, Mr. Murphy estimated that caring for polio patients in 1950 — when well over 30,000 people were stricken — had cost the National Foundation approximately \$20,000,000, with millions in unpaid bills still remaining. Since the National Foundation was established in 1938, it has authorized \$28,567,233.51 for programs of research, education, and non-epidemic medical care, he declared, adding that \$2,716,987.69 of this amount had been allocated in 1950 alone. He characterized this three-pronged attack against polio and its after-effects as "our only hope of some day eliminating the disease and of providing the best care that science can devise until then."

During the year, more than \$1,000,000-worth of respirators, hot-pack machines and other es-

3d Daughter Of Doctor Takes Veil

The third daughter of a Newton family to enter the Carmelite Order received the black veil following her final profession at the Carmelite Convent in Roxbury, Saturday morning.

She is Miss Ann Stanton, daughter of Dr. and Mrs. Joseph Stanton of Newton, but she will henceforth be known as Sister Mary Joseph of the Sacred Heart. She attended the Country Day School of the Sacred Heart in Newton, is a graduate of Regis College, and has a master's degree from Radcliffe.

Her brother, the Rev. Edward S. Stanton, S.J., of Boston College was celebrant at the solemn high mass. He was assisted by the Very Rev. John Frawley, C.S.S.R., as deacon, and the Rev. Thomas Kiduff, O.C.D., as sub-deacon. Archbishop Cushing conferred the black veil and delivered the sermon. He was attended by the Rt. Rev. Charles B. McGinnis and the Rt. Rev. James B. McGinnis and the Rt. Rev. James F. Kelley.

Her two sisters in religion are: Sister Mary Elizabeth of the Trinity, D.C., and also of the Roxbury Carmel, and Sister Ann of the Trinity, D.C., and the Carmel in Rochester, N.Y.

Renew Auto Parts Co. License

Renewal of a third class license to deal in second hand motor vehicles was granted Monday night by the Board of Aldermen to the West Street Used Auto Parts, Inc., located at 73-77 West street, in Ward 2.

Some months ago the Board of Aldermen revoked the permit of this concern and the matter was taken to court. After due hearing, the court ruled against the city and the license was restored.

The action Monday night came on a renewal of the license rather than on a revocation of it.

The vote Monday night by the Board of Aldermen was 11 to 7 in favor of granting the company a renewal of its license.

Step Rate Increases in Addition-Average Annual Salary This Year To Be \$4,150-\$3,700 Last Year

Every member of the public school system, including teachers, clerical help and maintenance workers, will receive a \$300 annual increase in salary this year as a result of the School Committee's budget receiving ratification at the meeting of the Board of Aldermen Monday night.

In addition to this increase, the usual step rate increase of \$150 annually will be granted those in the school system who are eligible to receive it.

Thus, the average annual salary of teachers in the Newton public school system will now be \$4,150, including step rate increases, as against an average annual salary of \$3,700 through 1950, or a 15 percent increase.

The total salary budget ratified Monday night for school instruction salaries totaled \$799,453 as compared with \$698,000 in 1950, or an increase of \$101,453.

The total school budget ratified Monday night amounted to \$937,678 with one item not yet acted on. Of the total budget of \$937,678 ratified Monday night, as cited above, \$799,453 was for salaries, leaving \$138,225 for other items of school expense.

Home Nursing Aids Defense Program

Our national defense requires that each of us be prepared to help our country, our community and ourselves. Prepare yourself to take your part by enrolling now in a Red Cross Home Nursing course.

Six easy lessons in "Care of the Sick" will prepare you to take care of your family in case of illness, and help your community by relieving trained nurses for military and hospital service.

Call your Newton Red Cross Chapter, LA 7-6000 or BI 4-9300 to enroll. Instruction is given without charge.

To Hold Panel Discussion On "Socialized Medicine"

A panel discussion on "Socialized Medicine" will be sponsored by the Laymen's League of the West Newton Unitarian Church in the parish house, West Newton, Tuesday night at a joint meeting with the Couples Club.

Dr. Gerald G. Garcelon is chairman of the panel, which includes Dr. Hans Wayne, Dr. David Skinner and Dr. Lec Alexander. All phases of this vital question, including the history, background, effects, and arguments for and against socialized medicine will be covered by the panel in individual talks. This will be followed by a question period.

A supper will be served at 6:30. Rev. John O. Fisher, Minister, and Mrs. Fisher, head of the supper committee drawn from the Couples Club—Mr. and

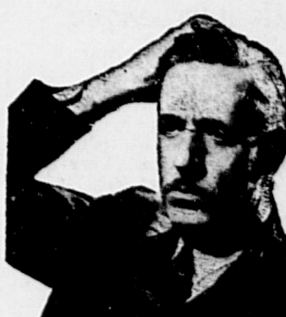

Mrs. Robert L. Townsend, Mr. and Mrs. Robert Cobb, Mr. and Mrs. William L. Tisdell and Mr. and Mrs. John F. Carroll.

The Laymen's League will hold a brief business meeting following the supper for the election of officers. William L. Tisdell, outgoing president of the men's group, will preside and also function as moderator for the panel discussion.

Tuesday night's meeting is the first in a series inaugurated by the West Newton Laymen's League in which experts from the church membership will discuss current problems affecting the community.

Supper reservations are in charge of Mrs. Kathryn Holgate at the church office in West Newton.

"What difference does it make who will be Executor of my Estate?"

It Matters A Great Deal!

You wouldn't say, would you, that it doesn't matter who handles your property during your lifetime?

Then you can't say it doesn't matter who manages it later on.

Your executor will be no figurehead. He or she must make decisions—whether to sell, when to sell, what value should be shown for a non-liquid asset such as real estate or business interests on the estate tax return. These decisions are his responsibility and his alone. The ultimate size of your estate—the amount of money your family gets from your estate—may depend to a considerable extent on the judgment and skill of your executor.

Our experience as executor may save your estate many dollars. Come in with your attorney and let's talk it over.

Something Pretty Wonderful Happened in Newtonville

By TOWNELEY ROHSENOW

Something pretty wonderful has happened in Newtonville the last few days. It ought to make a lot of people feel happier about living in this confusing world.

It is a spontaneous tribute, from hundreds of people, to a man they had all loved as one of their best friends—their mailman, Maurice Keough.

It began on Thursday morning when one neighbor said to another, all over Mrs. Keough's long route, "Did you know Mr. Keough passed away yesterday morning?" Shock and disbelief followed, with a sudden sense of loss.

Then came the desire to do something—to make some gesture to show how much Mr. Keough had meant to them. Neighbors banded together in little groups to send sprays of flowers, individuals made countless telephone calls to the post office to inquire or express their concern, and all at once the unanimity of feeling for Maurice Keough became apparent.

The children collected dimes and quarters from the other children and sent flowers to Mr. Keough, our mail carrier.

Neighbors mailed carefully over the icy streets on each block of the six miles Moe Keough had served each day to take their offering to one who had volunteered to collect it. Then they gave the money they would have spent for flowers to Mr. Keough's family, though many of them sent flowers as well.

For Moe Keough would have wanted it that way. If we could see him now, he would turn his face away, to hide how deeply he

was touched by the affection now shown him. He'd say, "Well, what do you know about that?" and go on down the street, with a backward wave of the hand.

He was a friend to all on "his route." He'd inquire after the health of each member of the family, if he hadn't checked up for awhile. He'd ring the bell and wait until you came if he had a letter you'd been wanting, or a boxtop premium the children had long since ordered. Tots watched at the window for "Tee-oh," for he loved them all.

Even the dogs. They'd wait on their corners for him, and then escort him proudly around the rest of his route. "You want to buy a dog?" he'd ask, twinkling, as he looked around at the five or six with him at the moment.

And not a handful of people in the 350 houses he served knew that he had been a very sick man for weeks before the sudden heart attack carried him away last Wednesday morning. Few knew that his leg was so shattered when he was struck by an automobile seven years ago at the corner of Highland and Lowell avenues that his doctor said he would never carry mail again.

His family must be very proud. He leaves his wife, Claire Keough, of 35 Jewett street, and three married sons, George, Maurice Jr., and Richard. He had worked with the Newtonville postoffice for 25 years. His saxophone headed a five-piece orchestra, and everywhere they played, Moe Keough had many friends.

We're going to miss him. For a long time we'll be watching unconsciously for the tall, lean figure in gray to come up the street. We won't forget.

F. A. Day Junior High School

On Friday, the Day varsity defeated Warren varsity by a score of 28-23 in the first basketball game of the season. High scorers were Tony Coletti with 15 points and Gene Lee with 7. The Junior varsity lost by a score of 21-17; top scorers were Russ Halloran with 8 points and John Brennan with 4 points. Day entertained Wellesley Junior High on Wednesday, January 10th.

In accordance with civilian defense plans for the city of Newton, all members of the staff and all junior high school pupils will be given first aid courses. The program has already been initiated at Day with Mrs. Annette Emerson and Mr. John Eldert as instructors of the Junior Red Cross First Aid Course. Mr. Frank Simmons will instruct the staff.

Day will present an all-school spelling bee as the main feature of our assembly program on January 19th.

Preliminary contests have been held in all home rooms; a series of grade contests among the home room winners are now in progress. David Sachar will compete in the school finals as the best speller in Grade Seven. Grades eight and nine will hold final bees this week.

Crittenton League To Meet Monday

Members of the Newton Circle of the Florence Crittenton League will hold their first meeting of the New Year Monday, at the home of Mrs. Gordon M. Morrison, 36 Bonnybrook road, Waban.

Luncheon will be served at one o'clock by Mrs. Richard L. Kenney, assisted by Mrs. Henry L. Johnson, Mrs. J. Nelson Manning, Jr. and Mrs. G. Herbert Marcy.

Mrs. Fred G. Stritzinger, president of the Circle, will conduct the business meeting, following which Mrs. Robert H. Cain, vice-president, will introduce the speaker of the afternoon, Mrs. J. Harvey Renfrew of the International Student Center in Cambridge.

Former Newton Man Named Director

Gerald E. Donovan, who was born in Newton, was recently elected a director of the Moore-McCormack Lines, Inc.

He is a graduate of Holy Cross College and of the Harvard Graduate School of Business Administration. He was formerly in the investment banking business and was vice-president of Schroder Rockefeller and Co., Inc., before joining Moore-McCormack Lines, Inc. in 1943. Since that time he has been vice-president in charge of Finance and is also a director of Schroder Rockefeller and Co., Inc., and of General Industries Company.

He now resides at 7 Eton road, Scarsdale, N. Y.

Talk on Maps to Be Given at Meeting

There will be a meeting of the Newton Highlands C.L.S.C., Monday at 2:30 p.m., at the home of Miss Maude E. Stearns, 111 Clark street, Newton Highlands. Mrs. Arthur W. Burnham will speak on the subject: "Maps."

Kehr to Address Auburndale Club

The Auburndale Woman's Club will be pleased to hear Mr. Ernest Kehr, distinguished lecturer, news commentator for the Herald Tribune WOR nightly broadcast, and member of the editorial staff of the New York Herald Tribune Wednesday, January 24. Ernest Kehr comes to the Woman's Club through the courtesy of the Newton-Waltham Bank and Trust Company.

Mr. Kehr has traveled over 1,000,000 miles through Europe, South America, the North American continent and Australia. His well-filled background of on-the-spot reporting makes him an especially valuable speaker at this time. Mr. Kehr's articles have appeared in Reader's Digest, Life, Saturday Evening Post, Think and This Week.

Mrs. Howard P. Converse will act as day chairman. Mrs. Raymond E. Woolston, tea hostess, will serve at 1:15 p.m. and be assisted by group 7; Mesdames: Miss Maye Crawshaw, Mrs. John M. Ferguson, Theodore Friedrichs, Neal D. Herrick, William A. Jarvis, Henry F. Keever, Forrest F. Longe, Paul B. Monroe, James G. Patterson, Miss Ruth H. Rothenberger, Arthur L. Shaw, Paul H. Tardivel, Miss Florence E. Tower, Allard M. Valentine and W. Edward Wilson.

Centre Garden Club To Meet Tuesday

The January meeting of the Newton Centre Garden Club will be held Tuesday at 10 o'clock at the Newton Centre Woman's Club.

An interesting lecture: "Summer in the Yukon" is being given by Mr. William A. Drury, illustrated with colored pictures. Mrs. Frederick H. Knight and Mrs. Chester Churchill, program chairman, and co-chairman have made arrangements for this interesting lecture.

Also helping them in the entertainment for the year are: Mrs. Robert W. Blodgett, Mrs. Donald J. MacPherson, Mrs. Louis E. Phaneuf, Mrs. D. Allen Smith, Mrs. Franklin F. Snyder and Mrs. Richard S. Willis.

Plans for Charity Ball Discussed

The annual Charity Ball of the Junior Guild of the Infant Savoir will be held Friday evening, January 26, at the Hotel Somerset, Mrs. Timothy H. Donohue, 66 Randlett Park, West Newton, served as hostesses to the Newton-Brookline group of the Guild at her home Monday evening, January 8.

Among those attending the "coffee hour" were: Mrs. Daniel T. Holland, 164 Elgin road; Miss Rebecca Connolly, 361 Albermarle road, Newtonville, and Mrs. Joseph L. Burke of Newton Centre. Mrs. Philip H. R. Cahill, Mrs. William Prendergast and Mrs. Robert C. Haller of Chestnut Hill and Mrs. Robert T. Hughes of Wellesley Hills.

Also, Mrs. William M. Hogan, Jr., of Cambridge, chairman; Mrs. Joseph P. O'Reilly of Milton, tickets and Mrs. Frank J. Donahue of Cambridge, reservations.

MISS HELEN SANDSTROM

MRS. STERLING LOVELAND

Pomroy House Plans to Build Day Camp on Lake Cochituate in the Spring

The Rebecca Pomroy House, 34 Hovey street, offers Newton residents of all ages the opportunity to cultivate interests and hobbies. Its members, whether they seek sociability or instruction, take their choice from forty different clubs, classes, and activities of all kinds. In any one day, as many as five or six activities may be in progress at the House, including the morning nursery school, and classes in piano, dancing, drama, ceramics, dressmaking, cooking, and knitting.

The primary purpose of the House, which has a yearly enrollment of about 800, is to keep youngsters active and busy. The House directors, in providing clubs and teachers, want to do better by the children, whom they feel were a neglected group during the last war. The children prove the popularity of the clubs by staying on and bringing others. Some have been with the House for ten years, having started in the nursery school.

The team which runs Pomroy House is headed by Mrs. Sterling N. Loveland, president, and Miss Helen I. Sandstrom, the Executive Worker, who has been with the organization for over twenty years. Mrs. Loveland's chief interest in the House at present is a day camp at Lake Cochituate, which all the clubs will share. In past summers, Pomroy House, with the West Newton Community Center, has rented property for a day camp. Now the House has purchased ten beautiful acres on the Lake, and plans to start building there next spring. As Executive Worker, Miss Sandstrom sends out hundreds of postcards, in the fall, to everyone who has ever belonged to the

House, and notifies the public about the opening of classes. Those who register for instruction pay a fee of \$1.00 a year. Miss Sandstrom hires the teachers and assistants, arranges the House schedule, and conducts the mothers club and sewing and woodworking groups.

All the groups contribute to Pomroy House through house projects. The mothers club, a social group which meets Monday nights, helped buy silverware through food sales and a play. Club projects have given the House a movie projector, and everyone had a hand in raising money for the day camp.

In the summertime, Pomroy House maintains a play school for a limited registered group between the ages of four and seven. Here the children are kept occupied for a certain time each day, so that they are off the streets and under supervision. Pomroy House, which offers fun for every age, has an old peoples' group for oldersters who want a more active social life with others of their own generation. Twice a week they meet at the House for games and activities. Among other things, they knit afghans and make scrapbooks for the crippled children at the Peabody Home.

Kindergarten teachers say they can always recognize the better-adjusted child, who has attended the Pomroy nursery school. It helps ease the break between family and child before the child enters public kindergarten. Pomroy House is headquarters for the Newton District Nurses' well-baby clinic. There are dancing and crafts classes, cooking and sewing groups for girls from seven to

fourteen. The 4-H program is carried out in most of the cooking classes and one a month they make cake, cookies, or ice cream. "Cereal week" is never announced, although Miss Sandstrom claims the cereal, which they make with brown sugar and raisins, is very good. The girls in cooking pay 5c a week; however, Christmas week they paid 10c for the privilege of making ice cream with chocolate sauce.

The House's year-round activities include trips to museums and rollerskating rinks during school vacation, outdoor sports and weenie roasts. During Christmas week the drama group presented a Nativity play; and the House was noisy with parties as each club celebrated.

Instructors in piano are taken from the All-Newton Music School. The nursery school has a director and two assistants, a dressmaker teaches sewing to the girls, and a fashion stylist teaches the women. Other instructors are volunteers from Wellesley College, and people from within the community.

Rebecca Pomroy, who knew tragedy through the loss of her husband and two children, was a nurse in the Civil War and took care of President Lincoln's child at the time he died. After her experience in the war, she came to Newton and opened a home for problem girls in Newton Centre. It seems there weren't enough problem girls in Newton; for the home was short-lived; and she opened, afterwards, the Rebecca Pomroy Newton Home for Orphaned Girls. When the need for an orphanage lessened, the Home cast about for a new project, and in 1939 merged with the Stearns School Center to form a community house. Back in 1820, the House on Hovey street was an Episcopal rectory for the church which stood on the corner; and in 1872, when the church moved, it was taken over for the Pomroy orphanage.

Wednesday, January 24, the board of directors of the Rebecca Pomroy House will hold its twelfth annual meeting, to which the Red Feather agencies are invited.

Charles O. Richter To Address Carr School P.T.A.

Charles O. Richter, Assistant Superintendent of Schools in Newton, and President of the Newton Community Council, will address the Carr School P.T.A. at its next meeting, Tuesday evening, January 16.

His subject will be "Your Schools and Their Problems in 1951."

A discussion will follow. NEW ENGLAND'S FINEST SELECTION OF WALLPAPER ALLIED WALLPAPER CO. 746 Centre St., Jamaica Plain Open Wednesday and Friday Evening 7:15-9 JA 2-1280

Dr. Eric I. Lowenthal to Give Third Lecture on Jewish Books

Dr. Eric I. Lowenthal, Rabbi of Congregation Agudath Achim in Leominster, will be the third lecturer in the series of discussions on "Great Jewish Books," to be held at the Temple Emanuel School of Jewish Studies, Newton Centre next Wednesday, 8 p.m. The subject of his lecture will be "Chasidic Literature."

Dr. Lowenthal, a native of Germany, received his Ph.D. degree at the University of Berlin and served as Professor of Philosophy and Homiletics at the Rabbinersseminar. He has been a spiritual leader of Agudath Achim since 1944 and has taught and lectured in many of the colleges and universities in New England.

Other courses offered during the second semester of the School of Jewish Studies are: "Living As a Jew Today," Dr. Albert I. Gordon, Rabbi of Temple Emanuel, instructor; "Little Known Books of the Bible," Rabbi Harold Kastle, educational director, instructor; and three courses in Hebrew, beginners, intermediate and advanced, with Cantor Gabriel Hochberg, Mrs. Norman Rosenberg, Mr. Carl Cohen, instructors respectively. The Temple Emanuel School of Jewish Studies is in session on Wednesday evening, from 8 to 10 p.m. Coffee hour concludes each session. Registration is open to the public.

To Hold Concert In Waltham Jan. 27

The Metropolitan Singers of Boston under the direction of Robert Ewing will appear at Hovey Memorial Hall, Waltham, Jan. 27, at 8 p.m., under the auspices of the Minute Man Area Youth Service Committee of I. O. O. F.

This splendid group of 70 male voices have been furnishing good music and rendering a valuable service for the past 16 years. The proceeds from their concerts are devoted to the work of caring for crippled and handicapped children. On this occasion the proceeds will be shared by the above Oddfellow Service Comm., who will devote it to the program of their very fine work with boys 12 to 18 years in the area of Newton, Waltham, Watertown and Belmont.

Hospital Aid Ass'n Directors Meet

The regular monthly meeting of the Board of Directors of the Newton-Wellesley Hospital Aid Association was held in the Nurses Home Tuesday morning. Mrs. Robert W. Moore, Jr. presided.

Plans for the Annual meeting of the Association which was held in Uson Auditorium at the Hospital Tuesday morning, February 6 at ten o'clock were discussed during the business meeting. All subscribing members of the Newton-Wellesley Hospital Aid Association were invited to attend the Annual meeting of the organization.

Mrs. Bradley C. Higgins who has recently been chairman of the Junior League Economy Shop of Worcester, discussed some of the organization and management problems of that project.

Mrs. F. F. Munroe and Mrs. Morris Courtiss were hostesses for the coffee hour which preceded the meeting.

Beautifully Your Home NOW

The "Under Cover" Story

There's a difference in custom upholstery. At Bristol it's a fine science. The men who get inside your sofa or chair are qualified experts with years of specialized training. They studied reupholstering just as a doctor studies medicine, a mechanic studies machinery. They know the high standards of workmanship set by Bristol's — and they know how to meet them. Bristol's custom reupholstery department is efficient — and reliable, too. You seldom have to wait longer than 2 weeks. What's more, we have a huge assortment of fabrics — over 200 different patterns, each in a range of colors. You're bound to find just the fabric for your modern or traditional home.

WHY BRISTOL UPHOLSTERING IS DIFFERENT

- (1) We don't tie springs just 4 or 6 ways — we tie them fully 8 ways and with special twine.
- (2) We don't just glue loose frames — we take out old dowels, replace them with larger and new ones. We add brand new corner blocks.
- (3) We don't tack seams at just the obvious spots — we hand sew seams throughout the piece.
- (4) The welting isn't simulated — it's separate, individually made — that means it's stronger.
- (5) The seams on the sides and backs aren't blind-tacked — all the seams are hand-sewn.
- (6) We don't use ordinary fibre or excelsior — we use the new, expensive moss filling.
- (7) We don't just repair your cushions — we make brand new cushions, springs and all.
- (8) We don't put the fabric on carelessly — we make sure the pattern matches perfectly.
- (9) We don't just cut from a pattern — we fit your cover as carefully as a tailor makes a suit.
- (10) We don't settle for second-best materials — we use only the highest quality throughout.

March of Dimes Birthday Party To Be Held Tuesday, February 6

WCRB, the Community Station, will celebrate its third anniversary with the annual birthday party for the March of Dimes. It will be held on Tuesday, February 6, at the Totem Pole in Auburndale.

Taking stature as an annual affair, the proceeds will go to the March of Dimes Fund, which this year is entirely depleted because of the number of polio cases in 1950. As his contribution Mr. Roy Gill donates the use of Totem Pole for this fund-raising activity.

A full evening of dancing and entertainment is being arranged. Baron Hugo's Orchestra will provide the music, and many distinguished guests will be present. At the 1950 WCRB Birthday Party, more than 1800 persons attended, when Columnist Bill Cunningham and songsters Hum and Strum were featured headliners. Invitations have been extended to Governor

Paul A. Dever, Newton Mayor Theodore R. Lockwood, Waltham Mayor G. Chauncey Cousins and many others.

In Newton ticket-selling activity for the Birthday Party is being carried on by the Tri-Hi and Hi-Y Clubs of the Newton Y.M.C.A., under the direction of Alex R. Miller and Dwight Robinson. Mrs. Alvah Ring and Mrs. Donald P. Frail have also organized a large committee of persons whose families have had direct experience with polio. Newton March of Dimes Chairman Francis J. Murphy is in general charge, while WCRB Manager Deuel Richardson heads the Birthday Party activity.

Every half hour in the day during the last war, America's steel mills produced more than enough steel to build and completely equip one of the Navy's new destroyers.

Noted Landscape Architect to Give Talk at Meeting

Mrs. Lincoln Alvord, President of the Newton Highlands Garden Club, has announced that John Ellis, the noted landscape architect and specialist in arboriculture, will be the speaker at the Midwinter Meeting Tuesday evening, at eight o'clock, at the home of Mrs. Warren Bailey Kennedy, the program chairman, 39 Columbus street, Newton Highlands.

The subject, which will be illustrated by an unusual collection of specimens, will be "Broad and Narrow Leaf Evergreens."

Mrs. Raymond R. Wisner, the hostess, will be assisted by Mesdames Leonard T. Jenney, Richard Pattee, and Miss Adeline Graham.

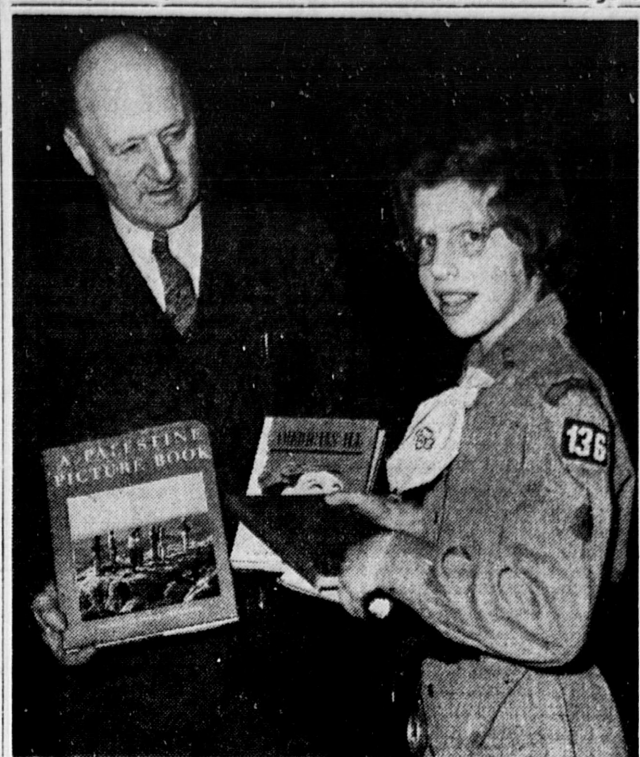

Talk on Interior Decorating to Be Given at Meeting

The Newton Upper Falls Woman's Club will hold a meeting at the Emerson School Kindergarten Monday evening at 7:30 o'clock.

Mrs. Arthur Elkins is chairman of the evening's program presenting Mrs. Margot Cabane, an interior decorator, who will speak about "Are You Afraid of Color?"

Mrs. Frank Hendry is hostess for the refreshments and the pourers will be Mrs. William Warren and Mrs. Robert F. Sawyer.

Thurs., Jan. 18, 1951 THE NEWTON GRAPHIC Page 3

NANCY MYERS shown presenting books from Temple Shalom Religious School to Librarian Harold A. Wooster at the Newton Public Library last Friday afternoon. The presentation was made in honor of Jewish Book Month. Photo by Welsh, Graphic Staff Photographer.

Rev. Roger Hazelton To Be Abbot Professor Jan. 31

The Rev. Roger Hazelton, Ph.D., of Newton will be installed as Abbot professor of Christian Theology of Andover-Newton Theological School, Newton Centre, Wednesday, January 31 at 3 p. m., in the First Baptist Church, Newton Centre.

In the professional, led by the seminary choir, will be delegates from many seminaries, colleges, ecclesiastical and other societies, the clergy of Newton, the faculty, trustees and representatives of 500 of the school alumni now serving New England pastorates.

Among those taking part in the installation service will be: The Rev. Dr. Herbert Gozork, recently named president of the school, who will give the opening and closing prayers; the Rev. Dr. Paul S. Minear, professor, who will read the scripture; the Rev. Dr. Charles W. Gilkey of South Yarmouth, installation prayer, and the Rev. Dr. Vaughan Dabney, dean, officiating at the induction. Dr. Hazelton's address will be on "Providence and History."

Before the ceremony, there will be a luncheon in the church, at which the Rev. Arthur J. Snow, pastor of the First Congregational Church of Stoneham,

will preside and Dr. Gezork will be the principal speaker. Dean Dabney will also take part and Dr. Hazelton will be the honor guest.

Appointed Member Of Advisory Group In C.P.A. Society

Donald P. Perry of 44 Sylvan avenue, West Newton, has been appointed a member of the Advisory Committee of Past Presidents, according to an announcement by Massachusetts Society of Certified Public Accountants. In addition to his activity in the Massachusetts Society, Mr. Perry is also a member of the American Institute of Accountants, the American Accounting Association, and of Boston Chapter National Association of Cost Accountants.

He has long been interested in Civic affairs, and is currently Treasurer of the Newton-Wellesley Hospital, and Director of the Massachusetts Hospital Service, Inc. He was formerly a member of the Massachusetts Board of Registration of Certified Public Accountants.

The Need Is Great

For the third consecutive year polio has raged across the nation, striking more than 30,000 men, women and children in 1950, according to the National Foundation for Infantile Paralysis.

Only once before—in 1949—had polio done greater harm. The toll of that tragic year was still being combated as the new cases were being reported when the epidemic swept the country.

In view of this continuing danger, it is clear that our contributions to the 1951 March of Dimes must be greater than ever before in order to provide sufficient funds to adequately fight this crippling disease.

In addition, there is now sound basis for the hope that polio can be controlled or wiped out through unremitting research.

Your contributions then to the March of Dimes will make you a partner in this great fight and at the same time will also afford you an opportunity to help those already suffering from this painful affliction.

Current Comment

Case of Revere City Manager Revealing ... Lodge and Taft Top G.O.P. Leaders ... State Bureau to Compile Insurance Figures.

Recent attempts by members of the Revere City Council to fire the city manager they hired a year ago pointed up one of the weak points of Plan E and offered a striking example of why many people are wary about that form of municipal government.

A former Roslindale man, Edward C. Monahan, who had served for three years as Norwood town manager, left the latter post at the start of 1950 and went to Revere to undertake the job of directing its affairs.

After he had been in the latter position exactly a year, he was unexpectedly removed by a 4-2 vote of the City Council. Subsequently, it was found that his ouster was illegal. One Councilor changed his vote, and this week Monahan was restored to the management.

The reasons behind the move to fire him were obvious. He had displeased certain of the City Councilors and had not done what they had wanted him to do.

A scrutiny of Monahan's record indicated that he had done just about what a city manager is supposed to do. He had introduced a businesslike administration in what is widely known as a racket city. There is no evidence that he did anything wrong or that he failed to take any constructive steps that Councilors favored.

Monahan himself said that he had stepped on too many toes and had offended too many people in his efforts to give Revere a decent and honest administration, and that probably sums up the situation fairly well.

No charges were directed against him, and it was obvious the Councilors who voted last week to fire him were not too anxious to explain the motives behind their action.

The point is that a city manager, whatever his own intentions, integrity, honesty or ability may be, serves at the will of a group of City Councilors under Plan E, and they can fire him any time they wish.

A city manager, with a family to support, who needs his job, is very likely to do what the Councilors demand of him rather than face removal on some trumped-up charges. And that's why a good many people think they're better off with a Mayor than a city manager.

Lodge and Taft Top GOP Leaders

It is becoming rapidly apparent that there is no real union of political thinking in either the Republican or Democratic parties in Washington, and the split within the G.O.P. was underscored last week by the conflicting statements contained in speeches made by Senators Robert A. Taft and Henry Cabot Lodge, Jr.

Where the Democratic party is divided into Northern and Southern members on such issues as civil rights, which are not likely to be featured in this Congressional session, the Republican split is between Easterners and Middle Westerners.

Senator Taft's leadership is widely followed by the G.O.P. members on domestic matters, but in the momentous debate now being waged over our foreign policy he retracts only the views of his colleagues in the vast Middle Western area and not those from either the East or the Far West.

Lodge and Taft, for example, are in direct

conflict on the question of sending additional troops to Europe, with Taft arguing that the commitment of a land army to Europe is the greatest incitement to the Russians and with Lodge replying that "to say that we would not extend any help to the nations of Europe until they are completely strong and do not need our help is like telling a sick man that we won't give him his medicine until he has recovered."

Now that Senator Arthur H. Vandenberg's failing health makes it impossible for him to function in his former role as Republican foreign policy leader, it seems evident that his successor in that capacity is to be either Taft or Lodge, two men whose thinking differs in many respects.

Lodge and Taft are likely to stand out more strikingly as the leaders of the two opposing Republican schools of thought in the Senate, and it is not impossible that the choice will lie between them when the time comes in June of next year to nominate the G.O.P. candidate for President in the 1952 election.

State Bureau to Compile Insurance Figures

About the best argument that could be advanced in support of Governor Dever's proposal for setting up a State bureau to compile the data on which the compulsory automobile insurance rates are computed annually, instead of accepting the information furnished by the insurance companies, is that the insurance company lobby at the State House is expected to fight the move.

Why should the insurance companies have any objection to the Governor's plan, if their own figures are completely accurate and foolproof?

Whether it is well founded or not, there is a firm belief at the State House that one possible result from the establishment of a State agency, which would gather the figures used in determining the compulsory rates, is that a lower charge might be assessed against many car-owners than is now the case.

That, of course, is strictly a matter of conjecture and speculation, but if the very powerful insurance lobby at the State House undertakes to block the Governor's measure, it will be reasonably fair to conclude that the insurance companies also anticipate the rates would be trimmed.

There are a number of aspects to the insurance maneuvers which are somewhat puzzling to this onlooker.

When the flat rate insurance referendum was on the ballot last fall, for example, the insurance companies spent a terrific sum of money in their efforts to defeat it.

Now when you get right down to hard cases, there is no valid reason why the insurance companies should object to the flat rate scheme for all cities and towns, since they presumably would receive the same amount of money as under the present system.

If everything is honest and above-board, we can't see why it would make any difference to the insurance companies if the automobile-owner in Boston and the car-owner in Pittsfield paid the same amount, provided the over-all total was unchanged.

But it obviously made a great deal of difference because the insurance companies invested hundreds of thousands of dollars in a campaign to prevent the adoption of a flat rate, and arguments were advanced in the course of that campaign which would hardly stand a searching test of honesty.

The system that has been followed for years in fixing the compulsory insurance rate has bordered on the incredible and the preposterous.

All the facts and figures used in determining the rates have been gathered by a so-called rating bureau which was maintained and paid for—not by the State—but by the insurance companies themselves.

Anyone who undertook to examine that data was confronted with vast piles of figures it would have taken weeks to wade through. The result was that in the final analysis the rates were determined by the insurance companies, not by the State.

The impression on Beacon Hill is that the Governor's plan will be approved by the House of Representatives but that the insurance lobby will make a determined stand against it in the Senate.

This is going to be a very interesting fight. It was understandable that public officials in some communities should battle the flat rate proposal because it meant that automobile-owners would have to pay higher premiums in many communities.

That isn't true in the current controversy. This is simply a move to protect all the car owners of the State and to have a public agency gather the figures on which the compulsory charges are based.

The insurance companies, of course, are entitled to meet their expenses and make a reasonable profit. But when they show an over-all surplus of \$40,000,000 above their accident settlements for a five-year period, one can't help but wonder just how great a profit they believe they should have.

When you pay your compulsory automobile insurance, 64 cents of each dollar is allocated to cover the accident risk and to pay for the accident claims in your community, and 36 cents is allowed for overhead, commissions, administrative expenses and a margin of profit.

It seems to us that the 64-36 ratio is somewhat out of balance. Perhaps a well-staffed State bureau would ascertain whether it is or not.

Members of the Syracuse, N. Y., City Council are still studying this memorandum from a department head on the city administration's budgetary problems: "The decrease in departments showing a decrease is increased by the amount of wage increases, and the increase in departments showing an increase is reduced by the amount of wage increases." He has a point there!

Arrested in an attempted holdup in Baltimore, Richard Mobely explained to police that he was just trying to raise enough money to finance a divorce. Now he won't have to worry for a while whether he's divorced or not.

Clarks Summit Exchange Group Entertain Parents

The Newton High School Workshop in Leadership and Community Life exchanging with Clarks Summit, Pennsylvania, held a tea for parents at the high school last Sunday afternoon. Those present included the members and their parents, the faculty leaders, the Faculty Advisory committee, and the Student Advisory committee, made up of last year's workshop members, with their parents. The tea was sponsored by the Newton Red Cross.

Mr. Floyd Rinker, Head of the English Department, and Chairman of Directed Field Studies, spoke to the big group about the importance and significance of the exchange project. Then the students took over to do the entertaining. David Starkweather played a clarinet solo accompanied by his mother; David Rich played the saxophone accompanied by his father; Ann Tevelkian showed her skill at the piano; Thomas Houlihan sang one of the latest song hits with Barbara Brinkley as accompanist, and Margaret Beale, Nancy Tisdale, Sonja Olsen, Conrad Terkelson, David Gordon, Peter Rees, and Thomas Houlihan blended their voices in choral singing, joined later by the audience.

Since the names and description of the Clark's Summit members arrived last week and have been paired with the Newton students, letters will soon

be underway. Projects dealing with the history, government, economics, religion, and school systems of both Clarks Summit and Newton are being prepared by the students in anticipation of their trip.

The selling of Christmas carols brought a clear profit to the infant treasury, and a campaign for orange and black book covers will open in the near future.

To Hear Paper on "The Silk Road"

At the meeting of the Social Science Club of Newton next Wednesday, Mrs. Horace W. Cole will present a paper entitled "The Silk Road."

The hostesses will be Mrs. R. Beuwkes Jr. and Mrs. Thomas Fox.

ALL ARE CORDIALLY INVITED

City Of Blue Chip Industries

Doelcam Corporation

One of a series of articles on "Newton, Home of Blue Chip Industries," sponsored by the Newton Chamber of Commerce in its campaign to attract more topflight concerns to the city.

Among the nation's foremost manufacturers of flight test and control instruments, which play an important part in the country's military strength, is the Doelcam Corporation, which maintains its general offices and engineering laboratories at 56 Elmwood street and its factories at 18 and 24 Brook street, Newton.

Doelcam's 30,000 square feet of floor space is currently being used 100 per cent for the development and production of defense equipment.

"As always," officials assert, "the emphasis is primarily towards quality with quantity, though important, taking second place in precision workmanship. As an example of this, one unit in production at present must be so carefully made that, after the electric current which drives it is shut off, its wheels will keep on coasting for over an hour-and-a-half before they come to rest."

Approximately 300 persons are presently employed at Doelcam, one-third of whom are working on design and development, with the balance assigned to production of units beyond the development stage. In connection with this work, the company is a corporate member of the Institute of the Aeronautical Sciences.

In 1938, Doelcam, which previously had existed as a development machine shop, began experimental and pilot model construction of the Mark 14 Gun-sight, which was then under development at the Massachusetts Institute of Technology. Upon completion of this development program, Doelcam began production of these gyroscopes and, during 1942 and 1943, produced approximately 14,000 units. In 1943 production was shifted to the improved Mark 15 Gunsight, of which more than 10,000 were

shipped. During the same period the company also produced a substantial number of other important instruments under government prime contracts.

Since the end of the war, Doelcam has been engaged in development and production of a wide variety of gyroscopic and other precision electro-mechanical equipment. Included among these are television relay receivers and transmitters, hydraulic servo control valves for use in guided missiles, automatic pilot control systems for use in airplanes and guided missiles, radar range servos for fighter aircraft, microsyn position indicators for fire control systems and gyroscopes for use in bomber navigation equipment.

Among major customers for this equipment are the Air Force, the Navy Bureau of Aeronautics, the Navy Bureau of Ordnance, Radio Corporation of America, Sperry Gyroscope Company, Western Electric Company, General Electric Company and all the principal manufacturers of military aircraft.

John J. Wilson, president and treasurer of Doelcam, has been head of the company since 1946. Born and raised in this area, he received his Bachelor's and Master's degrees from the Massachusetts Institute of Technology, and shortly thereafter worked with Waltham Watch Co. as assistant superintendent. Later he was sales manager and vice president of the Terrell Machine Co., and during the war was general purchasing agent for Sperry Gyroscope Company, Inc. He is well known in Newton for his successful chairmanship of the Manufacturing Committee of the recent 1951 Community Fund Drive.

Vice president of the company is George J. Schwartz, who is also a graduate of the Massa-

chusetts Institute of Technology. After graduation, Mr. Schwartz spent a number of years as a research engineer at the Service Mechanisms Laboratory of M.I.T., in connection with which he received the Naval Ordnance Development Award. At the end of the war, he became associated with the Armus Corporation, and continued his development work on fire control and navigation systems with them until 1947 when he joined Doelcam Corporation.

Most of the Engineers in the company are, likewise, graduates of M.I.T. Although the group is small in number, it represents well over 100 years of experience in the design and development of precision flight test and control instruments.

In line with its established long range growth program, Doelcam has recently expanded its production facilities through the lease of additional factory space at 18 Brook street, Newton.

Birth Announcement

Born to Professor and Mrs. Theodore Andersen (Deborah Hole) of Cincinnati, Ohio, January 9, a first child, Tom Christian Andersen. Grandparents are Mr. and Mrs. Leonard Hole of Newtonville, and Mrs. Earl Cloyd of San Juan, Puerto Rico.

THE CHILDREN of Mr. and Mrs. Nathan Schwartz, well known in philanthropic circles commemorated their parents' quarter century of activity in this community by donating funds to establish and equip a new blood bank at the Beth Israel Hospital, Boston. Left to right — Irving Schwartz, Nathan Schwartz, and Joseph Schwartz.

Newton Residents Give Substantial Gift to Hospital

A substantial gift to the Beth Israel Hospital by Joseph and Hazel Schwartz and Irving and Hannah Schwartz, all of Newton, in honor of their parents, Mr. and Mrs. Nathan Schwartz, also of Newton, was announced by Israel Friedlander, president. This contribution covers the cost of establishing and equipping the new blood bank at the Beth Israel Hospital. The blood bank will be dedicated in April.

In making the announcement, Mr. Friedlander paid tribute to the Schwartz family's generosity and vision in making available one of the finest blood banks in the country to serve the community.

The Schwartz' blood bank gift is a contribution of the children commemorating their parents' quarter century of life in Boston. During this period every member of the Schwartz family, parents and children alike, helped strengthen local institutions through working for and supporting a vast number of agencies including the Combined Jewish Appeal of Greater Boston.

The latest Schwartz' contribution will benefit all people served at the Beth Israel Hospital. The hospital and its blood bank is one of the sponsor hospitals of the Blood Grouping Laboratory, which pioneered in the saving of lives of babies born of Rh-negative mothers. They are now supplied with expert attention whenever needed through the Beth Israel Hospital's association with the Blood Grouping Laboratory.

The Beth Israel Hospital blood bank is also associated with the blood program of the American Red Cross and the two cooperate closely at all times.

Due to its highly skilled staff, its continual research activities, its fine facilities and equipment, as well as to its affiliation with the Blood Grouping Laboratory, the Beth Israel Hospital is equipped to supply blood at a moment's notice and in adequate amounts even for the rarest types at all times. This ready availability of blood has made the dramatic almost a routine experience.

Nathan Schwartz is well known for his communal activities and as president of the Allied Container Corporation in Hyde Park. Since coming to Boston from New York 25 years ago he has maintained an interest in philanthropy. His two sons, Joseph and Irving, who are associated with him in business, have been encouraged to engage in volunteer work for community welfare and follow in their parents' footsteps.

Mrs. Schwartz, the former Ida Estrich of New York, is interested in all phases of Jewish philanthropic activity. She is a life member of many organizations, including the Beth Israel Hospital, the Jewish Memorial

Hospital, the Hebrew Home for the Aged, and Hadassah.

Mr. Schwartz is a member of the Grand Street Boys' Association in New York. He is deeply interested in youth and was among the early pioneers who helped establish the Jewish community center in Nantucket which he now serves as vice-president. He is a trustee of the Combined Jewish Appeal, a member of the Business Men's Council of the Associated Jewish Philanthropies; Temple Emanuel, in Newton; Temple Ohabei Shalom, Brookline, the 200 Club of the New England Medical Center and many other organizations.

Library—

(Continued from Page 1)

R. Lockwood. His plans are designed to use the present building to its full extent, to greatly develop and extend the first floor facilities of the library, to provide a good sized basement stack for books and a 30 by 85 foot room, entered at sidewalk level and most convenient for public use. Many have been interested in the relationship of the new structure to the present front of the building. Mr. Appleton describes this as follows: "The new building will extend about 10 feet beyond the existing building on each side and will therefore completely mask it except that the upper portion of the old building will show above the new addition but it will be at such a distance back as not to compete architecturally."

The problem was to design the new building so that its facade would not only express the purpose for which the building is to be used but would also suggest the interior arrangement of plan, namely a large reading room divided into two sections by a wide central passage or entrance corridor.

Limestone was chosen for the front and grey brick for the sides in order to harmonize with the existing building.

The design is an adaptation of the Renaissance style which followed the Gothic period suggested by the older structure.

Draft—

(Continued from Page 1)

will run from January 22nd through 26th. He also announced that the Junior College Basketball Team under Coach Wilson is having a very good season having won four out of five games. They lost a game to Oxford and won two games from Cambridge Junior College, one from Posse, and one from Emerson.

Says Jobs For Grads to Be Plentiful

With spring graduation, Newton High School students taking commercial courses can pick from a long list of job opportunities. There will be only 100 to 130 graduates available to fill the large demand for workers in April, when these students are allowed to accept jobs, according to Carl P. Birmingham, placement counselor.

This year's high school seniors voice a preference for working in local business firms, perhaps because of the high car fare into Boston. More local jobs are being offered, illustrating a tendency on the part of the local businesses to interest high school youths in home industries.

The fact that more people are going into wartime industries explains the greater demand for beginning clerical workers. One Boston importing firm, writing to the Newton High School Placement Bureau, requested six replacements on a beginning level, at a starting salary of \$30.

Service—

rural New Hampshire church the past academic year and last summer worked in the Chaplain's Office at the Massachusetts Memorial Hospital under the direction of Chaplain John Billinsky and Chaplain Leicester Potter as a part of the clinical Newton. Mr. Malmberg came to training program at Andover Boston from Los Angeles, California, where he graduated from the University of California at Los Angeles, following three years in the Army Air Corps. He also studied at Saint Olaf College in his native State of Minnesota.

Goddard—

(Continued from Page 1)

best equipped organization I know of to provide certain essential and necessary services in a national emergency. Such an emergency exists, and the Red Cross is meeting the extraordinary demands now being made upon it, as it always has in the past. The great humanitarian work of the American National Red Cross deserves the moral and financial support of all thoughtful citizens."

Helen Dane, concert pianist, will give the second in a series of invitation concerts at her home, 15 Hancock avenue, Newton Centre, this Sunday. In a program which consists of Haydn, Bach, Chopin and Liszt, Miss Dane will play the first two movements of the Eroica Sonata in G minor of MacDowell and such moderns as Mompou and Ernst Toch.

Kiwanis Club Elects Lyons

The new president of the Newton Kiwanis Club is Thomas J. Lyons, elected January 9th at ceremonies at the Woodland Golf Club, Auburndale.

About 80 members and guests were present for the installation program, dinner and entertainment. The following heard the oath of office, which was administered by the installing officer, William Canter of the Boston Globe and lieutenant-governor of the Fifth Division: Carl H. Alvord, immediate past president; C. Evan Johnson, first vice-president; Charles L. Hildred, second vice-president; William H. Wragg, treasurer; and Frank E. Dowcott, secretary.

Also installed were the following directors: Raymond A. Bowman, George W. Bryson, Edmund F. Cheverie, Dr. John A. Conroy, Frank D. McMullen, Dr. Robert J. Muse, and Francis V. Terry.

Program chairman for the evening, which concluded with general dancing, was Mr. Cheverie.

Council—

MEMBERS OF THE MARCH OF DIMES committee in Newton made final plans for the drive here, January 15 through 31st, at a meeting last Wednesday. Standing left to right are Richard V. Cleveland, Edward Daly, Julius W. A. Kokler, Raymond P. Atwood, Thomas P. DeWan, George W. Bryson, Edward M. Mallett, Jr., Hugh M. Tomb, Leo Bova, Robert E. Hughes, Duell Richardson, William A. Medlicott, John P. Ahearn and James W. Foote. Seated are Mrs. Leo F. Baldwin, John H. Underhill, Frederick B. Eastman, Francis J. Murphy, Warren W. Oliver and Mrs. Alvah O. Ring.

Know About Polio-What to Do About It

Polio is caused by a virus far smaller than a germ. It attacks the motor nerve system that controls muscles. Muscles are affected when nerves are injured or destroyed. In early stages of the disease, the body puts up a good fight. In most cases, nerves win over the virus. Then there is no paralysis or it is slight. When many nerve cells die, some muscles are permanently paralyzed.

Many Recover
Out of 100 polio patients, about 50 will get completely well; some 25 will have slight paralysis but not enough to prevent an active life; approximately 17 will be permanently disabled; eight may die.

Spread of Polio
Children under 10 are most apt to "catch" polio, but there is no age limit. More adults have the disease today than formerly, although most are able to resist it.

The virus exists in the throat and intestines of human beings. People may give the disease to others without becoming ill themselves. These "carriers" cannot be detected, however. That is one reason why epidemics are difficult to control.

Polio is spread from person to person through frequent and close contacts such as occur in

a home. The virus probably enters the body through the nose or mouth. It usually takes 7 to 14 days to develop the illness after infection.

It has not been proved that beaches, pools or drinking water can spread polio. Nor do we know that any foods can spread it.

Closing of schools, camps, movies or other public places never yet has stopped an epidemic. Nor has DDT spraying.

Precautions
When polio is around—usually from spring to fall—keep children in their immediate circle of family and friends. Avoid close association with others. Stay away from epidemic areas.

Do not get overtired or chilled. Exhaustion and chilling are an invitation to a serious attack of polio.

Wash hands carefully before eating and always after going to the toilet. Do not put unclean hands in the mouth. Keep food clean.

Postpone tonsil and adenoid operations when polio is epidemic.

Watch for signs of sickness. Put the patient to bed, away from others. Ask your doctor's advice at once.

Keep calm. Panic is dangerous.

Symptoms
Polio begins in different ways—with headache, sore throat,

upset stomach, sore muscles or fever. More definite signs are a stiff neck and back, sometimes difficulty in swallowing or breathing.

Treatment
Prompt care is very important. Quick action may lessen crippling and prevent deformities.

Every patient needs good medical and nursing care. The doctor decides whether treatment should be given at home or in a hospital.

Usually moist heat is applied to painful muscles—hot packs or warm baths. Soon gentle exercises are begun to help muscles regain their use and strength. This is part of what is called "physical therapy."

Braces and other supports later may be necessary for weakened muscles—perhaps for only a time. Patients also are trained to make healthy muscles work in place of those injured by the disease. Sometimes the surgeon's skill is needed. Something known to medicine is done to get a patient on his feet again.

A few patients develop "bulbar" polio, the most serious form. For some of these, the iron lung or respirator is used.

Follow-Up Care
When there is muscle weakness or paralysis, treatment may continue for a long time. Even after a slight illness, patients should have frequent examinations by a physician.

High School Students Must Take First Aid

All seniors at Newton High School are now required to take the standard American Red Cross First Aid course as a part of the new School Preparedness Program which the Committee on School Preparedness is planning.

This program is approved by the Newton Department of Civil Defense. It is hoped that there will eventually be a First Aider in every home, in both peace and war in the future. All pupils of high school level will be expected to take the course which will be presented for an indefinite length of time.

The First Aid Course, which began January 2, is given during physical education periods for both boys and girls. All faculty members, cafeteria workers, and other adults connected with the high school will also be given the opportunity to take the course. The physical education teachers who are qualified First Aid instructors are teaching the course.

In the junior high schools, seventh, eighth, and ninth graders will take a Junior First Aid course of approximately fifteen hours.

Newton High School pupils who successfully complete the course will receive a standard Red Cross Certificate; junior high school students will receive Junior Red Cross Certificates.

First Aid is a part of a more extensive future Civilian Defense program which includes the entire city's welfare. Further plans for school defense such as an air raid warning system and refuge areas in case of raids are also under way.

"The Jewish Idea of Charity" To Be Radio Topic Address

"The Jewish Idea of Charity" will be the subject of Dr. Albert I. Gordon's talk over Radio Station WEEI this Saturday evening, January 20, at 7:15 p.m.

PLANNING 1951 HEART FUND campaign for Newton are left to right Vice-Chairman Harold T. Pillsbury, Director of Municipal Research for Newton and L. Johnson Callas, President of the Newton Republican Club. The drive will begin Thursday, February 1 and run through February 28.

Dean Bunker To Speak At Civil Defense Meeting

Newton residents who heard Dean John Bunker of M. I. T. at a meeting in Worcester this week, report that he presents a most complete and educational picture of atomic warfare and the defense against it.

Dean Bunker will be the principal speaker at the public meeting for Newton Civil Defense to be held Sunday, January 28, at 2 o'clock in the High School Auditorium. Other speakers will be Mayor Theodore R. Lockwood, who is the head of Civil Defense for Sector 4, representing Newton and the seven communities around it; and Col. Douglass B. Francis, Director of Civil Defense for Newton.

This is the first public meeting in behalf of Newton's program, and will present for the

first time many of the details which have been worked out over a period of several months by the Civil Defense Council and the staff. Besides the atomic bomb material, there will be presentations of defense against other modern methods of warfare, and questions of sabotage and subversive activities. The meeting is open to all citizens of Newton, who are urged to attend to learn what the city is doing and how all can help.

Clinton Brown, of 14 Elliot Memorial road, Newton, has been enrolled as a student in the Airlines Training Division of the Aviation Training School at 673 Boylston street, Copley Square, Boston.

Maloney is Re-Elected Commander

William J. Maloney, post commander of Sgt. Eugene J. Daly Post, V.F.W., was re-elected to serve his third consecutive year as commander of the United Veterans' Organization of Newton, January 9th in the War Memorial Building, Newton Centre.

Chairman Maloney announced that 32 Newton boys will be inducted on January 26, and the

send-off will take place at 6:30 a.m. at Waltham City Hall. Mayor Theodore R. Lockwood commended the U.V.O. for its gift program, a fund used to purchase gifts for Newton boys entering the armed forces. The U.V.O. is composed of delegates from the 12 veterans' organizations in Newton, 11 of which were represented at the election.

Robert Tennant, past commander of Burns-Kerr Post, American Legion, and chairman of the mayor's Veterans' Advisory Committee, was elected the new vice-chairman. Richard E. Duffy, commander of Burns-Kerr Post, is the new secretary. Elizabeth Cunningham, past commander of Newton Women's Post, A.L., was re-elected treasurer, and William E. Halliday, Jr., past commander of Newton Post, American

Legion, was elected to the recently-established post of historian.

The organizations commended Mayor Lockwood and his committee for the manner in which the dedication of the monument to Newton's missing of all wars was carried out at Newton Cemetery, on Armistice Day. A constitution committee to study the by-laws of the organization was created with the purpose of making necessary changes to suit the work being done by the U.V.O., regarding both veteran and civic affairs.

In 1942, the steel industry produced a total of 11 million tons of plates for wartime use—enough to girdle the globe with a nine foot band of steel half an inch thick.

TOUGH BATTLE FOR NEWTON SATURDAY

On The Sports Scene

By RODD EXELBERT

ALMOST BUT NOT ENOUGH—B. C. got national recognition upsetting CCNY and could have been one of the top twenty hoop teams if they didn't drop that tough one to Canisius 54-56. . . . Newton will be represented in Hockey All Star games with Doug Manchester (NHS) and George Pettie (OLH) sure bets. Manchester played the best game of his career last week and received a wonderful ovation. "Zip" Thompson by the way is coming along. He did his best skating and stick-handling against Stoneham also. The boy can really shoot! . . . OL boasts of an athlete who stars in six sports. "Crungie" Cronin excels in football, hockey, baseball, track, golf and basketball. . . . Hats off to Frannie Rice for pacing a winning Newton Jr. College five. . . . If Joe Malley Jr. (OL) gets the winning goal against Columbus tonight (Wed., Jan. 17) it will be a news item. Joe's dad coaches Columbus. . . . Newton will be after its 11th Northeastern Track title Saturday at the Garden. They will have a better-than-average chance of taking it away from the 1950 champs, Boston English. We predict Morrison, Tripp, Savoy, Higgins, DiGiovanni, Shannon, Gould, French and the relay team to get enough points to win.

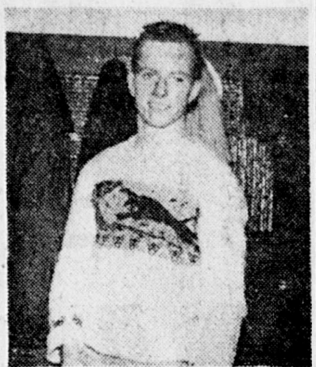

THE BRAINS. . . . As Sonny Hertzberg is the floor leader of the Boston Celts, little Dan Magaw is the brains of the NHS five. He calls the plays and sparks the club. . . . Ralph Barisano, ex NHS football and hoop star is now glittering for the YMCA. . . . Coach Bob Barry (OL) scored the tying goal for the Jim Gaquin "Duddy's" hockey team against the GE-AA of Lynn. The "Duddy's" are one of the best semipro clubs around. Frank Bell and Barry (NU) and Dick Ham (Olympics) make up the nucleus of to top-notch skating outfit.

Stars of the Week . . .

GEORGE PETTEE
Our Lady's Hockey

Doug gets the honor again. He played the greatest game of his career getting three solo goals in pacing Newton to an upset over Stoneham.

DOUG MANCHESTER
Newton High Hockey

Pette not only was superb on defense but his last seconds goal gave O.L. a thrilling comeback victory over St. Clement's.

Ten gallons of coal tar are recovered from a ton of coal.

Kilroy Jr. BY COMMUNITY BARBERS

Holes are in Swiss Cheese for a definite reason just like the Community Barbers are in Newton for definite reasons. In the first place, we like it here and secondly, the smart citizenry hereabouts like fast, careful service. See us soon.

Tangles With Belmont at Boston Arena In Game Which Should Be A "Honey"

Newton's improved hockey club paced by sharp-shooting and tricky maneuvering Doug Manchester tangles with Belmont High Saturday at the Boston Arena in a game which should be a "honeydinger". Although Belmont upset Melrose last week 1-0 due to the excellent net work of goalie Ed Kerr, Newton has shown encouraging scoring punch and defensive tactics in their last two outings against Melrose and Stoneham. Belmont has a 3-2 record, beating Arlington 5-3, Medford 6-0 and Melrose 1-0 while losing to Latin 0-3 and Stoneham 1-2.

Because Newton upset Stoneham 4-2 it seems to figure that they should beat Belmont which lost to Stoneham 1-2. However the GBI League this year is full of upsets and for the remainder of the season and in the playoffs, any weak team is liable to come through with a surprise victory. Every team has improved each time out.

Newton previous to its only win of the season against Stoneham, tied Medford 1-1, then lost to Rindge 1-7, Arlington 2-4 and Melrose 2-5. Belmont will be a decided favorite to whip the Newtonites Saturday. Although their lone goal against Melrose was a "cheapie," Belmont's defensemen, John McDougall (34) and Bob Shaw (31) get credit for their great checking and tangleing with high scorer Bob Marsois and his teammate Andy Cicoria. Of course Kerr did a neat job stopping shot after shot but Marsois and Cicoria didn't get away as half as many

shots as they have been accustomed. Doug Manchester will be the man to stop Saturday. But watch Numbers 34 and 31 try to do it! Manchester's three goals boosted him into a tie for fourth place in the scoring race, with 7 points. Newton Wins First 4-2

Thanks to their best scoring threat, Doug Manchester, who tallied three solo goals all in the first period, Newton scored its first victory of the season last week upsetting Stoneham 4-2. It was one of Doug's finest exhibitions of his career. (Doug also had numerous other shots at the goal but either goalie Charlie D'Entremont collected some poise as the game continued or two many defensemen got in his way.)

Manchester opened the scoring in 48 seconds. Coming down the right side, he looked as if he was going to skate behind the Stoneham cage; instead he hooked a close angle shot inside the left

This Week . . .

... In Sports

Fri. Jan. 18:
Basketball—Brookton at Newton (3 p.m.) A non-league game. Brookton has always had great clubs.
Our Lady's plays host to strong St. John's at (8 p.m.) O. L. must win this to keep up near the front.

Sat. Jan. 20:
Track—Big Northeastern Meet at Boston Garden. Go to see Newton's good chances to cop the championship.

Hockey—Newton vs. Belmont (1 p.m.) Arena. Newton can upset Belmont. It will be close.

Sun. Jan. 21:
Hockey—Our Lady's battles always tough Malden Catholic in quest of second half title. The game of the week! (2:30 p.m.)

Tues. Jan. 22:
Basketball—Our Lady's visits St. Mary's of Brookline in a rivalry contest.

Wed. Jan. 24:
Basketball—Newton at Brookline (3 p.m.) A great rivalry and Newton must win to keep alive chances of taking Suburban title.

BASKETBALL AT ANDOVER NEWTON Theological School, Newton Centre, is a major sport. A schedule of games is arranged with nearby theological schools and attracts a good cheering section. Home games are played at the Andover School gymnasium in Waban. Pictured left to right: Coach, Jim Sherrill, California; kneeling front row, Don Henderson, Mass.; Paul Gleason, New York; Jack Hasty, North Carolina; Ed Holmes, Georgia; Jack Clark, Georgia. Back row, Monty Murray, Mass.; Bob Cross, Mich.; Homer Demopoulos, Penn.; James Jensen, Washington; Wayne MacLaughlin, Virginia; Wayne Price, Indiana; Jim Chuck, California; Aki Hiram, Colorado. Home and return games are played with the following: Boston Univ., School of Theology; Hartford Theological Seminary; Providence Bible Institute; Episcopal Theol. Seminary; Harvard Theo. Seminary; New England School of Theo.; and Gordon Divinity School.

Newton made it 4-0 at 6:54 of the second canto. Little Joe Cavallo got in front of a megle at the Stoneham crease and scooted in a loose puck. Stoneham scored a goal late in the second period and at 9:49 of the last stanza but they couldn't get enough shots at Danny Coffey in the interim. Ronnie Wamnamker scored twice for Stoneham.

Newton High Basketball

Newton High Loses 38-28 To Fast Waltham Team

Reggie Smith's Varsity basketballers played more like a Junior High club in losing 38-28 to a fast-moving Waltham team which although lacked height had a scoring punch in long shot artist Red Russo and in aggressive Lou Kirsch and Ed Beck.

Waltham made Newton look foolish many times, stealing the ball, intercepting poor passes, taking rebounds they never should have, and out-running some Newton players who didn't back-track fast enough.

When the Orange lost to Waltham recently it was because they were unable to get a point for a whole period. Against Waltham they barely made three points in the most important fourth period when the score only stood 28-25 in Waltham's favor. Usually dependable Freddy Dauten had an off-night. He only scored one harmless basket and his weak defensive work on handling Russo was noticeable. Russo clicked for four long ones and out-ran Freddy for a push-up. But the whole blame wasn't on Dauten, the team as a group just didn't score enough.

We don't want to sound like the wailing-gong after a loss but here's why Newton dropped this one. In the first period they were about even with Waltham losing 7-10 but Beck stole the ball from Higgins and Russo broke away from Dauten for four easy points. In the second stanza, the game was tied 15 all at the half but seconds before the end Bailey lost the ball, muffed a foul and on the rebound Price missed a perfect shot.

Within 35 seconds of the second half Kreider and Magaw got long shots to put Newton ahead 19-15 and we thought the Orange was going to take this one. Dauten soon got his only points on a lay-up for a 21-17 lead but after that, Newton was plain lethargic and Waltham practically was given the game. Kreider had a poor pass intercepted for another easy Waltham basket. But Price's tap-rebound seconds before the third period ended, still had Newton in the ball game, only losing 23-28.

Here's how the Smith's actually lost! Trailing 27-30 with more than six minutes left, Miller's foul and Denney's easy basket pushed Waltham's lead to 33-27. (What hurt was that Denney was all alone under the Newton basket, left unguarded.) After that, Newton cracked and only Kreider could get a foul point for the remaining

minutes. It was a sorry finish as Waltham loafed and took advantages of fouls to improve their lead.

Nearly half of all the jobs provided by America's manufacturing industry depend upon the manufacture and use of steel.

NH Hockey-Track Fans -- Attention

The Graphic does not recognize a loss on the Newton High hockey team schedule in its recent reported defeat by Belmont Hill Prep School. The game was not a scheduled match and the coach and players went into the mid-week fray intending to get in a good practice session. Regardless of how B. H. scored the game, Newton does not consider it a loss.

On the other hand, the track team which was recorded as having won a "practice" meet against Watertown in its opener insists that the meet was a scheduled one and that as far as they are concerned they planned to score regardless of the outcome. We went along with the track team and scored it a regular victory instead of a practice meet. It stands that way!

O. L. Romps 55-32 Over Cathedral

With Billy Bertrand pacing the O. L. hoopers with 17 points and Jim Murphy and Capt. Dick Butler getting 10 each, Coach Charlie Gallagher's cohorts won their second Catholic League Division 2 game in three starts, beating Cathedral High 55-32 last Wednesday night. Newton had a 34-8 lead at the half and the rest of the game was mere running out time as substitutes saw considerable service.

Rule Book Wins for Newton Hoopsters; Tigers Edge Latin 48-47 in Sudden Death

It pays to be a Coach and a Basketball Official Referee at the same time. For being just that, Coach Reggie Smith gave his Newton High hoop team their most exciting victory of this or any year. His remembering a ruling regarding the "Duties of Timers" enabled Scotty Price's push-up shot count for a 46 tie score in the first overtime period in their game with Cambridge Latin last Tuesday. In a sudden-death which followed, Freddy Dauten's last second lay-up won the game 48-47. (In sudden-death, the first team that scores two points wins. Latin had scored one foul shot previous to Dauten's winning basket).

With seconds remaining of the regulation game, John Kreider sank a foul shot to tie the battle at 44 all. In overtime of 3 minutes, Latin scored a basket and as the final gong sounded, Price tipped in his tying two-pointer. However, there was a dispute on his shot. The referees and the time keepers could not come to an agreement concerning Scotty's goal. Whether he made it before or after the gong sounded was never discovered during the 15 minutes of huddling-around, until Smitty finally came up with the decision that decided the continuance of the game. He remembered Rule 2, Section 11 of the Official Rule Book which said to this effect "that if the timers disagree the goal shall count unless the referee has knowledge that alters such ruling." But the refs didn't have such knowledge and the timers disagreed. The basket counted and the game continued.

In the sudden-death (3 minutes) Newton fouled Latin four times but Latin waived all the foul shots to keep possession of the ball. However, when Eddie Asaley was fouled taking a shot at the basket he went to the charity line for both tries. He made the first. If he also made the second the game would have been over. However Eddie muffed the shot; Newton got the rebound, and took time out. Then Kreider passed the ball to Pinky Higgins who "fumbled" the ball within the 10 second line, Dickie Fitzpatrick recovered. A pass went to Dauten who faked a long shot, drove-in for a lay-up and scored. Although he was fouled making the basket the foul point wasn't needed. Newton had already won 48-47. (There was a dispute on the play which Higgins handed at the 10 second line, Latin insists he was in it

too long. But Smitty again came up with an after-game ruling that if a player "fumbles the ball" within that area (and Pinky did) then the ball is in legal play).

Y Chess Club Wins One, Loses Two

In Class "A", Newton "Y" Intruders defeated the Lithuanians three to two, although one game is to be adjudicated.

In Class "B", Cambridge "Y" defeated Newton "Y" Commonwealth three to two, and Arlington "Y" Gamblers five to nothing.

The Matches—Class "A", John Hubert of Newton "Y" Intruders defeated Skema. Skema won the Class "A" championship against all comers in the contests held at the Boston City Club this past fall. Capt. Merkis of the Lithuanians defeated Mivhel Piperal. W. W. Parsley of Newton "Y" Intruders defeated Keturakis. Kubilius of the Lithuanians defeated Lester Gee. Capt. Harrison Coggeshall's game of Newton "Y" Intruders with Kontautas is to be adjudicated but it would seem that Coggeshall should get the decision.

Class "B", Hadidian of Cambridge "Y", defeated Carl Miller. Capt. George Hopwood of Newton "Y" Commonwealth defeated Moore. Tariat of Cambridge "Y" defeated Felix Pereira. Capt. Reed of Cambridge "Y" defeated Valdimar Nielsen. Dr. S. W. Kramer of Newton "Y" Commonwealth defeated Johnson.

Capt. Jeremy Coulter, Secretary and Tournament Director of the Metropolitan League defeated D. Leighton Ordway. Young of Arlington defeated Wm. Cushing Loring. Capt. Sampson of Arlington defeated Judge Thomas Weston. Callahan of Arlington defeated James McLaughlin. Stockwell of Arlington defeated Warren Blaisdell.

On Friday Jan. 19, Class "A", the Newton "Y" Intruders play Harvard Univ. at the Newton "Y". In Class "B", the Newton "Y" Gamblers play Harvard Univ. at the Newton "Y". The Newton "Y" Commonwealth plays Arlington at the Newton "Y".

The Newton "Y" Chess Club meets every Tuesday at 7:30 pm. in the Colonial Room at the Newton "Y", 276 Church street. Class "A" Championship against with us.

Ivory Carvers Work
Tokyo (SF)—The Ivory carving industry in Japan consumed 33,000 pounds of raw ivory in 1949, as compared with 13,224 pounds in 1948—all for export work.

SPORTS

Our Lady's Plays St. John's Friday

Expecting to extend their winning streak to two more games, after their important 44-35 victory over St. Mary's of Waltham last Tuesday, Our Lady's five meets a fair St. John's team from Cambridge Friday night (January 19) at the O. L. gym and then on Tuesday (January 22) they'll face weaker St. Mary's (B) in an away game.

If comparisons of scores mean anything, St. Mary's (W) edged St. John's 36-35 and St. Mary's (B) 29-27 while losing to a much better and highly-rated O. L. club 35-44. Thus the Purple and Gold should have little trouble against both these teams if they play the same type of ball displayed in their win over Waltham. O. L. has the decided height advantage.

O. L. Loses 52-50

In their fourth outing of the Catholic League Div. II race the Gallagher's lost a heartbreaker last week to undefeated Columbus 52-50 when Tony Aiello gave his home crowd some exciting moments during the last seconds, swishing a perfect push-up with 15 seconds remaining to clinch the game. It was a see-saw battle throughout, with O. L. leading 29-22 at halftime. It was O. L.'s second loss in four starts.

Scoring: Butler (5-5-15), Bertrand (4-2-10) Thomas (4-3-11), Murphy (2-1-5), Grant (3-1-7) and Shields (1-0-2).

Purple Wins 44-35

Taking the big one, Charlie Gallagher's improved O. L. team put on a good show at the Waltham High gym last Tuesday night beating St. Mary's (W) 44-35 with the scoring trio of Butler, Bertrand and Murphy once again leading the parade. They got 37 points between them. Although O. L. was the pre-game favorite, St. Mary's proved to be as scrappy as the Garden City boys figured. Joe Tebeau and Joe Pavone who both were club, did likewise against O. L.

O. L. got away to a 6-0 lead on quick baskets by Shields, Murphy and Butler and were never-headed after that. They led 14-6 at the first period, then 23-11 at the half. What was surprising was the fact that St. Mary's in only collecting 11 points (4 baskets) bumped into a stiff O. L. defense, getting only 24 shots at the basket.

St. Mary's actually outscored O. L. 24-21 during the last half, but the Purple hoopsters were dancing around a comfortable 10 point lead throughout the last two periods to ice the game. Butler's 8 points in the last period helped as St. Mary's began pressing.

(The victory was O. L.'s third of the year. They previously beat Columbiakille 54-26 and Cathedral 55-32. Their losses have been to powerful Matignon 80-65 and Columbus 52-50.)

Scoring: Butler (6-4-18), Bertrand (5-0-10), Murphy (4-3-11), Shields (1-0-2), Faber (1-0-2), Thomas (1-0-2) and Grant (0-1-1).

Tigers to Take on Brockton and Then Brookline

Newton's breath-taking hoop club tackles Brockton High at the Newton gym Friday afternoon (Jan. 19) in a non-league game and then travels to Brookline for a 3 p. m. meeting with the rival Wealthy Towners next Wednesday (Jan. 24).

Although Brockton isn't a Suburban League member the Friday game should prove interesting and give the Tigers a valuable practice session. Brockton, an annual Tourney entry, always boasts of a scrappy, high-scoring outfit.

Against Brookline, Newton goes after its fourth Suburban win in six starts and it will be an important game on the Orange card. The Tigers lost to the Townies 37-35 in a practice game to inaugurate the Brookline gym before the Suburban race began, but that day Scotty Price wasn't in uniform. Having Price for the coming tilt will improve Newton's chances since Brookline has two tall men in Don Brady and Norbet Rubinstein. Brady is the top scorer in the club and he and Ruby are very dangerous on the for-boards. Mike Dukakis, Sonny Monosson, Jim Palais and Eddie Yarkin see considerable action switching around. Yarkin likes to hit from the long ones.

Newton has won three of the five League games it has already played, but every win has been a close one. They beat Rindge 37-35, Arlington 41-38 and Cambridge Latin 48-47. In their losses they have been shacked. Watertown defeated them 49-36 and Waltham ran away 38-28.

Brookline lost to Waltham last Tuesday 46-36 but that was the afternoon Red Russo hit for 30 points to tie a Waltham scoring record. Previously they tied Arlington 32-32 in a game which may be replayed, lost to Watertown 49-46 and beat Latin 46-39. The games with Newton are always close and this coming one

Newton Track Team Tops Malden 53-24

Newton's tracksters had another easy outing in its second track meet of the early indoor season swamping Malden 53-24 at the Drill Shed last Thursday. Johnny Tripp racing a new mark of 35.2 second in the 300, George Higgins coming from behind to cop a thrilling Mile Run, the 5 ft. 11 inch winning high-jump of lanky Dick Savoy, and Newton's sweep of the low-hurdles were the highlights of the victory.

On Saturday (Jan. 20) the Bollermakers will head for Intown and the annual Northeastern Meet. Here they will be up against all-around tougher competition. But with the fine overall talent that Newton does have, the Orange can do justice in this meet . . . and win it!

Against Malden, Newton got off to a quick 14-3 lead. Al Rawlings and Tripp got a one-two in the shot, and Savoy cleared the high-jump bar at 5 ft. 11 with Dick Dunbar sneaking in a third. In the dash, Malden's grid star Jerry Romano just edged Bob Elkins and a nervous Paul Gould but in the hurdles which followed, Newton took a clean sweep with Capt. Norm DiGiovanni leading teammates Walter Kett and Savoy. (In this event, Dunbar also ran. Newton thus had four runners eligible, each taking a first and second in the trials). With the 300 coming up, the Orange had a comfortable lead 27-9.

Tripp came through as expected in the 300 and beat his own record time set last year of 35.3 seconds. Malden's Butler and Newton's Howland tied for second in this event which was decided by time. (Newton took a first and split four points with Malden for the other positions). "Moose" Morrison and teammate George Kelley had the 600 to themselves with "Moose" taking it in 1:22.8. Malden placed a third. This boosted Newton's margin to 42-12. Don French had it easy in the 1000 with Malden taking second and third. And in the race of the afternoon, Higgins trailing the field in the Mile for 16 of the 18 laps finally put on his spurt and blazed past Malden's ace runner, Frank Cameron, to win in 4:53.7. Newton's Dick Perry who paced the field throughout came in third. The Orange led 53-19 with the Relay remaining. Here, the DiGiovanni-Haywood-Snyder and Farragher team had the race won, but after Snyder took the baton from Haywood he slipped on one of the turns and was unable to get up and continue. Malden finished in 1:35.4 alone but it was all in vain, Newton had already won the meet!

Lodge to Dedicate Memorial Plaque

Tonight (Thursday) at 8 o'clock Newton Lodge I.O.O.F., will dedicate a memorial plaque in honor of all the deceased members since the Lodge was instituted in 1880. The members of the Lodge cordially invites the attendance of the families of the brothers who have passed away.

Rev. Sidney Adams will dedicate the plaque.

Engagement is Announced

At a tea on December 31 at their home in Oak Park, Ill., Mr. and Mrs. William Dewey Sawyer of Oak Park and Gloucester, Mass., announced the engagement of their daughter, Lorraine Elizabeth, to William Elisha Bacon, son of Mr. and Mrs. Frederick Sayford Bacon of Newton and Gloucester.

Miss Sawyer was graduated from Monticello College and is now a student at the Katharine Gibbs School in Boston. Mr. Bacon, the grandson of the late Judge and Mrs. William F. Bacon of Newton, prepared at Wilburham Academy and is now a senior at Harvard College where he is a member of the Hasty Pudding-Institute of 1770. Speakers, and D. U. Clubs.

Though Canada is a coal-producing nation, she took 16 million tons of U. S. bituminous in 1949.

Watertown still remains at top of the League with 4 straight wins, Waltham and Newton are tied at second with 3-2. Rindge is next with 2-2, then follows Brookline with 1-2-1, Latin with 1-3 and Arlington with 0-3-1.

Supermarket Location Hearing to Be Held Today

A long standing fight by a large group of Newton residents to prevent the erection of a supermarket near the corner of Walnut and Beacon streets in Newton Centre will come to a head again this afternoon (Thursday) at 3 o'clock when the Metropolitan District Commission will hold a public hearing on a request of the supermarket to lease from the MDC a parcel of Cochituate aqueduct land to be used as a parking lot. The request was filed by Judge Donald E. Mayberry of Newton, who is representing the supermarket company.

The battle between the residents and the supermarket has been in progress off and on for over two years. Several hearings have been held before the Newton board of aldermen and the Newton Planning Board. At the last hearing more than 100 residents appeared to protest the supermarket and petitions against it were signed by more than 300 residents.

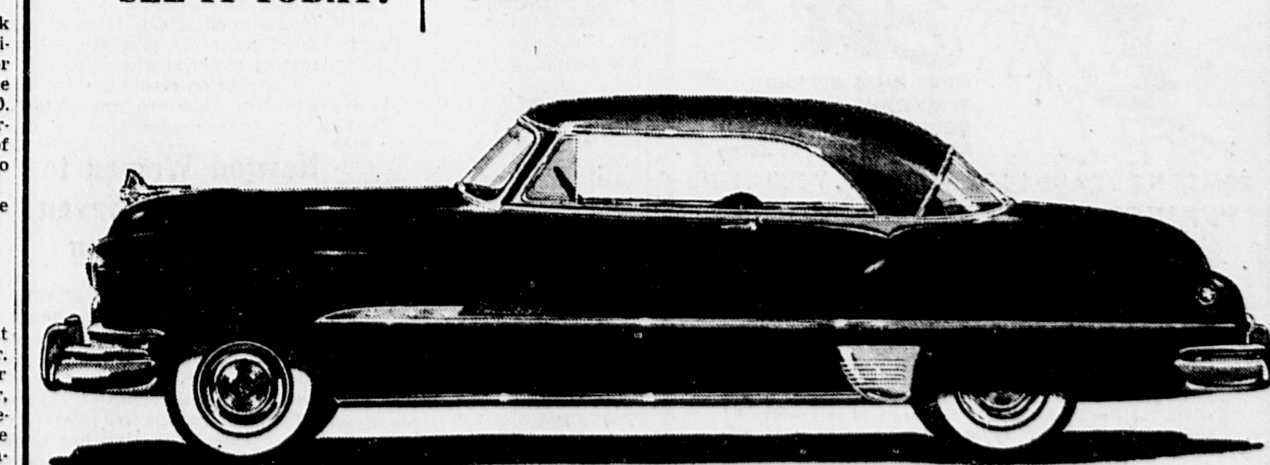

Residents' objections to the erection of a supermarket in this vicinity are based upon the increased traffic a large store would bring to an intersection which is already dangerous, the nuisance of trucks unloading at night, glare from night illumination, rodents and other nuisances. Residents say that a supermarket would change the character of the neighborhood and bring with it hazards and nuisances to greatly detract from the desirability of the area as a place to live.

The residents have tendered economic reasons as well for their opposition and claim it is not in the interest of the city to establish a new shopping area to compete with shopping centers in Newton Highlands, Newton Centre and Newtonville. In this they have been supported by the Newton Chamber of Commerce, the Newton Highlands Businessmen's Association, the Newton Highlands Men's Club and the

Adult Education Program Holds Its First Session

Temple Shalom of Newton got its first annual adult education program under way this week, sponsoring initial meetings in three courses.

The first of six discussion meetings in the course entitled "The Liberal Jew in His Community" drew a large attendance Tuesday night. The speaker was Dr. Oscar Handlin, associate professor of history at Harvard University, who spoke on "A Primer of American Jewish Sociology."

This meeting, like the others to follow on the second and fourth Tuesday evenings through March, took place at Filene's Chestnut Hill Store Auditorium. Audience discussion following Professor Handlin's address was directed by Moderator Robert E. Segal, president of Temple Shalom.

The second meeting of the course, on January 23, lists as the speaker Rabbi Maurice L. Zigmund, director of Hillel Foundation at Harvard, Radcliffe, and M.I.T. He will talk on "World Jewish Survey — Post World War II."

The other two courses launched this week are designed for small home study groups. They are: "The Liberal Jew and His Family," with Paul Barrabee as leader; and "Great Jewish Books," lead by Rabbi Irving A. Mandel of Temple Shalom.

The former group met Mon-

Wants Candidates To Seek Only One Nomination

Representative George E. Rawson of Newton has filed House Bill No. 153 to provide that candidates for nomination by a political party at a State primary and persons accepting such nominations be required to be an enrolled member of such party.

In enacted into law, this bill will end the practice of certain candidates filing papers for nomination by both parties, which has caused much confusion in primary campaigns. It will also strengthen the two party government system.

Representative Rawson filed similar bills in previous years and secured their passage through the House, whether it was Republican or Democratic, but the Senate has always defeated them.

A small group of senators who wish to secure both nominations for themselves, have held the balance of power and enough votes to kill the bills. It is hoped this year's bill will be more successful.

day night, and will meet at another home Monday. Rabbi Mandel's group will meet February 14.

DEATHS and FUNERALS

Military Honors Accorded Sgt. Casey at Pro-Funeral Mass

Military organizations, friends and relatives paid tribute to Sgt. Jeremiah J. Casey, 29, of Auburndale, who died in Korea November 28, at a pro-funeral mass celebrated at Corpus Christi Church, Auburndale, Saturday.

Rev. Thomas F. Murphy, pastor, celebrated the solemn mass at 9 o'clock, assisted by Rev. Edward Beuler, deacon, and Rev. Paul Jakman, sub-deacon. Rev. George F. Smith, former curate of Corpus Christi Church, was seated within the sanctuary.

At the conclusion of the mass, Fr. Murphy paid high tribute to Sgt. Casey, and to all the young men who are serving their country.

Sgt. Casey won the Silver Star for heroism in the Second World War, and re-enlisted in the Army in 1946. He went overseas in May to Japan, and in August, went to Korea with Company A, 32nd Regiment, 7th Division. His wife, Mrs. Peggy Casey of 273 Lexington street, was notified of his death by the War Department recently.

Military honors were accorded by Veterans' organizations with their colors. "Taps" was played by Francis E. Foley of Sgt. Eugene J. Daley Post, V.F.W.

GEORGE WILBUR WALKER

George Wilbur Walker, son of the late Peter E. Walker and Mrs. Clara Walker, a life long resident of Newton, died suddenly last Saturday afternoon at his home, 101 Nevada street, Newtonville.

Mr. Walker, who was employed by the Carburetor Company for the past 30 years, was born on Pelham street, Newton Centre, and would have been fifty years of age next month had he lived.

He was a member of the Dalhousie Lodge of Masons of Newton.

Mr. Walker is survived by his wife, Mrs. Beatrice Walker, a

daughter, Janet C., and his mother, Mrs. Clara Walker. He also is survived by two sisters, Miss Hazel M. Walker of Auburndale and Mrs. W. R. Ross of Watertown, and by two brothers, Norman E. and Otis Roy of Auburndale and Ware.

Masonic services were held at the Newton Cemetery Chapel Tuesday afternoon.

Interment was in Newton Cemetery.

ISABELLE A. MINNAUGH

Funeral services for Miss Isabelle A. Minnaugh of 26 Bowers street, Newtonville, were conducted last Thursday morning from the William R. Miller Chapel, 27 Spruce street, Waltham, followed by a solemn mass of requiem at the Church of Our Lady, Newton, at 9 o'clock.

Rev. Francis X. Bransfield celebrated the mass, assisted by Rev. John H. Quinn, as deacon, and Rev. Charles P. Pisica, as sub-deacon. Pall bearers, all letter carriers in uniform, were Paul Kent, Calahan McCarthy, Timothy Mead, Joseph Bougham, James Poland and Francis Quirk.

Superintendent William A. McKenna led a group of clerks and carriers from the Newtonville post office, with William Harnedy, clerk in charge. Also present was John Scott, representing the firemen at Ladder 2, Newton Highlands and W. J. Gunn of Newtonville.

Interment was in Calvary Cemetery, Waltham, with committal prayers by Fr. Bransfield.

JOHN H. BERQUIST

John H. Berquist, 56, a resident of Newton for the past 50 years, died suddenly last Thursday night at his home, 369 Cabot street, Newtonville. He was 56 years of age.

Mr. Berquist was representative of the Western Felt Works, past master of Dalhousie Lodge of Masons and a past patron of Palestine Chapter, Order of the Eastern Star. He was also a former vestryman of St. John's Church in Newtonville.

He is survived by his wife, Mrs. Arabella (Pinkham) Berquist of Newtonville; a son, John Philip of North Bridgton, Me.; his mother, Mrs. Louise H. Berquist; a brother, Paul, and a sister, Mrs. Lillian Cody, all of whom are Watertown residents.

Funeral services were held Saturday in St. John's Church, Lowell avenue, Newtonville.

MABEL C. KERR

Mrs. Mabel C. (Wark) Kerr, 67, died early last Friday at the home of a daughter, Mrs. Albert R. Beisel, 11 Ardon road, Newtonville, with whom she had re-

sided for the past four years. Mrs. Kerr had been ill for some time.

A native of Kent, Ohio, Mrs. Kerr lived in Elizabeth, N. J., before coming to Newton. Funeral services were held in Elizabeth Monday.

Besides Mrs. Beisel, Mrs. Kerr's children are George H. Kerr, Jr., of Cranford, N. J., and Dr. Mabel D. Kerr of New York. She also leaves a sister, Mrs. Leon C. Cooley of Kent, and six grandchildren.

She was the widow of George H. Kerr.

MAURICE J. KEOUGH

The funeral of Maurice J. Keough of 35 Jewett street, Newton, a letter carrier at the Newtonville Post Office was held Saturday morning followed by a solemn requiem mass at the Church of Our Lady at 9 o'clock.

Rev. Francis X. Bransfield celebrated the mass and was assisted by Rev. John H. Quinn, as deacon, and Rev. Charles P. Pisica, as sub-deacon. Pall bearers, all letter carriers in uniform, were Paul Kent, Calahan McCarthy, Timothy Mead, Joseph Bougham, James Poland and Francis Quirk.

Superintendent William A. McKenna led a group of clerks and carriers from the Newtonville post office, with William Harnedy, clerk in charge. Also present was John Scott, representing the firemen at Ladder 2, Newton Highlands and W. J. Gunn of Newtonville.

Interment was in Calvary Cemetery.

WILLIAM HOLMES McCABE

William Holmes McCabe, 59, of 917 Commonwealth avenue, Newton Centre, and vice-president of the Rockland Atlas National Bank of Boston, died at the Newton-Wellesley Hospital last Friday.

He was named a vice-president of the bank in 1938 and was also manager of its time sales department.

Mr. McCabe was a credit expert, originally associated with credit firms, and held office in several related organizations. He was chairman of the Consumer's Credit Commission of the Massachusetts Bankers Association, and president of the New England Association of Sales Finance Companies.

A native of Evanston, Ill., he was a long-time resident of Newton.

He is survived by his wife, Elsie Yardley McCabe; a son, William H., Jr., a daughter, Mrs. Barbara Townsend, and three grandchildren, all of Newton Centre.

His brother and sister, Royal S., and Miss Ruth McCabe, live in Evanston.

Funeral services were held Sunday afternoon at 3 o'clock at Trinity Church, Newton Centre, of which Mr. McCabe was a member.

Churches

The Eliot Church of Newton. Rev. Ray A. Eusden, D.D., Minister. 9:30 a.m., Primary and junior departments of the church school. 10:45 a.m., Primary extended session. 10:45 a.m., Nursery and kindergarten departments. 10:45 a.m., Morning service of worship with sermon by the minister. 12 noon, Young People's Division. Junior High and High School. 5 p.m., John Eliot Society. 7 p.m., Pilgrim Fellowship. 8 p.m., the Eliot-ites.

Church of the Open Word, Newtonville. Mr. Calvin Turley will conduct the service. 9:30 a.m., Sunday school. 10 a.m., Adult class. 11 a.m., Morning worship.

Saint Mary's Church, Newton Lower Falls. 8 a.m., Holy Communion. 9:30 a.m., Junior church and church school. 10:45 a.m., Second session at Church school for nursery, kindergarten and primary. 10:45 a.m., Morning prayer and sermon. 4 p.m., Youth Confirmation class. 7 p.m., Young People's Fellowship. Service program. Richard Terhune will preside.

First Church of Christ, Scientist, 391 Walnut Street, Newtonville. God, the infinite Life who maintains all creation, including every individual in his true selfhood, will be the topic of all Christian Sciences services Sunday. Subject of the Lesson-Sermon is "Life." The declaration of John constitutes the Golden Text: "This is the record, that God hath given to us eternal life, and this life is in his Son." (1 John 5:11).

Other Newton Woman working on the project are: Miss Charlotte B. Richardson of Newton Centre, vice-president of the Vassar Club; Mrs. Robert C. Foster of Newtonville and Mrs. William F. Ray of Newton, president and treasurer respectively of the Wellesley Club.

Members and Guests Enjoy Bridge Party

The Newtonville Junior Women's Club recently held a bridge party at the Club House. It was the first official meeting of the year. Several members of the Women's Club were present and each member of the Junior Club brought a guest.

Miss Sally Hughes and Miss Carol Hartford were the hostesses and throughout the evening they came around with small cups of candy for each bridge (or canasta) table.

Boxes of home-made fudge were given to the winning partners at each table and chances were taken for a basket of fruit and nuts, and two cakes. After refreshments of coffee, cakes, and cookies, the meeting was adjourned by the president, Miss Joanne McKay.

Two Seized After Leap Out Window

Newton police arrested two men Sunday night shortly after they had jumped 15 feet from a second-story window of the home of Max Kramer, 79 Concolor avenue, Newton, when the Kramers, returning from an evening out, surprised them in an upstairs bedroom.

Kramer, general manager of the Gustin-Kramer Company, a textile laundry business in Boston, returned home in mid-evening with his wife, Loretta, and a daughter, Diane, and heard noises upstairs. The men jumped, landed on a lawn and fled. Kramer telephoned the police.

Two men, one from Boston and the other from Wemouth, were arrested sitting in a car in a Salisbury street driveway. Police said they had with them \$55, a purse of old coins, and three watches taken from the Kramer home.

To Discuss Federal Legislation

Miss Mary Titus, Legislative Assistant to the National Education Association Division of Legislative-Federal Relations is to speak on Federal legislation at 8 p. m. tonight (Thursday) at the new Williams school auditorium.

Miss Titus is the third N.E.A. expert to visit the Newton Teachers' Federation this year. Richard Lee, Senator, and the four State Representatives from Newton, Mrs. Irene Thresher, Christian Hester, Howard Whitmore, and George Rawson have been invited to attend and take part in the discussion and question period following Miss Titus speech.

Miss Titus is speaking to the principals and supervisors of the Newton Public Schools on Educational Trends in the United States in the morning. She is meeting with the members of the Community Relations Committee of the Newton Teachers' Federation at tea in the afternoon at the home of the chairman, Mrs. Hazel S. Stratton.

The members of the committee are: Carlon Ray, Angier School; Frances McKenry, Ward School; Lawrence Drury, Trade School; Scott Brent and Robert Carr, Day Jr. High School; Florence Hickey, Horace Mann School; Carmella Minichello, Lincoln Eliot School; Dorothy Huss, High School; and Ralph Samuelson, Weeks Jr. High School.

The new Williams School will be open at 7 p. m. for inspection. The public is cordially invited to visit the school and attend the meeting.

Aldermen Revoke Company's License

At the meeting of the Board of Aldermen Monday night, the license of the Reis Associates, 49 Elmwood street, Newton, for the storage of synthetic resin coating material was revoked.

The vote on revocation by the Board of Aldermen was 13 to 5.

Newton Women to Be Active in Seven Colleges Meeting

Mrs. Hugh M. Tomb of West Newton, representing the Smith Club of Boston, is chairman of printing for the Seven Colleges meeting to be held Saturday at the Hotel Statler, Boston. This is the 25th consecutive year in which such a meeting has been sponsored by the local alumnae of these colleges which include: Barnard, Bryn Mawr, Mt. Holyoke, Radcliffe, Smith, Vassar, and Wellesley.

Other Newton Woman working on the project are: Miss Charlotte B. Richardson of Newton Centre, vice-president of the Vassar Club; Mrs. Robert C. Foster of Newtonville and Mrs. William F. Ray of Newton, president and treasurer respectively of the Wellesley Club.

Members and Guests Enjoy Bridge Party

The Newtonville Junior Women's Club recently held a bridge party at the Club House. It was the first official meeting of the year. Several members of the Women's Club were present and each member of the Junior Club brought a guest.

Miss Sally Hughes and Miss Carol Hartford were the hostesses and throughout the evening they came around with small cups of candy for each bridge (or canasta) table.

Boxes of home-made fudge were given to the winning partners at each table and chances were taken for a basket of fruit and nuts, and two cakes. After refreshments of coffee, cakes, and cookies, the meeting was adjourned by the president, Miss Joanne McKay.

FRANK SANDERFORD, well-known leading man of the Wellesley Summer Theatre for the past three summers, who will portray the role of Macheath in the Wellesley College Theatre production of John Gay's famous comic opera, "The Beggar's Opera" at Alumnus Hall this Friday and Saturday.

Christian Science Lecture to be Given January 28

The solution to the riddle of existence, as seen from the standpoint of Christian Science, will be the topic of a lecture given here a week from Sunday, January 28, by Frank C. Ayers of Indianapolis, Ind.

He will speak under the auspices of First Church of Christ, Scientist, Newton, in the church edifice, 391 Walnut street, Newtonville, at 3:30 in the afternoon. The lecture is open without charge to the general public. Subject of Mr. Ayers' talk will be "Christian Science: The Solution of Being."

Formerly a lawyer in Indianapolis, Mr. Ayers became a public practitioner of Christian Science healing in 1926. He is now a member of the Board of Lecturership of the Mother Church, the First Church of Christ, Scientist, in Boston.

Foreign Policy of U. S. to be Subject Of Address

Edwin O. Reischauer will talk on "U. S. Foreign Policy in the Far East" at the regular meeting of the Waban Woman's Club to be held at the Neighborhood Club House Monday at 2 p. m.

Mr. Reischauer was born in Tokyo, educated at Oberlin and Harvard, and was a traveling fellow of the Harvard-Yenching Institute from 1933-38.

Since then he has been in the Department of Far Eastern Languages at Harvard, an Associate Professor since 1945.

During the war years, he was Special Assistant to the Director of the Office of Far Eastern Affairs, a Lieutenant-Colonel in Army Intelligence, and a member of the Social and Cultural Science Mission to Japan in 1943-49.

His most recent book, "The United States and Japan," received high commendation in the New York Times Book Review Section.

Annual Meeting of St. Mary's Church To Be Held Jan. 24

The annual parish meeting of St. Mary's Church (Episcopal), Newton Lower Falls will be held Wednesday, January 24 at 8 p. m.

The reports of parish activities will be consolidated into three groups, rectors, vestry's and women's. Election of officers, consideration of by-law amendments, etc., will be discussed.

A parish dinner will be served at 6:30 p. m., at St. Mary's Parish Hall.

Dog School to Open at Wellesley

Once again Wellesley will be the Center of Canine Culture. This was announced by Bert Turquist, Director of the American Dog Training Association, and former Head Trainer, K-9 Corps, World War II. Classes will start Saturday afternoon, Feb. 3, at the Mark Jewell, Inc., 26 Washington street, Wellesley Hills.

Obedience training has boomed in the past few years, and in Greater Boston is already accepted as a "must" among dog lovers who are conscious of the fact that a dog today has got to be a good citizen. The dog needs just as much study, care, and training as a child in modern living.

Named Member of Catholic Book Week Committee

Anne E. Armstrong, 43 Crosby road, Chestnut Hill, librarian in the Boston Public Library, is a member of the Boston archdiocesan committee for Catholic Book Week, which will be observed nationally from February 18 to 24, under sponsorship of the Catholic Library Association. The purpose of the observance is to stimulate public interest in literature that is in harmony with Catholic teaching.

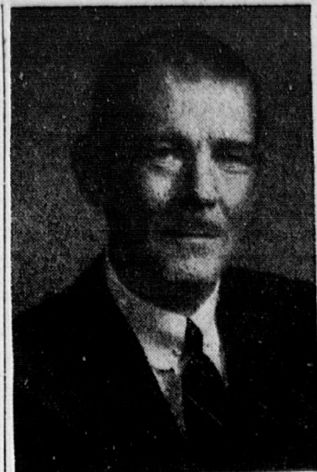

Miss Armstrong will assist in preparation of a book list that will be distributed during the Week, and in promotion of activities among school children of the archdiocese.

Snow Ball Dance To Be Held Tuesday

The Brookline-Brighton-Newton Unit of the American Jewish Congress will hold a Snow Ball dance Tuesday evening at 8 p. m. at the Helman Party House, 226 Harvard street, Brookline.

The dance will be in the form of a snow festival, with prizes, favors and refreshments. The Clampane Dance Studios will present an exhibition of ballroom dancing and will conduct a dance contest, the best couple to be chosen Snow King and Snow Queen.

Co-Chairmen of the affair are Sarah Katz, Evelyn Cezuner and Freda Minsky, assisted by George Keller, Newt Fishman, Benjamin (Bucky) Robinson, Selma Rowland, Rose Halpern, Sy Katz and Mildred Lazarus.

JOHN C. DOWD, Boston advertising executive, who has been appointed as Regional Brotherhood Week Chairman for Maine, Massachusetts, New Hampshire and Vermont. Brotherhood Week—February 18th thru 25th—is sponsored by the National Conference of Christians and Jews.

Asks Legislature To Correct Old Age Law

Asserting that the voters of the Commonwealth had been so ill informed by their ballot that they had been hoodwinked when they voted on the Old Age referendum last Fall, Lorenz F. Muther, Jr., Executive Director of the Newton Taxpayers' Association Wednesday at the State House before the Committee on Old Age and Pensions called upon the new legislature to correct the new law if they did not dare to repeal it entirely.

Declaring that the elements hidden from the voters in the new legislation would cost more than those apparent on the ballot, Muther charged that the new old age law involved an attack upon the principle of need in the administration of old-age assistance and required a direct infringement by the state upon the duties of independent citizens toward their local communities and their families. The new legislature has a duty to act where the previous legislature failed, stated Muther, and should restore to voters their confidence in the accuracy of the ballot.

Miss Armstrong will assist in preparation of a book list that will be distributed during the Week, and in promotion of activities among school children of the archdiocese.

Honorable Mention Winners to Be Guests at Program

The six young guests on Radio Station WCRB's Story Time program this coming Saturday morning will be the Honorable Mention winners of the Story Time contest. The youngsters competed by writing a letter to Miss Elaine Reed of Newton, the story-teller, on what they liked best about Christmas. Robert Webber, 10, son of Mr. and Mrs. Thomas R. Webber, 1128 Chestnut street, Newton Upper Falls, was the first Prize winner, and was a guest on the program last week. This Saturday's guest in the order in which they received Honorable Mention are Charlotte Matthews, 7, daughter of Mr. and Mrs. Gerard Matthews, 145 Lexington street, Auburndale; Barbara Hunter, 8, daughter of Mr. and Mrs. Robert L. Hunter, 24 Garden road, Newton; Kenneth Stonemetz, 5, son of Mr. and Mrs. Charles L. Stonemetz, 96 Shorncliffe road, Newton; Larry Kann, 4, son of Mr. and Mrs. Alexander E. Kann, 81 Bennett street, Waltham; Bernadette Pelletier, 5, daughter of Mr. and Mrs. Jules A. Pelletier, 154 Charles street, Waltham; and David Kann, 9, son of Mr. and Mrs. Alexander E. Kann.

Garden City Grange Holds Meeting

Garden City Grange of Newton, No. 364, met in regular session in Odd Fellows Hall, Newton Highlands Monday evening, with Worthy Master Harry M. Ellis presiding.

The Greyhound Bus Transportation Co. showed a very beautiful and interesting travelogue picture of a trip around the United States.

Visitors were present from the following Granges: Rindge, N. H.; Guilford, Vermont; Allston, and Watertown.

Next meeting will be February 5 when Middlesex-Norfolk Pomona No. 1 will be our guest.

To Give Review on "South Pacific"

The Dr. Joshua Loth Liebman Chapter of B'nai B'rith of Newton, will give a review on the smash-hit play, "South Pacific," Tuesday evening, January 30, at 8:15 o'clock at Temple Emanuel, 385 Ward street, Newton Centre.

The play will be reviewed by Doris Branson Whitehouse, who is well known as a dramatic lecturer, actress and dramatic director. Dana Lordly, pianist, and Sandy Anderson, baritone, will accompany her with the songs and music of "South Pacific."

This will be followed by a social hour and refreshments.

Community Club to Meet January 25

Thursday, January 25, at 2 p.m., the Newton Community Club will hold a regular meeting at the Underwood School.

The guest speaker for the afternoon will be Mrs. Ralph Angier, a native of Newton and well known to many of us who will present an exhibit of handicraft by club members.

Tea and a social hour will follow the meeting.

Pearls may be white, yellow, pink, gray or black.

News Commentator Highlands Woman's Club Speaker

The regular meeting of the Woman's Club of Newton Highlands was held yesterday (Wednesday) in the Parish House of the Congregational Church. The meeting was preceded by dessert and social hour.

The program presented through the courtesy of the Newton-Waltham Bank and Trust Company, featured current news by the well-known lecturer and news commentator, Geoffrey Harwood.

Mr. Harwood was introduced by Mrs. Theron B. Walker, a past president of the Club, and member of the Women's Advisory Committee of the Bank, representing Newton Highlands.

Mrs. Kenneth J. Waite, president of the Club, presided. Hostesses at the dessert hour were Mrs. Harold D. Hockridge and Mrs. James R. Doherty. Mrs. Donald D. McKay and Mrs. Warren B. Kennedy were pourers.

A special Art Corner for the afternoon presented an arrangement of Antique jewelry and fans, under the direction of Mrs. Frank P. Pickett, Art Committee Chairman.

Educational Garden Club to Meet

The West Newton Educational Garden Club will meet with Mrs. Dudley L. Thornbury, program chairman of the club, in her home, 72 Adella avenue, Monday.

Dessert will be served at 1 with Mrs. George D. Thomas assisting the hostess. The annual white elephant sale will be held at this time.

Club Hears Talk on Discrimination

Tuesday the Bowen Parent-Teacher Association heard Leonard V. Avery executive secretary of the Massachusetts Commission against Discrimination give an interesting and instructive talk.

Mr. Avery was formerly in charge of minority group problems in the Boston Police Department and later became the first police officer to study problems of minority group tensions with Professor Gordon Allport at Harvard University. He also took a course in sociology at Wellesley and completed a police training course at the FBI Academy in Washington.

Friendship Guild To Meet Tuesday

The Friendship Guild of the Second Church in Newton, Tuesday, will meet Tuesday evening in the parish house.

Supper will be served at 6:30 p.m., under the direction of Mrs. Robert A. Stanfield and Mrs. Frederick E. Whelpley and their committee.

Joseph Sanger Attwill of Lynn, who is a member of the Marblehead Arts Association, will speak of his work in the field of Interior Decorating and present Kodachrome pictures of some of his accomplishments.

The hostesses for the evening will be Mrs. James L. Hogsett and Mrs. William Schenk.

Telephone Bridge To Be Held Tues.

The Newtonville Woman's Club will hold its annual telephone bridge next Tuesday, starting with dessert at 1 p.m.

The hostesses will be Mrs. Charles W. Blackett, Mrs. Theodore Clark, Mrs. Mervin Giles, Mrs. Edwin P. McGill, Mrs. George W. Taylor and Mrs. Thomas Walters.

Auburndale Woman's Club Enjoys Afternoon Of Delightful Music

The Auburndale Woman's Club and their guests heard the well known pianist and cellist, Mr. and Mrs. H. L. Buitekan, Wednesday, January 10. The lovely music inspired Mrs. D. William Lovell, chairman of the day, to voice the feelings of the whole auditorium. She said she hoped the coming year would be as bountiful and peaceful as the musical afternoon.

Mr. and Mrs. Buitekan did the First Movement of the Grieg Sonata for piano and cello. Mrs. Buitekan played a group of solo compositions for the cello: Calm Is The Night by Bohm, Oriental by Cui and Harlequin written by Mr. Buitekan for her. Mr. Buitekan played two solo groups for piano; Russian Rustic scene by Tchaikovsky, May Night by Palmgren, Mazurka by Goddard; second group Two Chopin Waltzes, Soudown by Hopckirk and Impromptu by Reinhold.

Mrs. Malcolm N. Jackson was hostess assisted by group 6. Pourers were Mrs. Benjamin W. Pepper and Mrs. Arthur T. Freeman. Mrs. Keith C. Parris, president, welcomed new members, Mrs. Hartle E. Kelley and Mrs. William F. Foley. Charter members and guests of the Walker Missionary Home, some from India and Greece, were given a special welcome. Mrs. William A. Jarvis, chairman of the 12th District Art Committee, made a special announcement; The State Federation Art Exhibit will take place at the Horticultural Hall on Feb. 22nd and continue for ten days. All members were urged to exhibit one work in any art form.

Mrs. James Sawyer has a few vacancies in her textile class.

FORM NONANTUM IMPROVEMENT COUNCIL

Mid-Winter Supper Meeting Of Council of Churches To Be Held Tuesday Night

The annual mid-winter supper Meeting of the Newton Council of Churches will be held next Tuesday, at the Newton Y.M.C.A., 276 Church street, Newton. It was announced by the Rev. Richard P. McClintock, Executive Secretary.

Rabbi Irving Mandel, pastor of the newly organized Temple Shalom of West Newton, will be the principal speaker of the evening. His topic will be "The Foot of Pride—Where Angels Fear to Tread," and will deal with Jewish-Christian relations over the centuries and will attempt to establish a basis for better relationships in the future in keeping with the theme of Brotherhood month which commences Feb. 1.

The Rev. William Gardiner Berndt, rector of Saint Mary's Church, Newton Lower Falls, who was the special representative for the Newton Council at the Cleveland Convention of the National Council of Churches, will give a brief report to the meeting concerning the Constituting Convention last December.

Other guests expected at head table include Edmund S. Whitten, of Waban, who is president of the council; the Rev. Dr. Frank Jennings, executive secretary of the Massachusetts Council of Churches who will bring greetings from that body; Norman Jimmerson of Andover-Newton Theological School who is chaplain to the aged in Newton, and Harold Malmberg also of Andover-Newton.

ton who is serving as Protestant chaplain at the Newton-Wellesley Hospital, and Alex R. Miller, secretary of the Newton Y.M.C.A. and host for the evening.

Additional reports to the business meeting will be made by Department chairmen as well as by Edson L. Fitch, treasurer, and the executive secretary, Mr. McClintock. Department reports will be submitted by the following: Worship, Randolph S. Merrill; education, Dr. Wesner Fallaw; leadership training, Rev. Edmund W. Nutting; vacation church school, Mr. Robert H. Mitchell; international relations, Lucius E. Thayer; united church canvass, William A. Jackson; public relations, George Squier; women's work, Mrs. Anthony Jauregui; youth work, John Wilber, and the Minister's Association, the Rev. Frederick Groetsema.

Churches, which will be represented by a full delegation, include Auburndale Congregational Centenary Methodist, Messiah Episcopal, Second Church of West Newton, Myrtle Baptist Church, Lincoln Park Baptist, Newton.

Not Enough People Donating Blood

Did you know that you can give your blood every two months? It's the least thing you can do for the community. There are enough people giving blood. Do your bit now by calling your Newton Red Cross, LA 7-6000, and arranging to give your share to save our soldiers.

The Bloodmobile will visit the Chapter House on January 30 and the Union Church, in Waban, on January 31.

(Continued on Page 2)

Fred S. Mayer Elected President Of Newton Corner Merchants Association

Rt. Rev. Michael E. Doherty To Be Honored February 6

A Spiritual Bouquet will be presented to the Rt. Rev. Michael E. Doherty, Parish Priest, Church of Our Lady Help of Christians, Newton, at a testimonial and reception to be held in recognition of his elevation as a Domestic Prelate to His Holiness Pope Pius XII, at Our Lady's High School Tuesday evening, February 6. The presentation will be preceded by a dinner at 7 o'clock.

Arrangements for the program are under the direction of Rev.

Francis X. Bransfield and Rev. John H. Quinlan. Rev. Charles Pisica with Edmund P. LeBlanc as general chairman. Assisting him are members of the committee are representatives of all parish organizations.

All members of the parish have been cordially invited and reservations may be made by contacting Thomas Dillon, chairman of the ticket committee at LA 7-8428; Angelo Accione, Bigelow 4-5212; Joseph H. McPherson, Jr., Bigelow 4-7514, or Charles Scipione, Jr., LA 7-3026.

Fred S. Mayer, who only last fall took over the jewelry business of George J. Brouillette in Newton Corner, has been elected president of the Newton Corner

FRED S. MAYER

Merchants Association which was organized January 17.

At that time, about 50 local businessmen met at a dinner at the Y.M.C.A. to discuss the formation of an organization which would improve business conditions in the Corner. Everyone agreed that such an association was vital to the promotion of better understanding between the buying public and the businessmen. Among other things, the group hopes to solve the parking problem and boost sales. They have planned their next meeting, to which all the business people in the district are invited, for Wednesday evening, January 21, at the Y.M.C.A.

(Continued on Page 3)

Nine Organizations Band Together to Promote Welfare of the District

Nine organizations, in and adjacent to the Nonantum section of the city, have officially united under the name of the Nonantum Improvement Council and the first major effort of the group will be to improve the library situation in the district.

Member groups of the Council consist of the Lincoln-Eliot Parent-Teacher Association; the Frank F. Carr Parent-Teacher Association; the Frank A. Day Parent-Teacher Association; the North Congregational Church; Church of Our Lady Help of Christians; St. Jean the Evangelist Parish; the United Italian-American Organization; the Newton Good Citizenship Association, and Nonantum Post, American Legion.

The working corps of the Council consists of 18 delegates, two from each group. Serving as chairman is Carmen A. Vitti, and as secretary-treasurer, Mrs. Gerald M. Swartz.

The formation of the Nonantum Improvement Council is the culmination of numerous meetings to consider the problem of more adequate library facilities in Nonantum, among other things. In line with this action, a letter was sent to Harold A. Wooster, librarian, and the Newton Board of Library Trustees prior to the annual meeting which was held last week.

(Continued on Page 2)

Hold Parish Supper Next Wednesday

The annual Mid-Winter parish supper of the First Unitarian Society in Newton will be held at 6:30 next Wednesday evening in the parish house at West Newton.

Mrs. Julian C. Jaynes is supper chairman and Mrs. L. Fabian Bachrach Jr. is trustee member on the committee. Assisting are Mrs. Webster Whorf, Mrs. John Cox and Mrs. John C. Olen, who will prepare turkeys in their homes for the dinner, and Mrs. Cushing Ellis, Mrs. John R. Adams, Mrs. George P. Mathison, Mrs. Harold B. Chandler, Miss Dorothy Gray, Mrs. Stephen Harris and Miss Elizabeth Nicholson.

Mayor Honorary Chairman Of Newton Heart Drive

L. Johnson Callas, General Chairman of the Newton 1951 Heart Fund announced that Mayor Theodore R. Lockwood will be the Honorary Chairman for the forthcoming Heart Drive. Harold T. Pillsbury, Director of Municipal Research for the City of Newton has been appointed Vice-Chairman and William Payne of the Newton National Bank will serve as the fund's treasurer. In charge of organizing the campaign will be Assistant Chairman, George Brett.

The purpose of the Drive, in the words of Mr. Callas, is "To bring about a tangible realization of the slogan, 'New Hope for Hearts'." The greater portion of the funds raised will be retained

by the local affiliated heart association to support needed cardiac services. The program of attack on cardiovascular disease includes (1) research; (2) education; and (3) community service.

"It is difficult," says Mr. Callas, "to ask the people of Newton to make contribution at a time when they are sorely beset by heavy taxes and a sharply rising cost of living. However, this is a cause whose success or failure will have a direct effect on everyone because of the widespread prevalence of heart disorders. It is our purpose to raise money, but we will attempt to do it with a minimum of imposition on anyone's charity."

Vets Asked To Attend Meeting

William J. Maloney, chairman of the United Veterans' Organization of Newton, announces that Col. Arthur Swett, executive director of Newton's Civil Defense program, has extended an invitation to all veterans to attend a meeting of this Civil Defense committee to be held at the Newton High School auditorium Sunday afternoon, at 2 o'clock.

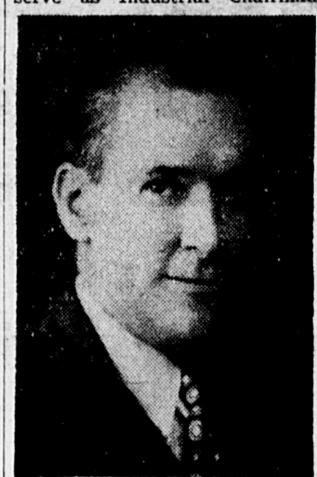

At this meeting lectures will be given and the whole defense program explained and Maloney advises all Newton veterans, who are able, to attend and offer their services in whatever branch of this program in which they may have some experience.

Maloney has been asked to recruit volunteers who may have had some experience in the handling of food while in the service during World War II. Any veterans, having had this experience and who are willing to offer their services in case of disaster may either contact Chairman Maloney or call Civil Defense Headquarters DE 2-3330.

Kenneth Prior Named Chairman for Industry in Red Cross Fund Drive

Kenneth Prior, President and Treasurer of the Hatch Company, has been named chairman for Industry in the Red Cross Fund Campaign in March.

In an interesting interview, Mr. Prior stated: "I am glad to serve as Industrial Chairman

KENNETH PRIOR

for the coming Red Cross Drive in Newton, because I believe this organization contributes to that essential feeling of security

which is an integral part of community stability.

"Here in Newton we are particularly fortunate in having a Chapter which stands high among the finest local units in the entire, nation-wide Red Cross organization. Staffed by enthusiastic volunteers, who work under the inspiring direction of Miss Phelon, the many services within the Newton Chapter are geared to handle quickly the many cases of lesser distress which occur daily. But so flexible is the Red Cross set-up, that these agencies automatically become coordinated into one unit which functions smoothly and promptly whenever a major, collective emergency strikes.

In these times of uncertainty — with the threat of a sudden, undeclared war hanging over us, it would seem logical, and certainly evidence of good judgment, for all of us in Newton to support an organization which at any moment may be of great benefit to us, and has been an incalculably valuable alleviating factor in every great emergency that has befallen our country.

"Instantly, heeding calls for clothing, food, medicines and other necessities, regardless of race, creed or color, the Red Cross can look back with pride on a glorious record of unselfish service to humanity.

"Fervently, I hope — as does everyone — that whatever the calamity, Newton and its citizens may be spared. But if it is to come, there is some measure of

(Continued on Page 2)

Widespread Interest Is Shown In Homestead Restoration Program

Rawsen Urges Repeal of Old Age Ref. No. 3

Representative George E. Rawson spoke last Monday before the Committee on Pensions and Old Age Assistance in favor of House Bill No. 1423, which provides for repeal of the new Old Age Assistance Law passed as Referendum No. 3 on the November 7 election ballot and reenacts the Old Age Assistance law just as it was before that referendum.

He told the committee that he had grave doubts of the constitutionality of the referendum and hoped that the Supreme Judicial Court would set it aside, otherwise that bill should be passed. He said the voters were not fully informed about the referendum, otherwise they would have defeated it as they did when they were fully informed about similar referendum in 1946.

There is continuing evidence of a widespread community interest in the restoration and program of the Jackson Homestead, according to a statement from Fred C. Alexander, chairman of the Board of Trustees.

Over 500 individuals have gone to the house at 527 Washington street, Newton, since it was first opened to the public on November 2 for short periods each week. Several groups of school children and Scouts have been taken through on special tours,

(Continued on Page 2)

Present Reproductions Of Religious Images

PRESENT REPRODUCTIONS of ancient icons. Left to right: Richard T. Viguers, senior warden; E. Robinson McMullen, chairman Stuttgart committee; and Frederick Gilroy, junior warden, St. Mary's Episcopal Church, Newton Lower Falls.

Two reproductions of ancient icons, or religious images, from St. Nikolaus Church, Stuttgart, Germany, were presented to St. Mary's (Episcopal) church, Newton Lower Falls by E. Robinson McMullen, chairman of Stuttgart committee, at the annual parish meeting held last night (Wednesday).

The representations of religious figures from across the sea from a former enemy country were accepted as a token of international friendship by Richard T. Viguers, Wellesley, senior warden, and Frederick Gilroy, Newton Lower Falls, junior warden.

Rev. William Gardiner Berndt was a witness of the presentation.

A contract of friendship and help for the church at Stuttgart was started by the late Rev. Roger Bennett, former vicar, several years ago with great encouragement to the eastern orthodox church surrounded by bombed-out blocks. Gifts have been sent and correspondence interchanged.

Recently his daughter, Miss Rosamond Bennett, in Europe with the World Council of Churches, visited Stuttgart.

Library Trustees Reelect Officers At Meeting

Hear Talk on City Budgets

Mayor Theodore R. Lockwood and School Superintendent Harold B. Gross outlined the theory and major problems involved in the construction of the annual budgets for the school department and the city as a whole at a meeting of Directors and Committee members of the Newton Taxpayers' Association last Tuesday evening at the residence of Dr. David C. Dittmore.

Overall factors influencing costs and the element of timing in the determination of the two budgets were the subjects receiving the closest scrutiny.

At the annual meeting of the Board of Library Trustees held last Friday, Judge Thomas Weston was re-elected president; John F. Brown was re-elected treasurer, and Harold A. Wooster was re-elected secretary and librarian.

In his annual report to the trustees, Judge Weston, among other things stated that "the outstanding event in the history of the Newton Free Library for the year 1950 was the preparing of plans, the letting of the contract, the start of work on the addition to the Main Library Building."

"This matter," he stated, "has been under careful consideration for some five years, it has been a cooperative effort involving professional advice and step by step consultation with city officials, the Newton Planning Board and the Building and Finance Committee of the Board of Aldermen."

In referring to the present and future, Judge Weston said: "A war economy places heavy burdens on a public library which faces rising prices and personnel shortages with a relatively

(Continued on Page 2)

Civil Defense to Hold Public Meeting Sunday

The first public meeting for Civil Defense to be held in Newton since the current C.D. organization was established is booked for the High School Auditorium this Sunday afternoon. Doors will be opened at 2 o'clock. Preceding the speakers, the Newton High School orchestra will play for a half hour's concert starting at 2:30 and the formal program will begin at three o'clock.

Civil Defense Director Douglas B. Francis predicts that the meeting will hold more of interest to Newton residents than any occasion since World War II. "This will not be merely public announcements and speeches of a few people on matters of defense," Col. Francis promises. "Rather, it is planned as a Civil Defense Exposition, where the general pub-

lic will have a chance to inspect the results of several months of persistent effort. There is much about today's program of defense which is little understood, or even misunderstood. On Sunday there will be plenty of opportunity for Mr. and Mrs. Citizen to meet those who are responsible for the program to date, to discuss with them the phases which hold a particular interest, and to discover what part they can play in future developments."

Col. Francis points out that if emphasis seems to be placed on the atomic bomb, it is not because Newton should expect to experience an atomic attack, but because defense against this comparatively unknown weapon

Did You Place This Ad For A Qualified Executor?

HELP WANTED—Male
EXECUTOR—To settle my estate when I die. Must know how to gather the assets, pay the debts, prepare estate and income tax returns, manage investments, file accountings, etc. Experience essential—No beginners need apply. Box 1622.

Probably nobody ever put an ad like that in the paper.

But maybe it wouldn't be such a bad idea after all!

EXPERIENCE ESSENTIAL

At least you'd be trying to find somebody with the most important qualifications of all—experience.

Unfortunately most people, when they make their wills, don't realize that experience is an executor's most valuable qualification. They give the technical and complicated job of settling their estates to "beginners."

And yet these same people wouldn't think of hiring a stenographer, a cook, or a housepainter without asking all about this little matter of experience.

Let us tell you how our experience as executor may save money for your estate. Our services cost no more than those of an individual. Come in with your attorney at any time.

Serves Quarter Million Meals A Year

Operating on an anticipated budget of some \$287,000 for the year 1951, the Newton-Wellesley Hospital will serve approximately 225,000 individuals during the course of the coming year. This is a big job in anybody's book, but the true scope of the job becomes more apparent when one stops to consider that many of these meals must be especially prepared to conform to carefully calculated diets. As a general rule 30 to 50 special diets have to be planned each day and served to patients in the hospital.

But purely apart from the problems raised by special diets, the hospital has to cope with many other peculiar situations that seldom if ever enter the picture in the ordinary hotel or restaurant. Few hotels in the country could consider operating as extensive a "room service" department as is found at the local hospital, where virtually all meals are served to the patients either in their own ward or in their own room. And the hospital cannot draw on the skills of experienced room service waiters, who only have a few rooms to cover. At the local hospital every effort is made to see to it that meals reach the patient while still hot and that the trays are served in an attractive manner.

"The morale value of food in a hospital is tremendous," says Miss Marie L. Casteen, head of the Dietary Department at the hospital. "When a person is sick and has little to distract him, the arrival of his meal three times a day is a major event. It helps break up the routine and the monotony of hospital life and it invariably provides a subject for discussion. Everybody talks about hospital food, but all too few people realize the amount of time, thought and energy that go into the serving of a single hospital meal."

"And then the effect of hospital food on the morale of the hospital staff also bears directly on the patients," Miss Casteen continues. "A poorly planned, unattractive breakfast, dinner or supper can cause employee morale to plummet downward, while on the other hand a tasty, appealing repast can go a long way towards boosting sagging spirits. The patients quickly respond to the atmosphere which surrounds them, so it is vitally important that both patient menus and staff menus be of top grade."

"Let us start at the beginning—with the raw materials. Even with good planning and first rate cooking, you will not end up with the desired results unless you start with good basic ingredients. Here is where the battle of the budget starts. We are constantly struggling to maintain the highest quality standards obtainable and still be consistent with an acceptable

scarce during the coming two months, so our job will not be easy. You see, it's really quite a complex operation, this job of serving almost a quarter of a million meals a year.

"All of our buying is done on a competitive basis and according to specifications that we have established. Perishables are bought three times a week and it is the responsibility of those who handle these items to maintain a constant quality check and to advise the department head whenever anything is received that is below standard. Staple items are bought once a week, again due to the limited storage facilities that we have available.

"Good coffee and tea are tremendously important to the morale of patients and staff alike. Shortly after I first came to the hospital," says Miss Casteen, "we conducted a series of preference tests on a number of different coffees and teas. We found that there was a distinct favorite in both types of beverage and since that time we have used these brands exclusively. We could probably buy both tea and coffee at a fractionally lower price, but here again we feel that it pays us to maintain the highest of quality standards and to give our people the best."

Dairy supplies account for one of the largest single items on the hospital's food budget and, in a single month, as much as \$2300 may be spent for milk, butter, cheese and allied products. Meat accounts for approximately 23 per cent of the cost of foods while an average of 17 per cent is spent on fruits and vegetables. During this past year \$120,000 covered the cost of foods used in the preparation of meals. Dr. T. Stewart Hamilton, Director of the hospital comments, "It is a very real tribute to the efficiency of Miss Casteen and her department that our food costs have risen so slowly over the past several years. Whereas we have been subjected to cost increases of anywhere from 50 to 1,000 per cent in other branches of the hospital, the cost increase in the dietary department has been held to only 24 per cent over the past ten years. And this at a time when the general cost

MISS MARIE L. CASTEEN, director of Dietary Department at the Newton-Wellesley Hospital. Miss Casteen is a graduate of Illinois Wesleyan and holds Bachelor and Master of Science Degrees from Columbia University. Prior to joining the staff at the hospital in 1948, Miss Casteen had taught at the State Colleges of New Jersey and Pennsylvania. She had also been, for sixteen years, an executive of the Statler Hotel chain in charge of recipe research and dietary problems.

Margaret Bolduc, both graduates of the State Normal School at Framingham, are currently working in the department to acquire the training and experience necessary to the acquisition of acceptance by the American Dietetics Association. ADA approval is essential in order to hold any responsible hospital position.

In the main kitchen is found Mrs. Isabella Karpius, a graduate of the University of Vienna, serving as food production dietitian, ably assisted by Mrs. Eleanor Switzer, of Waban.

Service of hot, attractive meals on the floors means much to patient welfare, and it is the responsibility of Miss Elizabeth Hammond of Auburndale, a LaSalle graduate, to see that this important aspect of patient contact is well handled. She supervises the serving of all meals to patients, either in wards or in private rooms.

Mrs. Mildred Cole, also of Auburndale, is working supervisor in the cafeteria. Assisted by Mrs. Caroline Handschumacher, Mrs. Cole keeps busy in turning out breakfast, lunch, dinner and midnight snacks for the hospital's staff members. Both she and Miss Casteen wish that their cafeteria could be modernized, for there is limited display and serving space and service could be improved with better organization of cafeteria facilities.

A newcomer to the staff is Miss Marion Phillips, ADA member and graduate of the University of Maine. Miss Phillips also holds a Master of Science degree from Cornell and was clinic and teaching dietitian at Vanderbilt University Hospital and was a staff member at Harvard School of Public Health. She has previously worked at the Massachusetts General Hospital. All staff therapeutic dietitians work under her supervision and she is an active member of the teaching staff of the school of nursing. Each student nurse must pass a course in dietetics and must spend a given period actively working in the diet kitchen. Ambitious plans for diet therapy are reaching fruition at the hospital and within a couple of months it is hoped that we will be able to report in detail many of the progressive achievements of this important branch of the dietary department. It is a field in itself and deserves complete coverage.

Any mention of the activities of the Dietary Department of the Newton-Wellesley Hospital would indeed be incomplete without a brief sketch of its director, Miss Marie L. Casteen, a graduate of Illinois Wesleyan, took her Bachelor and Master of Science degrees at Teacher's College of Columbia University. Long a pioneer in the field of dietetics, Miss Casteen taught at the State College of New Jersey and at the State College of Pennsylvania. For some sixteen years, Miss Casteen headed the dietary research department of the Statler Hotel chain and in that executive capacity, inaugurated many innovations in food management and recipe research. Since coming to the hospital in 1948, Miss Casteen has conducted a prolonged study of the hospital's requirements and has been able to evaluate its staff and facilities. She has been able to formulate a series of long range plans which should result in making the hospital's dietary department a leader in the area in supplying good food and service to the hospital and to its community.

"At present we are blessed with having a light, clean, airy and attractive kitchen area," says Miss Casteen. "But much of our equipment is more than twenty years old. Part of our layout was poorly planned from a working point of view and at present we waste many steps a day in getting our meals out

comfort in knowing that here in our neighborhood, is a splendid Red Cross Chapter—fully equipped, efficient, effective and ready to give aid without reservation or question. Whatever the crisis, the Red Cross seeks no glory or acclaim. Quietly, conscientiously, gladly, it dedicates itself to the relief of human suffering."

The shortage of iron during the reign of England's Edward III raised the pots and pans in the royal kitchen to rank among his most valued possessions.

Office facilities are badly overcrowded and lighting equipment is not up to date. Refrigeration and storage areas are both too limited and inadequately ventilated to permit us to buy in large quantities, thus affecting savings. But we do have a good food cost control and inventory system. We have been able to maintain—even to raise quality standards in the face of rising prices. And we have a well trained, professionally qualified and wonderfully loyal staff. It is our ambition to make our food even better. With new equipment and with the extension of the therapeutic dietary section, we feel sure that the food at your Newton-Wellesley Hospital will be of prime importance in helping to maintain high staff morale and to bringing our sick patients back to health."

Homestead—

(Continued from Page 1)

and the balance of people, children and adults, have taken advantage of the Saturday visiting hours from 1 to 3.

Each week there are new acquisitions to be seen. Recent donations have been a wrought iron toaster, iron kettle, a pair of wool carders and a doll's cradle.

Decorating of the old parlor, the large room to the left of the entrance hall, has been completed. Its original hand-carved mantel has been brought back from the fireplace on the opposite side of the house, and the room papered and painted in soft tones of gray. The floor has been painted in a dark mahogany color.

Appropriate furnishings for this room will soon be brought in. To date, there are no prospects of rugs or draperies. Oriental scatter rugs would be welcomed by the trustees, and the possibility of some civic groups becoming interested in the curating project has been suggested.

Mr. Alexander points out that articles desired particularly for activities at the Homestead are iron, wooden or pewter utensils of all kinds, candle holders and oil lamps, old tools, a flint-lock musket, old dolls. In order to make a detailed study of Newton's history, the board desires also information regarding any 17th or 18th century houses in the city as well as old city maps and documents pertaining to taverns, Indian villages, industries and roads of the early days.

High school boys have shown an interest in the collection of early history books already acquired, and some have made return visits to the Homestead. Acting as guides at the Saturday visiting hours are girls from a high school history class.

Through the kindness of Filene's, the collections of historical dioramas depicting scenes from the colonial history of Newton and other nearby towns may still be seen at the Homestead. An exhibit of Indian relics is also on display.

Club, Scout or school groups may arrange for special tours on weekday afternoons by contacting the hostess, Mrs. Madeline Arnold, at LA 7-4907.

The human heart contracts 100,000 times daily.

Council—

(Continued from Page 1)

In this letter, it was brought out that "there have been innumerable meetings with various city officials, but the new branch library, now long overdue, has, as yet, seen no definite action. Considerable discussion at these meetings was devoted to possible sites, including some city-owned plots such as Hawthorne street, across from the Hawthorne Playground; Nevada street, within range of the Frank F. Carr School; and the Memorial Park on Watertown street, located between Bridge and Adams streets. However, a survey of the expanding library needs of this neighborhood should be made in determining the new library location."

"After approximately two years of consideration by the Newton Community Council, the Newton Free Library, the seven schools to be serviced in this area, and other civic-minded agencies in the community, the need for a new building to house an improved and more adequate Nonantum Branch Library is now a well established fact."

The letter to the Library Trustees was signed by the following: Lincoln-Elliott Parent-Teacher Association, Irving Feldman and Mrs. Irving Feldman; Frank F. Carr Parent-Teacher Association, Mrs. Lermond F. Simonds and Mrs. Gerald M. Swartz; Frank A. Day Parent-Teacher Association, Mrs. Donato De Santis and Mrs. Joseph Gentilucci; North Congregational Church, Rev. R. Watson Sadler and Francis Litchfield; Church of Our Lady Help of Christians, James Dangelo and Edward Fahy; St. Jean the Evangelist Parish, Stephen Surette and Edward Theriault; The United Italo-American Organization, Carmen Vitti and Joseph DiPalma; Newton Good Citizenship Association, Louis Friedman and Jerry Angino; and Nonantum Post, American Legion, Michael Plantedosi and James Dilliello.

Helen Hayes in Polio Plea

By HELEN HAYES.
National Women's Chairman, March of Dimes

In a world clouded with apprehensions, with brutality written large in the headlines, the 1951 March of Dimes has a special significance to the women of America. Here is a challenge we as individuals can DO something about. Here is a task begun 13 years ago that we can help finish. War and oppression do not change these values.

Thousands of boys and girls attacked by a crippling disease look to us for help today. Thousands more probably will need us this year.

We are faced with the largest polio patient load in history. But there are seeds of hope. For the signs multiply that we are getting nearer and nearer to the conquest of infantile paralysis. We must provide every precious dollar required for the progress of research to stamp out the disease, and at the same time have enormous sums of money with which to assist every patient who needs help.

These are tasks that loom larger than they ever have before. The situation calls for more than token effort.

In a sense, the National Foundation is on trial for its life today, much as the society in which it exists is meeting its greatest test for survival. The March of Dimes must keep pace with the march of polio.

Upon the fervor with which we meet the challenge this year rests the future of the fight against infantile paralysis.

Q. T. V. Fraternity at the University of Massachusetts announces the recent pledging of Frank Edmund Davis, Jr., son of Mr. and Mrs. Frank E. Davis, 61 Harding street, West Newton. Mr. Davis is a member of the class of 1954 at the state university.

cost figure. In order to succeed in this constant conflict, we have to keep in close touch with the market. Here again, the limitations of our physical plant impose certain restrictions upon us. All of our refrigerating equipment is over twenty years old, and no longer operates as efficiently as we would desire. Our dry storage facilities leave much to be desired and we have far too little space in which we can lay aside supplies in any quantity. In a rising market, such as we have been experiencing since the war, this has meant that on many occasions we have been forced to pass up the opportunity to buy in quantity before price increases occurred. Inevitably our cost figures have been adversely affected."

"Fortunately, the vast majority of our suppliers are sincerely interested in helping us to solve our financial problems and to meet our budget. They keep us posted in advance about anticipated price increases and yet they do not try to alarm us into overstocking. For example, we were able to buy a sufficient supply of cooking oils and tomatoes for several months to come, just before the December increases went into effect. We are told that wholesalers have only about a six weeks supply of tomatoes on hand and that they soon may become pearls without price."

"Yet, in many cases, we buy literally from hand to mouth. Because of our outmoded refrigeration system, we never plan to keep left-over foods for more than twenty-four hours. This means careful planning to avoid wastage and to ensure the maximum usage of all foodstuffs. Meals will become even more

of living index figure has risen by over 150 per cent. Miss Casteen feels that in large part she has been able to hold the cost line due to the very real interest and co-operation of all of her employees. At present there are 50 full time workers in the dietary department and 20 people who work part-time. Only one full time employee lives in Boston, the remainder coming from Newton or Wellesley or nearby communities which the hospital may serve. As a group they are aware that they themselves or their families may become patients at the hospital and so they are much concerned in maintaining quality and controlling costs. "This sense of community loyalty is highly important to the success of our operation," says Miss Casteen.

Senior member of the dietary department is John Scoppetulo, first cook, who has been with the hospital for eighteen years. His responsibility for food quality is coupled with a very well trained ability in the more practical aspects of food preparation.

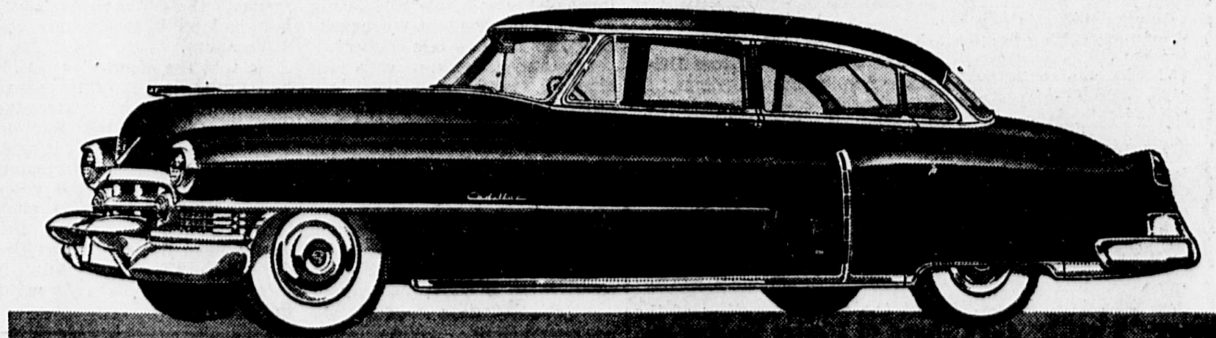

One of the most recent recruits to the cook's staff is Leo Walsh, of Newton Lower Falls, who recently completed the pre-chefs course at Newton High School.

Well known to all hospital staff members is the colorful personality of William Renke. Baker, who with but one assistant keeps the hospital supplied with a delicious assortment of baked goods. Each year at Christmas time Bill Renke creates a magnificent Christmas cake, which is served to employees and volunteers at the annual Christmas party.

Miss Evelyn Russell and Miss

Go See It.. For an Inspiration!

Standard equipment, accessories and trim illustrated are subject to change without notice.

You ought to go see the new Cadillac. You ought to walk all around it and look at it from every angle—and you ought to open the door and get in and sit down.

You ought to slide over behind the wheel and look out over that jewel-like dash into the exciting beyond.

And you ought to do this, whatever the car you own today—and whatever the car you expect to own.

For it will lift up your spirits and add to your faith in America's industrial enterprise and productive ingenuity.

Yes—it's an inspiration just to see it.

You look at those beautiful, flowing lines—and you can't escape the conviction that America's industrial artistry in metals is unsurpassed in all the world.

You look at the fabrics that tailor the seats and cushions—and you realize that America's manufacturing genius is unapproached for bringing luxury into everyday life.

You look at the flawless execution of every structural detail—and you have the comforting feeling that America's industrial craftsmanship is in a class by itself.

But your greatest inspiration is yet to come.

You ask the attendant on the display room floor to give you the price of the lowest-priced Cadillac model—and you find that it's easily within the means of hundreds of thousands of American families.

Where else, in all the world—you ask yourself—could there be such a blending of luxury and practicality?

And the answer, of course, is—"nowhere." It's strictly an American "monopoly."

Since you're coming in to see the car, we won't try to tell you too much about it. But come with your hopes set high.

For here is the new standard for the automotive world. It is new in beauty, in comfort, in luxury and in performance.

We'll be looking for you—some day soon.

Panel Discussion to Consider Educational Future in Newton

The Education Committee of the Newton Centre Woman's Club will present a panel under the title "How Will Newton Fare in the Educational Crisis?" Monday evening at 8:00 o'clock in the Newton Centre Woman's Club.

Education everywhere is entering a critical period. Whether education gets better or worse is an important national problem for all citizens. For the people of Newton it is particularly vital that their own schools be not numbered among the casualties that will occur in this decade.

Accordingly, and in the public interest, the discussion will provide an opportunity for all interested persons to hear and discuss the problems with which education generally, and the Newton Schools in particular, will be faced in the immediate future.

The panel will be led by Mrs. Harry Troutwine. Other speakers will be: Harold B. Gores, Superintendent of Schools, who will describe the steps now being taken, and others that must come, if the Newton Schools are to serve children effectively in this critical period.

Dr. Patrick J. Sullivan, Director of the seven Massachusetts State Teachers Colleges will present the problem of the teacher shortage in the Commonwealth and what must be done about it.

Dr. J. Bernard Everett, Director of Instruction for the Newton Public Schools, will discuss the training and efficiency of Newton teachers already in service, and what must be done as the problem of teacher recruitment gets more severe.

Mrs. Lloyd C. Fogg, a member of the Newton Centre Woman's Club and a parent, will discuss parents' observations of teachers and schools.

Assisting Mrs. Peter T. Reuter, Chairman of the Education Committee are: Mrs. Charles W. Harvey, Mrs. Julian B. Anthony, Miss Miriam G. Bartlett, Mrs. Charles J. Brooks, Mrs. Orville P. Carter, Mrs. Marcel D. Chartrand, Miss Katherine E. Cutter, Mrs. Edwin B. Goodall, Mrs. Harvey P. Jenks, Mrs. Arthur W. Johnson, Mrs. E. Lake Jones, Mrs. James J. Linden, Mrs. Vincent P. Maloney, Mrs. Kirtley F. Mather, Mrs. Robert McColl, Mrs. Wm. K. Meahl, Mrs. Martin Newman, Mrs. George J. Pfannenstiel, Mrs. Frederick L. Putnam, Mrs. Frederick A. Ritchie, Mrs. Edwin M. Scribner, Mrs. Francis X. Sommer, Mrs. Otis E. Stephenson, Mrs. Rodney W. Stratton, Mrs. Harold H. Temperley, Mrs. Ernest H. Wilkins, Mrs. Karol P. Zenker and Mrs. Lloyd S. Clark.

Mrs. J. Edgar Berdall of 111 Court street, Newtonville, will leave by plane Friday to visit her daughter and husband, Mr. and Mrs. John C. Baxter of St. Petersburg, Fla.

Mayer—

(Continued from Page 1)

The officers are: Vice-president Benjamin Barnett, secretary, George Ware, G. R. Ware, Jewellers; treasurer, William Crowley; Crowley Bros. Stationery Store; financial secretary, James J. Murray, Personal Finance; membership committee, Murray Hoffman, Art Surplus Stores; and Edward Marshall of Lauderest; publicity chairman, William Sklar, Newton Super Market; and program chairman, Herbert Cohn, Coleman Supply Co.

The president, Mr. Mayer, has had a long experience in the business field. When he was 17, he left his home in Manchester, England, where his family for years had been watchmakers and jewelers, and came to America. He began business in the Fields Corner section of Dorchester, and in 1925 moved to Roslindale. During the war, when his son served with the 5th Army Air Force in the South Pacific, Mr. Mayer, as chairman of the Board of Trade Buy a Bomber Committee, raised \$185,000 through war bond purchases to buy the Army Air Force a B-24 bomber, called "Spirit of Roslindale." His son, Dr. Norman Mayer, is an optometrist in Roslindale.

When Mr. Mayer retired from the jewelry business last March, due to ill health, the Roslindale Board of Trade presented him a certificate for having completed 25 honorable years' service as a merchant in the community. After a complete rest, he succeeded Mr. Brouillette in the jewelry business at 376 Centre street in Newton Corner last fall.

Besides his most recent office, Mr. Mayer can claim a variety of other affiliations. He is a member of the Newton Lodge of Elks, the Knights of Pythias and the Matapan Grange, P. of H., past commander of the British Veterans of Massachusetts, an officer of the Jamaica Plain Lodge, Loyal Order of Moose, and is still a member of the Roslindale Board of Trade. He says his relaxation and hobby is fishing, which he enjoyed two months last summer in the Maritime Provinces of Canada.

Family Service Bureau Handles Many Situations for Newton Residents

Newton residents find professional counselling at the Family Service Bureau of Newton, located in a comfortable Victorian house at 74 Walnut Park.

The Family Service Bureau handles a variety of situations. Family relationship problems of all types are the most frequent, followed by individual personality adjustments, health, educational, recreational and vocational difficulties, employment, old age, and the recurring problem of the unbalanced budget. A non-sectarian, Red Feather agency, the Bureau is supported by the Community Chest, with only a three or four per cent endowment.

Miss Adelaide B. Hall heads a Board of nearly forty representative Newton citizens who are responsible for the proper ad-

ministrations of the agency. Mrs. Catherine S. Holden, Executive Director, leads a staff which includes Mrs. Louise Graves, Case Supervisor, and three full-time Case Workers, all of whom are college graduates with a knowledge of psychiatric principles and have Masters degrees from graduate schools of social work. The Bureau also trains two students of social work a year, from Boston College, Boston University, or Simmons School of Social Work. Specialized problems, such as child placement, are referred to specialized agencies; and a

psychiatrist is available to the staff for regular consultation. Last year this group helped 495 different families in Newton, 245 of whom had never been known to them before. At least sixty per cent of the people come on their own, while the rest are sent by schools, ministers, doctors, or other agencies. Through personal counselling, the Bureau aims to help families and individuals of all income groups to achieve personally satisfying and socially useful lives. A fee is charged those able to pay, depending upon income and obligations. Financial assistance is given only in very carefully chosen situations, when it is deemed constructive for prevention and rehabilitation purposes.

The agency was started in 1899, under the name of the Newton Associated Charities, by a group of women who got together with the purpose of forming an organization for charitable work. In 1915 the name was changed to Newton Welfare Bureau, Inc. It took its present name of the Family Service Bureau of Newton in 1938, to eliminate confusion with the public welfare department, and to better express its interest in the strengthening of wholesome family life. Last year the Bureau moved from Newtonville, where it had been situated for twenty-nine years, to the Newton Home of the late Clara Potter, aunt of Brooks Potter, president of the Family Service Association of America, of which this agency is a member.

Mrs. Holden has been Executive Director for four years, and has been in the field of family service for well over ten years. She has also worked with the Veterans' Administration Mental Hospital in Bedford. She is a graduate of Wellesley College and holds Master degrees from the Northwestern University School of Speech and Boston University School of Social Work. After leaving Northwestern, she taught English literature and drama, and later worked for four years in the Handicap Bureau of the Women's Educational and Industrial Union. A native of upstate New York, she and her family have been Newton residents for almost fifteen years.

MRS. CATHERINE HOLDEN

administration of the agency. Mrs. Catherine S. Holden, Executive Director, leads a staff which includes Mrs. Louise Graves, Case Supervisor, and three full-time Case Workers, all of whom are college graduates with a knowledge of psychiatric principles and have Masters degrees from graduate schools of social work. The Bureau also trains two students of social work a year, from Boston College, Boston University, or Simmons School of Social Work. Specialized problems, such as child placement, are referred to specialized agencies; and a

Psychiatrists to Address Meeting

The members of the Temple Emmanuel Couples Club will learn salient facts and proper techniques for handling some emotional problems of children and parents, when they meet in the Temple Vestry on Sunday evening, January 28 at 8:30 p.m. to hear two well-known psychiatrists, Dr. Samuel Bojar and Dr. Julius Levine, of the Peter Bent Brigham Hospital.

Two films, "The Feeling of Rejection" and "The Feeling of Hostility" will be shown and discussed. A social hour will conclude the evening, with refreshments served by a hospitality committee under the chairmanship of Mr. and Mrs. Harold Horne.

RE-UPHOLSTER

Beautify Your Home NOW

WHY BRISTOL UPHOLSTERING IS DIFFERENT

- (1) We don't tie springs just 4 or 6 ways—we tie them fully 8 ways and with special tie-ins.
- (2) We don't just glue loose frames—we take out old dovetails, replace them with larger and new ones. We add brand new corner blocks.
- (3) We don't tack seams at just the obvious spots—we hand sew seams throughout the piece.
- (4) The seating isn't simulated—it's separate, individually made—that means it's stronger.
- (5) The seams on the sides and backs aren't blind-tacked—all the seams are hand-sewn.
- (6) We don't use ordinary fibre or excelsior—we use the new, expensive moss filling.
- (7) We don't just repair your cushions—we make brand new cushions, springs and all.
- (8) We don't put the fabric on carelessly—we make sure the pattern matches perfectly.
- (9) We don't just cut from a pattern—we fit your cover as carefully as a tailor made suit.
- (10) We don't settle for second-best materials—we use only the highest quality throughout.

The "Under Cover" Story

There's a difference in custom upholstery. At Bristol it's a fine science. The men who get inside your sofa or chair are qualified experts with years of specialized training. They studied reupholstering just as a doctor studies medicine, a mechanic studies machinery. They know the high standards of workmanship set by Bristol's—and they know how to meet them. Bristol's custom reupholstery department is efficient—and reliable, too. You seldom have to wait longer than 2 weeks. What's more, we have a huge assortment of fabrics—over 200 different patterns, each in a range of colors. You're bound to find just the fabric for your modern or traditional home.

Working With the Newton Red Cross

Harold D. Jones, Chairman of the Newton Chapter Fund Campaign in March, is associated with William Albert Gallup, Incorporated, in Boston. Mr. Jones in an interview was asked, "Why are you working for the Red Cross Fund Campaign?" The following is his reply:

"First, because our country is at war and our boys are fighting and dying in Korea. The Red Cross has been designated as the organization for procuring, processing and distributing blood for our armed forces and thousands of pints must be given by the American people through the Red Cross. Blood will save lives in Korea.

"Second, I am working for the Red Cross Fund Campaign because in peace or war, it is ready to serve and protect our country, our Commonwealth and our city of Newton in the event of a disaster. Should a big disaster occur, and it could happen in Newton, the resources of our National organization could be quickly and efficiently mobilized and rushed to the devastated area. Smaller disasters could be handled by the Newton Red Cross and a trained disaster organization is ready now to cope with an emergency, should one occur. In addition to disaster service, your local Chapter provides Motor Service for emergencies, training for home nursing, nurse's aides, canteen first aid, gray ladies and other special services. The Newton Chapter also has a strong Junior Red Cross organization in the schools.

"Third, I am working for the Red Cross Fund Campaign be-

cause the Red Cross protects my family and other families of Newton. In addition to the services already mentioned, the Red Cross provides blood for the people of Newton. I will always be grateful for the thirteen pints of blood which the Red Cross furnished to a member of my family last year.

"I cannot go back in the Navy and I am not engaged in war work but there is one thing I can do for the war effort and that is to give my best efforts to the work of Red Cross. My job is helping to organize the Fund Campaign—and more money is needed this year to carry on the greatly expanded program."

Mr. Jones stated that "Our organization of Chairmen is practically complete and each one of these key workers is giving the Red Cross Fund top priority and doing a grand job of building the local group."

Paul S. Rich Speaks At Wheelock College

Last Thursday, attorney Paul S. Rich of Newton was the guest speaker before the Wheelock College, Boston special classes on Applied Religion.

Mr. Rich, who is now the Ward 7 Alderman, spoke on the subject, "A Lawyer Looks at Religion." This was one of a series of talks by persons in the professions. Next week Dr. Miriam Van Waters of Framingham is scheduled to speak on the subject "A Penologist Looks at Religion."

The Case of the People

In a thought-provoking booklet, "The Case of the American People vs. Heart Disease," the American Heart Association presents a concise and encouraging analysis of the results achieved since this organization first began its fight against the ravages of this widely-prevalent malady.

Thanks to the painstaking research made possible by "Heart Dollars" voluntarily contributed, much light has now been shed on the classification of the various types of heart disease, with modern methods of treating these conditions resulting in the amelioration or cure of thousands of cases formerly considered hopeless.

The public can do its part in this unending battle between the medical profession and this all too familiar "public enemy," by contributing to the Heart Fund, which begins its drive on February 1.

In the words of Dr. Howard Sprague, "Let us tell those who contribute that their money is not a tax, nor is it a gift toward the support of a charity, but it is an investment in research with an expected return in basic knowledge of the causes and prevention of heart disease."

Could any investment bring us more gratifying dividends?

Educational TV

While the nation's leading educators now battle in Washington for special channels to be assigned to schools, television's effect on education is being anxiously weighed by thoughtful leaders of education.

A clinic demonstration of two-way teaching, says John Meek, TV commentator, was highly successful in Baltimore, with both teachers and pupil appearing on a split screen.

A Chicago librarian said that video versions of the classics boosted requests for those books. Some teachers claim that they can pick out the children in the classrooms whose homes have TV sets because they have expanded their knowledge beyond the printed word, as they viewed newscasts featuring the world's personages.

On the other hand, a good case could be made against the dangers of present-day television trends as more and more inane and moronic presentations loom up before our eyes.

Alert leaders are now concerned with the reservation of parts of the few remaining television channels for the use of educational institutions. This issue is now being heard by the Federal Communications Commission. The fight to insure a better share of cultural programs is being led by the Emergency Committee on Educational Television and the National Association of Educational Broadcasters in New York.

This effort concerns all parents in this community, whether or not they have TV sets in their homes. For, with higher-type educational features to be seen, families that now have scruples over the current trend of warmed-over burlesque-skits would allow their boys and girls to take advantage of the learning possibilities inherent in this vast medium.

Current Comment

Controls Bound to Lead to Rationing... Some Observers Feel War Less Imminent...

One of the major domestic worries in Washington these days is whether the price and wage controls soon to become effective will produce a new crop of chiselers and black marketeers, and the likelihood is that they will.

Beyond that is the prospect of rationing, and while government officials supposedly are still hopeful of avoiding it, the fact of the matter is that they admit privately that price ceilings on commodities such as meat cannot be effective without rationing.

A great many persons have been wondering and asking what the controls they have been reading about will mean to them and how they will affect them.

The answer is that they will mean just about what they meant in the last war, for the pattern on which the controls are being blueprinted are just about the same. There are some differences, but they are not many or great.

Householders and shoppers for a long time have been demanding price ceilings, and within a matter of weeks the government will fix the maximum prices that may be paid for everything bought and sold.

But that, of course, will only be a start, and rationing of some items also inevitably will follow.

Employees in time will find that they will be unable to get pay raises on their present jobs. They will be able to earn more money by working longer hours, and increases will still be possible through promotions but boosts while remaining on the same job will be out for the duration.

Eventually, the worker may find that he no longer has the right to quit his job and take another more to his liking. If he has an essential defense job and decides he wants to work elsewhere, the local labor-management committee may refuse to give him a separation certificate.

That doesn't mean he can't throw up his job, but an employer who hired him could be charged with non-cooperation and, more important still, his supply of materials could be cut off.

From the standpoint of the average citizen and consumer the underlying danger is that synthetic shortages could be created similar to those which existed back in 1946 when the cattle-raisers held back their herds to drive up prices and force the government to remove controls.

The meat problem is an example. Housewives want lower prices, and the government can give them—on paper. But the government can't assure them of a normal supply of meat after controls are imposed.

We could get a repetition of the 1946 conditions if the cattlemen or the hog-farmers decided the government's ceilings were unreasonably low. Hogs can be held at least a year after they become marketable and fed to a heavier weight. Steers can be held even longer on the range.

Meat packers of broad experience declare that rationing probably cannot be avoided long after controls are imposed. They point out that the reason for price ceilings in the first place is that the demand is greater than the supply and that price ceilings increase the demand rather than lessen it.

It would be wonderful, indeed, if price controls halted the upward trend in the cost of living and still left everybody with plenty of everything, but unfortunately it doesn't work out quite that way.

War Danger Appears Lessening...

In recent days there has been a growing feeling of encouragement among conservative and qualified Washington authorities that another world war may be avoided.

For one thing they believe that the fighting in Korea now is exacting a tremendous toll from the Chinese Reds in both trained troops and resources and also is placing a heavy drain upon the Soviet Union to supply their puppets with necessary arms and equipment.

It's true that the Chinese Communists have a vast reservoir of manpower, but the greatest part of it is merely untrained rabble, and its supply of skilled and trained troops must be limited.

From a practical political standpoint there is not much doubt but that the prestige of the Truman administration today is at a low ebb. A great many people have swung over to the belief that the invasion of Korea was a blunder, that we shouldn't have gone in there in the first place and that we should take our men out of there now.

That feeling exists particularly among people with sons of draft age who face the prospect of interrupting their education or leaving jobs they have just started to enter the service.

Time, however, could still prove that the stand in Korea against Communist aggression was a wise move and that it prevented another world holocaust which would have involved a far greater loss of life and a much heavier drain on American resources.

That doesn't mean, of course, that the danger of another world war has been eliminated. Nothing of the sort. The threat of war is still imminent and still very real. But in the minds of some very shrewd observers the actual danger is lessening slightly with each day of fighting in Korea.

The talk earlier this month on Beacon Hill that politics would be put aside for the duration obviously applied only to the war emergency and the defense program, and it remains to be seen how much it actually applied even to them.

There are still the same partisan moves by the rival political parties that were made in other years, and they undoubtedly will continue through the legislative session.

Despite the fact that the average person is faced with the necessity of digging into his pockets to pay higher taxes to the State, federal and local governments, the lawmakers blossom out almost daily with new ideas for spending money, with little, if any thought, as to where it will come from.

There is no evident disposition on the part of the legislators to meet in any courageous and intelligent manner the problem created by the adoption of the old age referendum, and it promises to become a sorry mess unless some common sense and real leadership are demonstrated in coping with it.

Mrs. Isabelle Veil of Chicago is not a lady who believes in taking any unnecessary chances. In obtaining a divorce she insisted on an agreement that the revolver her husband once had brandished at her be dismantled and the parts divided between them. That is what you might call a disarmament pact.

A thief stole \$45 from a safe in the Adams County jail in Gettysburg, Pa.

Aliyah Ibrahim was granted a divorce in Cairo, Egypt, after she told the judge that her husband's passion for reading poetry aloud interfered with her sleep. "It is not worth while getting up in the middle of the night to listen to Shakespeare," declared she.

Roy A. Nickens was arrested in St. Louis for having answered "No" to the question, "Have You Ever Been Arrested?" on a post-office job-application form. Postal authorities decided this was a miscalculation of major proportions when they discovered that police records showed he had been arrested 57 times.

Important For Child To Have A Victory Of Some Sort Every Day of The Year

Alex R. Miller, general secretary of the Newton Y.M.C.A., agrees with educators that "it is important for a child to have a victory of some sort every day." Many first-class schools have made swimming a requirement for graduation, because boys feel a little ashamed about not being able to swim. He believes that "boys need to be able to think individually and work things out for themselves."

Mr. Miller says that when a boy comes to the Y. and asks to join the boxing group, that may not be what he really wants at all. "Maybe he just needs a part in a boys' club which will give him a chance to express himself and be recognized. The Y. directors talk to him and try to satisfy his needs and interests."

The Y.M.C.A. in North America is 100 years old this year; and the Newton Y., located at 276 Church street, will be 75 years old in 1952. The Newton Y. has on its rolls at any time about 1100 regular members in the boys department (which now includes about 150 girls), and seven or eight hundred men members. It has Hi-Y and Tri-Y clubs in the schools, through which the youngsters learn to work in a democratic unit of their own, electing their officers and planning activities. Boys, from eight and up, come to the Y. to swim, play ping pong or chess, participate in the crafts classes, or "just to be around the Y." Although it is non-sectarian, the Y. has always been associated with church groups and leaders and has 25 church basketball teams, divided by ages, church football and bowling leagues. A businessmen's gym class meets there two evenings a week. At night you can't park within two blocks of the big brick building.

One of the oldest functions of a Y.M.C.A. is to accommodate young men who come to a city to work. The Newton Y. has 49 rooms of its own, besides a community register. When a Newton boy moves to a strange city to look for work or enroll at a college, he contacts their Y.M.C.A., reserves a room and requests any services he might need. Few people realize what a large, far-reaching organization the Y.M.C.A. is.

Right now, the directors are working to develop a livelier young adult program. They are also working with the Newton Youth Organization in providing special individual and group activities for some of the boys. The crafts class is one of the most popular groups, which makes, among other things, model racers which actually run — and run fast. A Newton High School senior who excels in woodworking teaches the class. Equipment at the Y. includes a gymnasium, indoor running track, basketball court, handball court, swimming pool, wrestling room, boxing room, four tennis courts, and an outdoor running track.

In the summer, the Y. runs two day camps and a resident camp. Camp Frank A. Day in Brookfield, Mass., the resident camp, comprises about thirty buildings, with athletic fields, tennis courts, and a sandy beach on a lake. Every summer at least two hundred boys participate in its eight week's season of two week periods. The first of the two day camps is Camp Massasoit, which uses the building facilities of the Y. and offers instruction in baseball, softball, archery, handicrafts, swimming, track and field events and tennis. The second is Camp Chick-am, established five years ago at Riverside Recreational Park in Auburndale, which has a program of swimming, nature study, hiking, athletics, storytelling and trips.

Mr. Frederick Sayford Bacon has held the presidency of the Y. for ten years. Under him is the general secretary, Mr. Miller, and a six man staff. Mr. Miller received his graduate training in social work at the University of Minnesota. His wife is on the board of the Women's Auxiliary, an organization of women who serve the Y. in various ways. The Newton Y. is supported first by its members, receiving the rest of its income from the Community Chest.

Girls swim at the Y. Saturday

NEWTON YMCA STAFF. Seated, left to right: Leonard D. Garfield, Men's Secretary; John E. Danielson, Associate Boys' Secretary; Richard B. Simmons, Physical Director. Standing, left to right: Eugene R. Clark, Associate Physical Director; Dwight R. Robison, Boys' Work Secretary; William E. Byrne, Newton Youth Director; Alex R. Miller, General Secretary.

Silent Auction to Be Held Monday

Members of the Woman's Guild of the Church of the Messiah are looking forward to the Silent Auction which is to be held in the church parlor Monday. Its novelty always attracts a good audience and the proceeds are accordingly very satisfactory.

The arrangements are under the direction of Mrs. A. E. Everett and Mrs. Walter Morehouse. A small charge will be made for the refreshments served but that is offset by the novelty and fun of the auction. The hour is 2 p.m. and a large attendance is expected.

Nights and church parties use its facilities. Outside of that, it's for the boys. A couple of hundred committee people work with the groups. They believe the Y. is successful in providing Newton boys activities under good direction, so that they have a useful outlet for their time.

File Papers for Incorporation

The following Newton concerns have filed papers with State Secretary Edward J. Cronin, at the State House, Boston, seeking charters permitting them to incorporate under the laws of this Commonwealth:

William R. and Rose V. Dezottell, of 85 Cabot street, and George Dezottell, of 101 Faxon street, as Centre Street Construction Company, Inc., at 369 Centre street, Newton.

Edwin F. Weidig, of 16 Otis place, Violet Weidig, of 100 Madison avenue, and Ralph C. Harper, of 9 Clarence terrace, Malden, as Suburban Welders Supply Company, Inc., at 12 Bailey place, Newton.

A Prayer for our Soldiers

By MAJOR GENERAL ROY H. PARKER
Chief of Chaplains, United States Army

Almighty God, the Creator and Preserver of all mankind, we commend to Thy special care and keeping those serving in our Army. Though they be in the midst of dangers, do Thou send Thy guardian angels for their protection. Walk beside them as they go through the valley of the shadow of death.

Knowing that all good things come from Thee, grant them courage and loyalty, through a firm faith in freedom's cause, in the present conflict. When sacrifices are called for, let them be made in the knowledge that Thou art the rewarder of Thy servants. Enable them to live valiantly and serve nobly, in the full realization that no man liveth unto himself. Grant them clear minds, strong bodies, resolute wills, and pure hearts free from hatred and bitterness, renewing them each and every day with strength, like strong men of old, who against enthroned wrong stood with confidence and courage.

Awaken in them a lively faith that will keep them close to Thee. Enable them to rest their cause upon Thy Word that though the foe be strong, yet knowing the cause as they battle for the right, they can never fail. Fill their hearts with the assurance that with Thee nothing is impossible and that all things work together for good to them that love Thee.

If it be Thy will that injuries be sustained, let them experience the touch of Thy healing hand and do Thou bless the means and the ministries employed for the restoration of their health.

In these difficult times, when the forces of evil are running rampant and many hopes seem about to be crushed, fill their hearts with an abiding sense of Thy reality and the certainty of Thy continual presence. Enable them to look to Thee when loneliness and longing overtake them; fulfill their yearnings by granting them Thine own companionship and fellowship. Enable them to realize the full meaning of Thy promise, "Lo, I am with you always."

Thou who are the Protector and Helper as well as the Giver of victory, grant unto them every good gift of body and soul and unite us with them in faith and love unceasing. Amen.

Red Cross Nurses' Aides Are Needed

What can you do to help mobilize for defense? Red Cross Nurses' Aides are urgently needed at Newton-Wellesley Hospital to assist busy nurses.

If you are between 18 and 55 and would like to help in this interesting service, call Mrs. Joseph C. MacDonald, DE 2-0293, or the Newton Red Cross Chapter, LA 7-6000 or BI 4-9590. A new class is being formed to start around February 1.

Dorothy Webb is a member of the Spanish Club at Lasell Junior College in Auburndale. A freshman in the liberal arts course, she is the daughter of Mr. and Mrs. William D. Webb of 165 Grove street, Auburndale.

ELECTRIC POWER

NEW ENGLAND'S MINUTE MAN OF DEFENSE PRODUCTION

When thousands of new things must be produced for national defense... when those things must be made with speed and certainty... whether in big cities or in tiny villages, in huge factories or small shops... whether the job calls for mighty force or delicate precision... ELECTRIC POWER, like the MINUTE MAN of old, instantly takes its vital place in the defense line!

MORE ELECTRIC POWER FOR NEW ENGLAND — TODAY!

Your business managed electric companies are ready right now with 41% MORE electric generating capacity for New England's use than was available at the end of World War II. And by Dec. 31 of next year that figure will be increased to 61%!

ROSE BUD, the skunk, appears to be the center of attraction of this gathering at the 1951 reunion of Camp Massasoit. Left to right, Messrs. Cornelius Roggeveen, George E. Higgins, members of Camp Massasoit committee, and guest speaker, Gilbert E. Merrill. Children, left to right are: Janis Morrison, sister of Harvey Morrison, one of the Campers; Richard Roggeveen and Peter Higgins, and of course, Rose Bud the skunk.

Massasoit Reunion Is Held

At 6:30 p. m. last Saturday, seventy-six interested youngsters and parents gathered for the 1951 Reunion of Camp Massasoit. This is the 8th year of this Newton YMCA day camp under the direction of Richard B. Simmons. George E. Higgins, chairman of the camping committee presided at this dinner affair, and John E. Danielson, Associate Boys' Work Secretary, gave the invocation.

After a most enjoyable meal put on by Codman Caterers, Mr. Miller, General Secretary of the Newton Y, issued a greeting to all present and James H. Remley led the group in camp songs. Richard B. Simmons announced that Camp Massasoit will start this 8th season Monday, June 25th, and be divided into three periods—1st period, June 25 to July 14; 2nd period, July 16 to July 28; and 3rd period, July 30 to August 18.

Gilbert E. Merrill of the educational department of the Museum of Natural Science entertained the group with a talk on Woodland Fears—Real and Imaginary, telling of superstitions of people about the dangers of animals and proceeded to demonstrate with live models such as Rose Bud, the skunk and Hercules, the porcupine. Also several snakes were used in the demonstration such as a copper head snake, water snake, etc.

Tells Carr School PTA of Higher Education Costs

Problems which face our schools in the 1950's, according to Charles O. Richter, Assistant Superintendent of Schools in Newton and president of the Newton Community Council, are higher costs, increased enrollments, shortage of teachers, and inadequate school housing facilities. Addressing the Carr School P.T.A. last week, Mr. Richter explained these problems by telling parents how their children are at present educated by the city at very modest expense to themselves. One of the ways in which Newton has managed to maintain a high standard of teaching without paying exceptional salaries is its policy of academic freedom and willingness to cooperate with teachers who wish to try improving old methods.

Following his talk Mr. Richter asked questions of a Parent-Teachers Panel consisting of Mrs. Winslow Auryansen, Mr. Arthur Gath, Miss Charlotte Forgeron, and Miss Adeline Vara. Among the questions discussed were such problems as double-grades, education for pre-kindergarten children and thirteenth and fourteenth grade pupils, television and its influence on children's education. One of the most important features of modern education is group work in the classes which enables a teacher to deal with pupils of widely different capacity without retarding the more advanced ones. In response to the question, "How much are you willing to spend on your child's education?" it was pointed out that the average parent spends little more than \$100 a year on his children's education as against \$248 spent by the city on each child, or \$380 which it would cost to send him to a private school.

Rev. W. J. Cavanaugh Speaks at Meeting

Rev. Walter J. Cavanaugh, recently back from a three-year station in Brazil, was guest speaker at the January meeting of the Catholic Daughters of America, Court Our Lady, Newton.

Miss Marie Kelly, grand regent, introduced Father Cavanaugh to the large group of both members and guests.

In describing the current customs and conditions of Brazil, Father Cavanaugh presented a great deal of first-hand information, interwoven with many an interesting personal experience. To supplement his explanations, Father Cavanaugh circulated a series of snapshots depicting various phases of Brazilian life. He said that missionary work is not as rough as most people imagine, but, in fact, he enjoys it very much.

After Father Cavanaugh's entertainment, refreshments were served to all who were present.

The officers and directors of Newton Players reflect these three groups. Donald L. Gibbs, Harold D. Billings, Mrs. S. L. Sholley, Mrs. D. Allen Smith, Frank A. Day Jr., William B. Marshall, Mrs. Wesley Dynes, Mrs. Louis DiLuzio, Mrs. W. V. M. Fawcett, William V. M. Fawcett, Mrs. Frank A. Mason, Mrs. Willard F. Richards, Edwin D. Smith and Mrs. H. Thaxter Spencer.

The first play, appropriately entitled "Return Engagement" by Lawrence Riley, will be presented at the Newton High School auditorium February 9 and 10.

The "sulfa" drugs as well as aspirin are produced from by-products of the steel industry's coke plants.

During the last war, a new process for making cartridge cases from steel freed an estimated 591,000,000 pounds of copper for other wartime needs.

Only One Change Requested at First Zoning Hearing

Only one change was requested at the first public hearing held by the Planning Board and the Aldermanic Claims and Rules Committee on the proposed new Zoning Ordinance, resulting from the Adams survey, which was held January 17, and to which less than a score of residents of Wards 1 and 7 appeared.

Led by William E. Hopkins, president of the Newton Improvement Association, residents requested that the land bounded by Elmwood and Brooks street and the railroad tracks in Newton Corner, be placed in Business B district, instead of Manufacturing as listed by the report.

Mr. Hopkins said that the presence of manufacturing plants in the area prevents the erection of dwelling houses including garden type apartments for which the district is suited. He explained that two of the plants now operating in the area would not be affected by the Business B listing, while the third would be prevented from enlarging its operations under a non-conforming use.

A letter from George R. Ware, acting president of the Newton Corner Business and Professional Association, supported the suggestion. Frank R. Wasson of 117 Vernon street also urged the change of the Manufacturing Zone to Business B.

Alderman Ernest G. Angevine, chairman of the Claims and Rules Committee requested an expression of opinion on the lot size limits for garden apartments, which was set at 35,000 square feet by the Planning Board and only 12,000 square feet by the Committee. Mr. Hopkins asserted that 12,000 seemed too small and might result in such construction being dispersed throughout the area. Mr. Angevine pointed out that this requirement would make more housing available, while the larger lots would result in the concentration of garden type construction.

Other hearings on the proposed new ordinances are scheduled on the following dates: Wards 2, 3, and 4, comprising Newtonville, West Newton, Auburndale, and Newton Lower Falls, yesterday (Wednesday); Wards 5 and 6, comprising Chestnut Hill, Newton Centre, Newton Highlands, Waban and Newton Upper Falls, January 31.

Golf Instruction Course to Open at 'Y' Wednesday

Because of the great demand, John Hoyt Kent, Wellesley Country Club pro, returns to the Newton Y.M.C.A. to conduct his classes in golf instruction.

The classes are open to anyone who wants to get the best of instruction in sport. Age, sex, and sport rating are no prerequisite.

Mr. Kent will conduct classes on each Wednesday and Thursday, starting January 31 and February 1, one at 10:30 a.m. especially for the ladies and two in the evening, at 7:30 and 8:30 o'clock for mixed groups for 10 consecutive weeks.

The participants will not have to supply the equipment—Mr. Kent has enough to go around to all.

As an innovation this year Mr. Kent offers free swing analysis, and a movie record of the student's swing at the first lesson.

Since the classes are limited to 15 pupils there will be plenty of time for individual instruction and a practice period at the end of each lesson.

For further details on the 10-week course call, write, or come in to the program office of the Newton Y.M.C.A., 276 Church street, Newton. The telephone number is BI 4-6050.

Arthur H. Allinck, son of Mr. and Mrs. M. K. Allinck, 30 Ellis road, West Newton, has been named Chairman of the Winter Carnival Publicity Committee, at the University of Massachusetts. Mr. Allinck is a member of the university track and wrestling teams, and is Secretary of Alpha Epsilon Pi Fraternity.

"Town Meeting" Proves Interesting

Last week with representatives of Newton's municipal organization participating in a discussion on "What Makes Newton Tick?"

About 200 persons attended the open meeting which was held in the Central Congregational Church and was sponsored by the Newtonville Improvement Association. Raymond A. Green, principal of Newton High School, acted as the moderator.

The structure of the city government was outlined by Mayor Theodore R. Lockwood, and William R. Mattson, alderman-at-large from Ward 2, explained the functions of the city departments.

Judge W. Lloyd Allen discussed the organization of the Newton District Court, types of cases which it handles, and the different agencies associated with the court. He referred to the enlargement of facilities to handle juvenile delinquent problems.

The aims and purposes of the Baby Hoover Commission in the state were discussed by one of its members, Howard Whitmore, who is representative to the general court at the State House.

A brief outline of Newton's Civil Defense program and an invitation to inspect the headquarters was given by Douglas B. Francis, director.

After the talks, Mr. Green called for questions from the floor.

Ice Carnival Is Being Planned

Over 4000 Newton boys and girls have attended the weekly sessions at the Boston Skating Club sponsored by the P.T.A. Council. It is reported by Benjamin Berenson, chairman of the committee in charge of arrangements, with an average attendance of 596 at each session. "The weather man just can't get us down," said Mr. Berenson. "Even though our Newton ponds wouldn't freeze over the parents and teachers, acting through the Council, decided that the schoolchildren would get ice skating."

The program was inaugurated early in November. Parents sold tickets at 20c each in the schools, and arranged for supervised bus transportation to and from the club. Supervision at the club was undertaken by Frank M. (Doc) Simmons and his staff from the School Physical Education Department. The demand for skating was so great that it was found necessary to divide the city into east-and-west, and have the schools alternate weeks at the Club. Next year, however, it is planned to book more time so that every schoolchild in Newton, including students from the Junior Highs and High School, can have at least one hour a week skating.

An Ice Carnival is being planned for the season's wind-up by the committee which includes, with Mr. Berenson of the Lincoln-Elliott P.T.A., Mr. R. Leigh Fitzgerald, Angier school; Mr. G. Winthrop Brainerd and Mr. James Sullivan, Lincoln-Elliott school; Mr. Arthur Gath, Carr school; Mr. Sterns Smalley, Burr-Williams P.T.A.; Mrs. J. L. Onley, Council Executive Secretary; Mr. E. Leslie Robert, Council Vice-President; Mr. Oliver Noonan.

Mr. Joseph Meany is in charge of entertainment, and Mr. Paul Healey, ticket chairman, will be assisted by Mrs. Charles Farrell, co-chairman. Mrs. Arthur Lannigan, Mrs. Bernard McCarthy, Mrs. Leo Brennan, Mrs. Dennis Cronin, Mrs. Harold Foran, Mrs. John Craig, Mrs. Edward Wilson and Mrs. Ralph Fox, Jr.

Refreshments will be served under the direction of Mrs. Edward D. Brine and the following committee: Mrs. Frank W. Reilly, Mrs. F. C. Wedekind, Mrs. Walter Casey, Mrs. William White, Mrs. Geo. S. Wattendorf, Mrs. Frederick Joyce, Mrs. Walter Rector, Mrs. Frederick Murphy, Mrs. Eugene Fitzpatrick, Mrs. Robert Lally, Miss Paul Healey, Mrs. Orazio Vaccaro, Mrs. Theophile Bernhardt, Mrs. Arthur Plessis, Mrs. Wm. Connors, Mrs. James F. Ryan and Mrs. Richard Tobin.

Fred Hills, son of Mr. and Mrs. Fisher Hills of 351 Otis street, Newton, has been elected Ritualist for Gamma Mu Zeta of Lambda Chi Alpha fraternity at the University of Colorado. Hills is majoring in Business Management and will graduate in 1952 with a B.S. Degree.

Robert P. Rice, son of Mr. and Mrs. Willard G. Rice, of 148 Alenton road, Newton, has been pledged to the Alpha chapter of Phi Sigma Kappa fraternity at the University of Massachusetts. Rice is a member of the class of 1954 at the University.

"FLAMING ARROW" Patrol of Troop 10, Waban Boy Scouts, were awarded a "Snow Hike" and steak roast for leading the 4 Patrols in their Christmas Wreath Sales Contest. 227 wreaths were sold in Waban by the Troop. Dads, accompanying the Patrol, were, back row, left to right: Fred Harvey, Kenneth Rogers, Gale Harper, Hugh Harwood, Douglas Gray, and Bromley DeMeritt. Scouts, front row, left to right: Bruce Harper, Peter DeMeritt, Fred Harvey 2nd, Bill Booth, Glen Rogers, Thom Stephan, Jim Mitchell, Donald Gray and Ed Gittens. Eric O'Brien, Tom Gillespie, Charles Kenel and Patrol co-captain, "Skrips" Booth, were absent.

To Discuss Schools And City Planning At Open Meeting

The Newton Centre School Association will hold its third open meeting next Thursday evening at 8 o'clock at the Mason School Auditorium.

"Your School and City Planning" will be the subject, to be discussed and clarified by Mayor Theodore R. Lockwood, Harold Gores, Superintendent of Schools, Dr. James B. Palmer, Chairman of the School Committee, C. Evan Johnson, Head of the Recreation Department of the City and Lorenz Muther, Executive Director of the Taxpayers Association of Newton.

Parents will be interested in learning: The relations of the Mayor and the School Committee; What will happen to the Mason School—if anything; What proportion of Newton students attend college; How our teachers are chosen; The activities of the School Committee; The recreational facilities and where the financial support comes from; and what proportion of our taxes is used for schools and improvements.

To Hold Mardi Gras February 5th

Monday evening, February 5, at the Normandie Room, Norumbega Park, Corpus Christi Parish will sponsor a Mardi Gras.

Mr. Giles Threadgold will be master of ceremonies, and Baron Hugo's orchestra will furnish music for both modern and square dancing.

Entertainment of interest to both adults and teenagers will include the selection of a Mardi Gras King and Queen, and awarding of prizes for the most original costumes.

Mrs. Walter Glere and Mr. Howell Carr have taken over the duties of general chairmanship.

Mr. Joseph Meany is in charge of entertainment, and Mr. Paul Healey, ticket chairman, will be assisted by Mrs. Charles Farrell, co-chairman. Mrs. Arthur Lannigan, Mrs. Bernard McCarthy, Mrs. Leo Brennan, Mrs. Dennis Cronin, Mrs. Harold Foran, Mrs. John Craig, Mrs. Edward Wilson and Mrs. Ralph Fox, Jr.

Refreshments will be served under the direction of Mrs. Edward D. Brine and the following committee: Mrs. Frank W. Reilly, Mrs. F. C. Wedekind, Mrs. Walter Casey, Mrs. William White, Mrs. Geo. S. Wattendorf, Mrs. Frederick Joyce, Mrs. Walter Rector, Mrs. Frederick Murphy, Mrs. Eugene Fitzpatrick, Mrs. Robert Lally, Miss Paul Healey, Mrs. Orazio Vaccaro, Mrs. Theophile Bernhardt, Mrs. Arthur Plessis, Mrs. Wm. Connors, Mrs. James F. Ryan and Mrs. Richard Tobin.

Fred Hills, son of Mr. and Mrs. Fisher Hills of 351 Otis street, Newton, has been elected Ritualist for Gamma Mu Zeta of Lambda Chi Alpha fraternity at the University of Colorado. Hills is majoring in Business Management and will graduate in 1952 with a B.S. Degree.

Robert P. Rice, son of Mr. and Mrs. Willard G. Rice, of 148 Alenton road, Newton, has been pledged to the Alpha chapter of Phi Sigma Kappa fraternity at the University of Massachusetts. Rice is a member of the class of 1954 at the University.

Miss Ruth Burns Is Appointed Area Treasurer

Miss Ruth Burns, assistant treasurer of the Newton-Waltham Bank and Trust Company, has been appointed Area Treasurer of the 1951 Easter Seal drive of the Bay State Society for the Crippled and Handicapped, Inc., for Newton and vicinity.

Miss Burns, long interested in crippled children, is a member of the Corporation of the Bay State Society and has served previously as area treasurer for the Easter Seal campaign.

This year's Easter Seal drive will be conducted from February 21 to March 21.

Speakers Bureau Members Are Named

Members of the Speakers Bureau at Lasell Junior College in Auburndale are the following seniors: Jaon Groccia, daughter of Mr. and Mrs. Frank M. Groccia of 119 Woodcliff road, Newton Highlands; Deborah Lyons, daughter of Mr. and Mrs. Kevin T. Lyons of 94 Central street, Auburndale; Nancy Pollock, daughter of Mr. and Mrs. Edward J. Pollock of 27 Pigeon Hill road, Auburndale; Eleanor Penney, daughter of Mr. and Mrs. Edward J. Penney of 11 Pine Grove avenue, Newton Lower Falls; Peggyanne Riker, daughter of Mr. and Mrs. Harland A. Riker of 68 Hyde street, Newton Highlands; and Mary Ellen Wait, daughter of Mr. and Mrs. Philip E. Wait of 7 Warren terrace, Newton Centre.

Freshman members of the Speakers Bureau include Barbara Smith, daughter of Mr. and Mrs. Joseph M. Smith of 24 Lawn avenue, Newtonville; Anita Morse, daughter of Mr. and Mrs. Leigh Morse of 157 Dickerman road, Newton Highlands; Jean MacLeod, daughter of Mr. Melvin D. MacLeod of 10 Oakland avenue, Auburndale; Claire McHugh, daughter of Mr. and Mrs. Frank McHugh of 39 Lafayette road, Newton Lower Falls; and Elizabeth White, daughter of Mr. and Mrs. C. Raymond White of 4 Cleveland road, Waltham.

Thrift Shop to Hold Annual Sale

The Bigelow-Underwood Thrift Shop will hold its annual 26 percent markdown sale February 2 from 9:30 to 3:30 at the Underwood School on Vernon street in Newton Corner.

The Thrift Shop carries a variety of stock including clothing for all seasons, household items, and novelty bric-a-brac. Everyone is invited to attend this sale. Come and bring a friend.

Pumping Station To Be Completed In About 8 Months

Frederick W. Gow, chief construction engineer for the proposed pumping station on Commonwealth avenue, by the Metropolitan District Commission, has announced that the building should be completed within six to eight months.

The foundation of the pumping station, which will enable Newton to take all of its water supply from the MDC system, has been completed on the property of the Newton Cemetery Corporation, and the pipes connecting it with the Hultman Aqueduct have been installed.

While final agreement between the city and the MDC for furnishing Newton with its entire water supply is being held up, pending release of a survey report of Newton made by MDC consulting engineers, bids for construction of the pumping station building, which will be 60 feet wide and 100 feet long, will be invited during the next few weeks.

The Hultman Aqueduct, which runs under the city, was completed several months ago, and Newton already derives a part of its water supply by means of connections with the tunnel.

Lincoln Stores Chain Expands

Lincoln Stores Inc., one of the most progressive chain department stores in the East, announced this week the establishment of another store at Pittsfield, Mass. This store, according to president Guy W. Mailman, will be Lincoln Stores "No. 17" and the 12th in New England. He further stated that he expected the company to complete negotiations shortly on a lease for another store. Both will be opened in 1951.

Nearby Lincoln Stores are in Quincy and Waltham with executive offices in Quincy.

Dr. Routtenberg to Speak Wednesday

Dr. Hyman J. Routtenberg, spiritual leader of Congregation Agudath Israel, Dorchester, will be the fourth speaker on the "Great Jewish Books" course being offered at Temple Emanuel, Wednesday, January 31 at 8 p.m. This course, one of six classes sponsored by Temple Emanuel of Newton Centre, as part of its School of Jewish Studies, has met with enthusiastic response. Registration is open to the public.

Predicts at Least \$20,000,000 in New Taxes

At least \$20,000,000 in new taxes will be required by the state was the prediction made by State Senator Sumner G. Whittier in a most interesting talk before the Men's Club of West Newton. Many other millions will be "refinanced," the Senator believes, meaning that the state is definitely going into a period of deficit financing. Although the tax bill will be tremendous, it must be paid and it is essential that waste be eliminated and that every possible economy be practiced.

Senator Whittier stated that Labor, businessman, Republican and Democrat must forget selfish interests. They must be aggressive, militant, and vocal for democracy if conditions facing us are to be met.

Loomis Patrick, President of the Club announced that the February meeting will be Father, Son Scout night. Following a tradition of years, members of the Club will "sponsor" West Newton scouts who will attend as their guests.

Central Club Plans Ladies Nights

Annual Ladies' Night of the Central Club of the Congregational Church, Newtonville, will be held Monday evening, February 5, it has been announced by President Raymond A. Green.

Highlight of the evening will be a lecture by Mrs. Green on Scandinavian Blondes in Costume. Mrs. Green is well known for her demonstration talks on costumes of Western European countries which she visited for some years prior to World War II. Her collection of authentic costumes will be modeled by wives and children of club members. Colored motion pictures taken by the Greens on their trips will illustrate the costumes being worn by the natives of these countries.

Officers of the club and their wives will hold a reception in the church vestry prior to a catered dinner which will be served at 7. Officers for the current year are Raymond A. Green, president; Philip Ahlin, first vice-president; Leonard Trowbridge, second vice-president; Blake A. Tennant, treasurer; Henry Hassell, assistant treasurer; Donald Frail, auditor; Martin Edman and Robert Ford, members of the executive committee.

Assisting in the receiving line will be Rev. and Mrs. Randolph S. Merrill, James H. Remley, director of music, is in charge of the musical program for the evening.

New recruits beginning their training at Fort Dix, New Jersey, include Eugene Porretta, of 460 Watertown street, Newton, and Melvin J. Bondrot, of 19 Faxon street, Newton. Both men have been assigned to Company "C," 60th Infantry Regiment, 9th Infantry Division for a six weeks training course.

Hector F. Cichetti Named President

At a meeting of the United Italo-American Organizations held January 18 at Columbus Hall, Newton, Hector F. Cichetti was elected president. Cichetti, who succeeds Carmen Vitti as head officer of the club, is also president of the Filippo Corsi Society.

The United Organizations will send delegates from all member groups to the city-wide Civil Defense meeting Jan. 28 at Newton High School. Mr. Cichetti urged that the delegates enlist the help of the Nonantum Improvement Council in a clean-up project for old buildings in the area. Steps have been taken to support the Council in its petition for a permanent building to house the Nonantum Branch of the Newton Free Library.

IN KEY NATIONAL POST—Herman Gilman, of Newton, prominent Hub communal worker and past president of the Combined Jewish Appeal of Greater Boston, is one of 20 American business and industrial leaders named to the Executive Committee of the American Financial Corporation for Israel.

To Hold World Day Of Prayer Feb. 9

The World Day of Prayer, which is sponsored each year by the United Council of Church Women, will be held at Elliot Church, 474 Centre street in Newton, Friday, February 9.

At 11 o'clock there will be a morning meeting of devotions and prayer by Mrs. Randolph S. Merrill and Mrs. Wallace M. Ross, followed by a box luncheon and coffee at 12:30.

At 2 o'clock, Mrs. Horace W. Briggs, Mrs. George J. Brookhiser, Mrs. Anthony Jaureguay and Mrs. Marshall I. Stone will participate in the World Day of Prayer service. The Rev. John Ogden Fisher will be the speaker.

This service of prayer will be conducted all over the world on this day. The theme this year is from I John 4:18—"Perfect love casts out fear."

The public is cordially invited.

THE CENTRAL IDEA
Things you'd like to know about your Railroad

50,742 NEW Freight Cars

NEW YORK CENTRAL SYSTEM

IT'S EXCITING to watch the parade of railroad emblems when a freight rolls by. You see cars whose "home ports" may be San Francisco or Bangor. And, these days, you'll also see many a bright new car sporting a big N. Y. C. and the oval mark of New York Central.

THOSE NEW CARS are among the 50,742 Central has been ordering since 1945. They represent a \$22,000,000 private investment in the public interest. An investment it took faith to make in the face of Central's net profits averaging less than 1% over the past five years.

CENTRAL DIDN'T WAIT for record production or a national emergency to create a sure demand. It started to build up its freight fleet the minute steel became available after the war. And your Railroad has gone on ordering an average of 10,000 cars a year.

THAT'S WHY TODAY new cars are ready to help America mobilize. Ready, as well, to bring you the things you buy or use . . . or speed your town's products to market. Yes, freight is one more way your Railroad is a living part of your town. And that's the CENTRAL IDEA!

CHURCH SERVICES

First United Presbyterian Church, Park and Vernon streets, Newton. Rev. George L. Murray, D.D., Minister. 10:45 a. m., Morning worship. 11:15 a. m., Primary and junior church. 12 noon, Sunday School, classes for all ages. 5 p. m., Philathea and Parrothean classes for Women. 6:20 p. m., Four Christian Endeavor Societies. 7:30 p. m., Great Sunday Evening service. RED FEATHER LEADERS at Newton Executives Meeting. Seated, left to right: Mrs. Catherine S. Holden, General Secretary, Family Service Bureau of Newton; Harry M. Carey, Executive Director, United Community Services of Metropolitan Boston; and Mrs. Eugenia T. Copeland, Executive Secretary, Newton Community Council. Standing, left to right: H. J. Pettengill, Executive Director, Newton Community Chest; W. Duncan Russell, Executive Secretary of the Metropolitan Department, UCS; and Alex R. Miller, General Secretary, Newton Y. M. C. A.

Red Feather Executives Hear Talk By Harry Carey

Harry M. Carey, Executive Director of United Community Services of Metropolitan Boston, was the speaker at the January meeting of the Executives of Newton Red Feather agencies. Held at the Newton YMCA, the meeting was a luncheon affair and members of the Red Feather staffs were guests. Alex R. Miller, Chairman of the Executive group, presided and extended greetings to all in attendance, which included W. Duncan Russell, Executive Secretary of the Metropolitan Department of United Community Services. Miss Helen Quigley, Executive Director of the West Newton Community Centre, who is being given a leave of absence from that organization to join the WAVES, was presented a gift from her fellow executives and a humorous jingle concerning Miss Quigley's pending departure was read by H. J. Pettengill, Executive Director of the Chest.

Mr. Carey gave a most informative talk regarding United Community Services and its relationship with its 341 affiliated Red Feather services. Mr. Carey said: "The importance of United Community Service in Greater Boston is emphasized by the fact that 87 per cent of the monies spent on social welfare in our area by private agencies is spent by Red Feather services. United Community Services recognizes the need that most Red Feather agencies have for added funds. The public, after all, determines the breadth of our programs by their contributions. We can and ought to raise more money. When the public comprehends the services our agencies render and the assistance that is given to the community, they can be counted on to give us the support we need."

Youth Services On Sunday

The Jaynes League of the West Newton Unitarian Church, a branch of the American Unitarian Youth, will conduct the annual Youth Sunday services at 11 a. m. Sunday.

For the first time, members of the league, all of high school age, will deliver the sermon as well as lead all other portions of the service.

The subject of the service is "The Double U"—expressing the young people's approach to the problem of cooperation between the Unitarian and Universalist youth groups and its relation to the proposed merger of the two denominations.

Taking part in the Youth Sunday Service will be: Invocation, Winslow Tisdell; First Lesson, Richard Losch; Second Lesson, Rudolph Amann; Prayer, Margaret Weatherly; Sermon, Valerie Kuebler, John Cartwright and Sandra Adler; and Benediction, John Caldwell.

Carleton Moore Jr., will be chief usher, assisted by John Caldwell, Christopher Kuebler, Margo Cal-lard, Marion Dutton and Susan Garcelon.

Following the service there will be a coffee hour for the entire congregation in the parish house.

Shorton Elected To Head Police Benefit Ass'n.

Patrolman John B. Shorton has been elected president of the Newton Police Benefit Association.

Others besides Shorton who were elected to office without opposition include Sgt. Thomas F. Leehan, treasurer, for his 30th term, and Patrolman J. Frank Lovely, secretary. Inspector Augustus E. White and Patrolmen Thomas F. Ganley, W. Joseph Kerrivan and Walter D. Drew were named directors after a 10-man contest.

Landscape Exhibit Now Being Shown

There is an exhibition of landscapes painted by Fred H. Daniels, formerly Director of Art and Craft work in the Newton schools, on view now at the Newtonville Branch Library.

Other displays at the Library include a Kate Greenaway exhibit, loaned by Mrs. R. L. McPhail, and photographs of the historic Jackson Homestead, at 527 Washington street, Newton, which have been loaned by the Board of Trustees of the Homestead.

The Library is open weekdays from 10 a. m. to 9 p. m.

Letter Commends Fire Department

"Dear Chief:

May I take this opportunity to commend you and Deputy Chief Henry Murphy and all the men who assisted at the fire on the B. S. Hatch Company property. If it were not for the efficiency of your department the loss here would have been much greater. It was one more example of the highly trained personnel that makes your department a credit to the city.

My personal regards and thank you again.

Yours very truly,
B. S. HATCH COMPANY.
(Signed) Kenneth E. Prior
President and Treasurer."

Award Contract For \$340,000

Contract for the construction of warehouse and office building at 157 Needham street, Newton, was awarded by Cabot-Cabot & Forbes, Inc., to Turner Construction Co., Boston, for \$340,000.

To Observe 42nd Anniversary Sat.

Mr. and Mrs. Charles James McCarthy of 52 Channing road, Newton Centre, will celebrate their 42nd wedding anniversary Saturday.

They were wed at the Church of Our Lady in Newton with the late Mr. Joseph McCarthy the best man for his brother.

Mrs. McCarthy is the former Miss Theresa Mahoney of Newton.

Until his retirement four years ago, Mr. McCarthy was superintendent of streets in the city of Newton.

The couple have three children and eight grandchildren, Charles Albert of Newton Lower Falls; Miss Claire, a teacher, New York; and Clement, of Newton.

Newton Man Wins Shipyard Award

Captain Pleasant D. Gold, Jr., U.S.N., commander of the Boston Naval Shipyard has announced that Francis Justice, shipyard employee, of 148 Tremont street, Newton, has received a letter of commendation and a check from the Navy Department for a time and labor-saving device.

FREDERICK HENRY PAUL

Frederick Henry Paul, 87, of 52 Randlett Park, West Newton, died January 18, after a long illness. He was the husband of the late Margaret Jane Paul.

Born in Fort Wayne, Ind., he made his home for many years in Waltham before moving to Newton 24 years ago.

He was a member of Isaac Parker Lodge, A. F. & A. M., of Waltham and the Odd Fellows.

Surviving are two sons, Dr. Frederick H. Paul, Jr., of Newtonville, and Elliot Chester Paul of Waltham; a daughter, Miss Ruth Jane Paul of West Newton, with whom he made his home, and two granddaughters.

Funeral services were held last Saturday at his late residence, with Rev. Alan L. Blacklock of the First Presbyterian Church, Waltham, officiating.

Burial was in Newton Cemetery.

Robert W. Potter, son of Mrs. M. Audrey Potter of 429 Brookline street, Newton Centre, was among those to receive promotion at the Riverside Military Academy at Gainesville, Georgia.

A member of the freshman class, Cadet Potter has advanced to the grade of Private First Class.

Miss Cornelia Anderson, a student at Simmons College School of Social Work is doing her first year field work at the Boston Provident Assn. She is the daughter of Mrs. Robert Anderson of 33 Ledges road, Newton Centre.

Letter Commends Fire Department

"Dear Chief:

May I take this opportunity to commend you and Deputy Chief Henry Murphy and all the men who assisted at the fire on the B. S. Hatch Company property. If it were not for the efficiency of your department the loss here would have been much greater. It was one more example of the highly trained personnel that makes your department a credit to the city.

My personal regards and thank you again.

Yours very truly,
B. S. HATCH COMPANY.
(Signed) Kenneth E. Prior
President and Treasurer."

Award Contract For \$340,000

Contract for the construction of warehouse and office building at 157 Needham street, Newton, was awarded by Cabot-Cabot & Forbes, Inc., to Turner Construction Co., Boston, for \$340,000.

To Observe 42nd Anniversary Sat.

Mr. and Mrs. Charles James McCarthy of 52 Channing road, Newton Centre, will celebrate their 42nd wedding anniversary Saturday.

They were wed at the Church of Our Lady in Newton with the late Mr. Joseph McCarthy the best man for his brother.

Mrs. McCarthy is the former Miss Theresa Mahoney of Newton.

Until his retirement four years ago, Mr. McCarthy was superintendent of streets in the city of Newton.

The couple have three children and eight grandchildren, Charles Albert of Newton Lower Falls; Miss Claire, a teacher, New York; and Clement, of Newton.

Newton Man Wins Shipyard Award

Captain Pleasant D. Gold, Jr., U.S.N., commander of the Boston Naval Shipyard has announced that Francis Justice, shipyard employee, of 148 Tremont street, Newton, has received a letter of commendation and a check from the Navy Department for a time and labor-saving device.

FREDERICK HENRY PAUL

Frederick Henry Paul, 87, of 52 Randlett Park, West Newton, died January 18, after a long illness. He was the husband of the late Margaret Jane Paul.

Born in Fort Wayne, Ind., he made his home for many years in Waltham before moving to Newton 24 years ago.

He was a member of Isaac Parker Lodge, A. F. & A. M., of Waltham and the Odd Fellows.

Surviving are two sons, Dr. Frederick H. Paul, Jr., of Newtonville, and Elliot Chester Paul of Waltham; a daughter, Miss Ruth Jane Paul of West Newton, with whom he made his home, and two granddaughters.

Funeral services were held last Saturday at his late residence, with Rev. Alan L. Blacklock of the First Presbyterian Church, Waltham, officiating.

Burial was in Newton Cemetery.

Robert W. Potter, son of Mrs. M. Audrey Potter of 429 Brookline street, Newton Centre, was among those to receive promotion at the Riverside Military Academy at Gainesville, Georgia.

Women's Guild Holds Gives Sculpture Monthly Luncheon Demonstration to Art Association

The monthly luncheon of the Women's Guild, Church of the Messiah was held in the church parlors on Monday afternoon, the president, Mrs. Earl Ordway, presiding.

The luncheon was very enjoyable, with Mrs. John Heibeck, chairman, assisted by Mrs. Alfred Marotte and Mrs. Philip Bridgeman. Mrs. Parker Mitchell of Brookline, who now heads the women's work in the Seaman's Club of Boston, was the speaker. In a very bright southern accent, she told of the work and needs of the Club which is sponsored by the Episcopal City Mission of Boston. The Club welcomes seamen of every nationality and from all boats docking in Boston. Here they find sympathetic listeners who come from the various Episcopal church organizations to try to make the seamen feel at home. Dances are held twice a week with music and refreshments provided by the church women. A theological student donates his time to conduct vespers services and magazines and books are here received, bundled and sent onto the out-going ships. Guild members are urged to donate some time to visiting the patients at the Brighton Marine Hospital.

The business meeting followed and notice was given of the Silent Auction to be held on January 29 with Mrs. A. E. Everett and Mrs. Walter Morehouse as chairmen.

Sponsoring Winter Dinner Dance

The Waban Neighborhood Club are sponsoring a Winter Dinner Dance to be held Saturday, February 3, with music by the Kent Bartlett Orchestra. The dinner deadline is 8:30 and there will be dancing until 1:00. Reservations for the occasion will be accepted until January 31.

Gamma Delta chapter of Kappa Sigma fraternity at the University of Massachusetts announces the recent pledging of James F. Buckley, 60 Crescent avenue, Newton Centre. Mr. Buckley is a member of the class of 1954 at the state university.

Still a bargain Doubled In Value - Low In Cost!

Take a look at your telephone bill. In ten years on the average many things you buy have more than doubled in price . . . but not telephone service.

Remember lamb at 29¢ a pound . . . eggs at 35¢ a dozen? Remember coffee at 20¢ a pound? Today you get the same pound . . . the same dozen . . . and look at the cost!

But your telephone pound — dozen — however you want to measure it — has more than doubled — and the increased cost is but a few cents a day.

Here's a household necessity that actually gives you more — yet takes a much smaller percentage of your household budget than it did ten years ago. That's because living costs have gone up much more than your telephone service.

Group to Hear Talk By Lillian Ostrow

Irene Shaffman, chairman of the Literary Group of the Newton Jewish Community Center, announces that the talented Lillian Ostrow will give the book review on "Joy Street" by Frances Parkinson Keyes on Tuesday, January 30 at 8 p. m. at the Odd Fellows Hall, 15 South Gate Park, West Newton.

This is the most talked of book this season. Both men and women are invited to this review.

For further information call Irene Shaffman at 18 Milo street, West Newton.

Announces Civil Service Exam

Chief John E. Corcoran, of the Fire Department, has announced that "A Massachusetts Civil Service Examination for Fire Alarm Operator for the Newton Fire Department will be held March 3, 1951. The last day for filing applications will be Monday, February 12, 1951. The minimum salary is \$2590 a year; the maximum salary is \$2990 a year plus a temporary increase as authorized by the City of Newton."

For further information see poster at Fire Department headquarters, Fire Alarm Operator's desk, 1164 Centre street, Newton Centre.

Hold Preview of Fashion Show

Mrs. George Shannon entertained the members of her committee for the fashion preview which the Guild of St. Francis of Newton Centre will sponsor at the Meadows at luncheon Monday, February 12.

The enthusiastic members present included Mesdames Carl Alford, John Blakeney, William Bradford, Orville Carter, Justin Connor, Edward Cooney, Martin Danahy, John Doherty, Clark Enyard, Frank Heanue, F. Preston Herring, George Holland, Ray Jones, Alphonse Kallan, James Kerrigan, Andrew Lane, Augustin Leahy, John H. Lee, Joseph Lynch, Charles McMin, Jr., J. Harold McDonald, William Magee, Edward Montana, William Moran, Walter Piotti, James Scully, John Shea, James Sherry, Edward Sullivan, Oliver Sullivan and Brendan Whittaker.

Underwood School PTA to Meet Jan. 25

The Underwood School PTA will meet next Thursday evening in the school auditorium at 8 o'clock. A short business meeting is scheduled. Mrs. Beatrice M. Hutchinson from the Massachusetts Society for Social Hygiene will lecture on the "Importance of Sex Education for Children." She will show the film "Human Growth" in connection with her lecture. A question period will follow. Refreshments will be served.

Members who are planning to bring guests will please let the committee know when home room mothers telephone to remind them of the meeting.

Carl Fogelgren, son of Mr. and Mrs. Albert H. Fogelgren of Boyd street, Newton, who has been a member of the Naval Air Reserve for two and one half years, has just received orders to report for active duty February 1. Newton Girl To Be Given Scholarship

A lucky Newton girl, who could not ordinarily afford to go to college, will receive a scholarship to Smith next fall as a result of an afternoon of cards. That's this year's project of the Newton Smith College Club.

Next Tuesday afternoon, the club members and their friends are invited to contribute a small amount and play bridge or canasta at the homes of Mrs. Edward Pridmore, Mrs. George M. Lovejoy, and Mrs. Christian Herter, Jr., in West Newton and at the Waban Homes of Mrs. Philip Ver Planck and Mrs. F. Brittain Kennedy, president of the club. Mrs. Duncan Edmunds, Mrs. Richard Lee, Miss Dorothy Simpson and Mrs. James Young are opening their homes in Newton; so are Mrs. Garfield Drew, Mrs. Warren Ordway and Mrs. Clark Woodward in Newton Centre.

Tickets may be obtained from Mrs. E. Prentiss Jones, Mrs. Earle Bliss, Mrs. Charles Kimball, or Mrs. Gordon Morrison. Refreshments will be served by the following hostesses: Mrs. Elliot F. Rogers, Miss Elizabeth Bartlett, Mrs. Earl P. Stevenson, Mrs. Robert Fisher, Mrs. W. E. Williams, Mrs. Henry Harwood, Mrs. Ernest Angevine, Mrs. Dorothy Trickey Wells, and Mrs. Harold B. Cranshaw.

Mrs. Robert Bolan, general chairman, is being assisted by Mrs. Warner Eustis, Mrs. F. Leslie Ford, Mrs. Carmen Nichols, and Mrs. Alfred Stafford.

To Choose Queen At WCRB Party

The Newton March of Dimes Committee reports much activity in completing arrangements for the WCRB Birthday Party for the polio fund.

About 80 girls of the Tri Hi Club are engaged in ticket-selling, under the supervision of Dwight Robinson of the Newton Y.M.C.A., as their charitable project for the year. The girls will select a queen who will be crowned at the Totem Pole during the Birthday Party.

Mrs. Ava Ring and Mrs. Donald P. Fraill have organized a large committee to distribute tickets, under the general chairmanship of Francis J. Murphy. Many of these helpers are persons whose families have had direct help from the National Foundation for Infantile Paralysis.

Welded steel spheres 18 feet in diameter check the flow of water in the penstocks of the Grand Coulee Dam.

Newton Plays Latin Saturday In Most Important Game of Year

Manchester Continues to Spark Tigers in Victory

What would Newton do without Manchester? In GBI hockey circles that's the cry from Saturday observers as they watched fast skanking, tricky maneuvering, Manchester continue to spark the Newton ice team to upset victories. Last week it was a 5-4 win over two point favorite Belmont. Doug got the "silk hat trick" with he soloed for three scores in Newton's 4-2 upset over Stoneham. Can he repeat his spectacular performance against Cambridge Latin (league leaders) this Saturday?

How Manchester goes so does Newton and if Doug can click against Latin, Newton can very well spring the season's biggest upset. Doug seems to give the team spirit, fight, and the will to win. They have impressed everyone. Their past exhibitions have been better each time out. Danny Coffey has been terrific in the nets. Since he took over in the Melrose game Newton has been an improved club. Defensesmen Walker Voner and Sutherland have been checking much better. Little Joe Cavallo has been a pestly guy and although not the classiest skater in the league he seems to have a scoring urge. "Zip" Thompson is one of the fastest skaters around and he still hasn't hit the red light although he has assisted. Maybe while Latin is busy worrying about Manchester, Zip will score. He's overdue.

The Latin game will mean much to Newton. If they can upset Cambridge while Belmont loses to Rindge then the Tigers get fourth place in the standings and a bid for the top playoffs. Newton thanks to Manchester has lifted itself to 5th place. Belmont is one point above and Rindge one point below.

From the standings above it seems that if Newton wins and Belmont loses, Newton will have 7 points, Belmont still 6. Rindge in winning can only gain to 6 points. A Belmont tie and a Newton win will bring about 7 points for each and a tie for both clubs at fourth place. That will mean that the team with the most goals will win out for the preferred spot. If Newton ties Latin and Belmont loses, it will still be a tie between them at 6 points each but then Rindge can join them at 6 also. It's all confusing in a way yet the players know what they are up against. They'll be shooting for their third win, their third upset. And you can cheer for Rindge to beat Belmont while you're between periods.

Even though it would be wiser for Newton to be out of the better four teams in their personal second-division play-offs, the players would prefer taking fourth place and trying to knock off the top three clubs in the more important and bigger play-offs.

Latin has the leading GBI scorer in Johnny Murphy, Dick of the better defensesmen in Dick McAdoo and George Boudreau, and two of the better wingmen in Ralph Kilfoyle and John Daley. That line is about the best in the League. However, from last reports, Daley will not play Saturday. Last week he got in a fight with Rindge Tech's Tom Cusick and the rules specify that if caught fighting the player is ineligible to play the next game. Without Daley, Latin loses a good scoring punch. Let's

hope his loss will make the difference. Newton will be plenty busy checking Murphy.

How Newton selects to play Latin is something we'll have to wait and see. They played a defensive game in losing to Melrose 2-5. In their last two games they were all-out aggressively and it showed best results. At any count the Latin-Newton game will be their most important one. Latin and Melrose are tied for the leadership so Latin has much to gain also.

Newton On Top 5-4
We won't go into much detail concerning Newton's second straight win of the season. Their 5-4 upset over Belmont was mostly due to Doug Manchester once again. He scored four goals. Trailing 2-0 after 1:45 of play it looked like a run-away for Belmont but Joe Cavallo put Newton back in the game with a golf-shot on a Thompson rebound at 8:44.

In the second stanza, Manchester tallied three times the first at 2:27 with an assist from Thompson in a melee in front of the net. At 5:00 he stole the puck at the blue line and went in for a lucky solo. At 6:32 he got a dandy one when his shot intended for Cavallo in front of the cage hit the goalie's skate and skidded in. In the fourth canto Sutherland took a long shot and Doug batted in the rebound at 2:35. Belmont scored twice but by then, time was running out and Newton hung on.

In winning their 4th. League game in six starts, Coach Charlie Gallagher was very pleased with the all-around efforts of Thomas who not only scored with consistency but was a great help on both backboards. The first period was close although O.L. had a 6-1 lead at the outset. The period ended with O.L. trailing 8-11, but at the half they

Newton High: Basketball Newton in 3 League Games This Week . . . All Tough

(As THE GRAPHIC went to press (Wednesday) the Tiger cagers were playing Brookline at the new Townie gym. Besides their first practice meeting to open the season and inaugurate the new gym this will be the actual first League game between both teams. Brookline did beat Newton 39-34 previously.)

At this writing Brookline had won 2, lost 2 and tied Arlington. Newton had a 3-2 record. But Brookline's recent sparkling 70-25 victory over Rindge made them a big favorite on their home court.

Friday, Newton visits Watertown for a battle with the League leaders. Watertown with 5-0 must be the team to stop if anyone else wants to get in the running for the title. But stopping them has been an ordeal. Newton in their first meeting lost 49-36 at the NH gym but they lost that game mostly because they couldn't score a point in over 9 minutes of play. O'Hara, Marcantonio, Lopez and Stackpole have been the combine that has paced the next door neighbors. Newton can beat any League opponent when they get hot, and a ripe time will be Friday.

Next Tuesday, Rindge comes to Newton for their second contest against the Smiths. In the League opener, the Orange won a thriller at the Tech gym, 37-35 freezing the ball in the closing minute of the game. Rindge with ever-troublesome Fred Cullano is a much better club than their record of 2-3. In all these games Smitty will most likely stick to his best five of Price, Kreider, Magaw, Dauten and Higgins. Most of Newton's trouble this year has been the lack of overall team play and scoring. Individuals have won each of their close games. They lost other games because a team effort couldn't click with baskets. For an overall season Newton has won 5 lost 4.

Our Lady's Wins Over St. John's

Getting inspiration from the scoring ability of their rookie center, giant Moe Thomas (6-8) who tallied 23 points, Our Lady's enjoyed themselves beating St. John's (Cambridge) 66-44 last Friday night.

The Purple five had to have class to beat a scrappy Cambridge team which didn't say die until the last period. Thomas was hot this night and so was the team in general. Butler (13) and Murphy (10) of the big three played their usual steady game and although their other half Billy Bertrand was off (4) it was Big Thomas who made the difference.

In winning their 4th. League game in six starts, Coach Charlie Gallagher was very pleased with the all-around efforts of Thomas who not only scored with consistency but was a great help on both backboards. The first period was close although O.L. had a 6-1 lead at the outset. The period ended with O.L. trailing 8-11, but at the half they

Cecil B. DeMille's great production "King of Kings" will be shown at the Newtonville Methodist Church, Saturday, February 10 at 8:00 P.M.

The movie is being sponsored by the Young Married Couple's Club and the public is invited.

Atomic Bomb Talk To Be Given Next Tuesday Evening

"The atomic bomb—what it means to you and your family," will be explained by R. F. Cowling, medical nuclear physicist, New England Deaconess Hospital and consultant to the state, at the dinner meeting of St. Mary's Men's Club, Newton Lower Falls, next Tuesday at 6:30 p.m. The talk will be illustrated with slides.

Official army films, "The tale of two cities" and "Effects of Atomic bombing on casualties" sound films will be shown. Dr. Douglas T. Davidson of Wellesley will be chairman.

Mr. Cowling, an associate of Dr. Shields Warren, director, division of biology and medicine, Atomic Energy Commission, assisted in measuring effects of atomic bombing at Bikini.

All men regardless of denomination are invited to attend. Reservations can be made with Louis Vassolotti, Newton Lower Falls, vice president of the Club, or Leonard J. Edell, Wellesley, chairman, membership and attendance.

Aly constructive program was presented by Russell Curry of the Curry School of Dancing. Using as his subject, "It's a Date," Mr. Curry emphasized many everyday courtesies which are often overlooked today. He stressed, as a simple rule for always knowing what to do and avoiding embarrassment, the doing of what is "natural, easy and considerate." His final bit of advice, addressed primarily to the girls but pointed out as something for the boys to think about, was "Beauty Attracts, Graciousness Delights."

Our Lady's Meets St. Mary's Sunday In Second Game

.... Stars of the Week

BOB MORRISON
Newton Track

BILLY LAWN
Our Lady's Hockey

Billy had his second shut-out of the year last week against Malden. Lawn has been steady all season in the nets but against Catholic he had to be extra good and he was!

"Moose" placed second in the 600 and his great anchor running in the relay decided the meet for Newton. He certainly made up for the error in last year's State Meet.

On the Sports Scene

By RODD EXELBERT

CONFUSED:—Our Lady's lost the CHL first half leadership because they were beaten by Columbus 3-0, not because Malden Catholic "sneaked" into first place, thanks to a gift forfeit from Lawrence Central. Central before their final game announced that all previous games were forfeited on account of Hal Salvage being ineligible. (Thus the Malden 1-0 loss to Central became a victory). If Central didn't give Malden a forfeit the Lawrence boys would have then won the first half title because they won their final game against St. Mary's. O.L. had to either tie or beat Columbus. A loss would have been fatal. It was. Yet everyone agreed that it was a cheap way for Malden to creep into the driver's seat. They had tied O.L. and St. Mary's and they lost actually to Central. But then that's all cracked-ice and O.L. must now prove themselves worthy of the chair and win all five games in this second half. We predict they will, too. They have a grand start in upsetting Malden 4-0 last week. A round of applause for Coach Ed Boyle and his Newton track team in winning the Northeastern Track championships without copping a first place, which only proves that depth always means a great deal. Taking enough points in the important events meant victory to a well-balanced club. . . . but extra ovation to "Moose" Morrison who became the hero of this big meet where last summer he turned out to be the "tough-luck goat" in running out of his lane in the State "400." "Moose" was terrific in sweeping the "300" leg in the all important final relay which gave Newton the necessary points to clinch the meet.

REMINISCING . . . Last year's O.L. JV hoop team slaughtered St. Mary's (Brookline) 64-8. . . . The Newton JV's are undefeated in Suburban League games and only lost to Brookline in their practice opener. . . . George Macomber, West Newton local boy US Olympic skier is the first American to defeat a top-ranking European racer. . . . Magaw (NH), Bertrand and Murphy (O.L.) are two of the better "drive-in" hoop players in this area. . . . A good leader will help spark a team to victory, and Capt. Norm DiGiovanni is just the kind of small-guy that has done it for the NH tracksters. . .

Manchester 3rd In Score Parade

Morrison's Exciting Run In Relay Gives Newton Track Cup

Orange Tracksters Win N.E. Track Championship

Even though Newton didn't cop one first place in the annual nine event Northeastern Track meet last Saturday they nevertheless won the championship, their 10th in 24 tries.

Ed Boyle's well-balanced team scored just enough points to clinch the meet (22) with Boston Trade (17), Boston Latin (14½), New Bedford Vocational (12) and pre-meet favorites Boston English (10½) trailing.

Here's how the Boilermakers scored:

45 Yd. Hurdles—DiGiovanni (3rd)—3 points.
50 Yd. Dash—Shannon (2nd), Gould (4th)—6 points.
300 Yd. Dash—Tripp (3rd)—3 points.
600 Yd. Run—Morrison (2nd)—4 points.
High Jump—Savoy (3rd)—3 points.

Relay—DiGiovanni, Haywood, Flynn, Morrison (2nd)—3 points.

They failed to tally in the shot put, 1000 and mile run.

Big football end, "Moose" Morrison was the hero. It was his exciting anchor run in the Newton-Trade-English relay which decided the meet for the Orange. His huge strides overtook a mid-get Tradesman on the last lap and he raced home the winner with yards to spare. When Trade held the first three laps you could have figured Newton's chances were flying out the window but "Moose" came through with his great effort.

As the relay started Newton had already gathered in 19 points. Dave Savoy had just jumped 5-11 for a third in the high-jump and Trade's Bernie Bruce and Latin's Bob Rittenburg were fighting it out for first at 6 foot. Trade by then trailed Newton with 12½ points but figured on Bruce getting a second or a tie for first at least. So Newton had to beat Trade in their relay. And they did. Newton's time wasn't good enough for a first, Concord took top honors here, but Trade didn't finish in the running at all. (Even English came from behind to edge out Trade in the same relay and English had no way of winning the meet.)

Bruce and Rittenburg did tie for first in the high jump and that gave Trade 4½ more points and their 17 total. There was idle talk about how if Bruce could have finished the high jump in time he would have run the anchor in the relay for Trade and win that event for his team. Yet Newton didn't run their ace 300 man, Johnny Tripp, Haywood substituted. (Bruce tied for third in the 600.)

Capt. Norm DiGiovanni surprised in the hurdles and his 3 points meant a great deal. Dash man Bob Shannon equaled the mark in this event at 6 seconds in both the trials and semi-finals yet had a poor start in the finals and made a second. Gould surprised taking an important fourth. . . . Johnny Tripp had it easy winning his trial at 33.7 sec. in the 300 but in the finals he could only take a third. LeComte of Medford finished in 33.6 and O'Leary of English second. . . . Morrison did as expected in the 600. Methia of New Bedford won it at 1:16. "Moose" did a second at 1:18, mighty close. . . . Savoy is usually a 5-11 jumper and it was surprising that Bruce and Rittenburg got up to 6 foot. . . . Morrison said he figured Newton's time in the relay would have won the event and he could have run faster, yet a second was good enough to win that one. Don French did come in second in his 1000 trial heat but it just wasn't good enough for a final time.

Hobby Class to Meet Friday

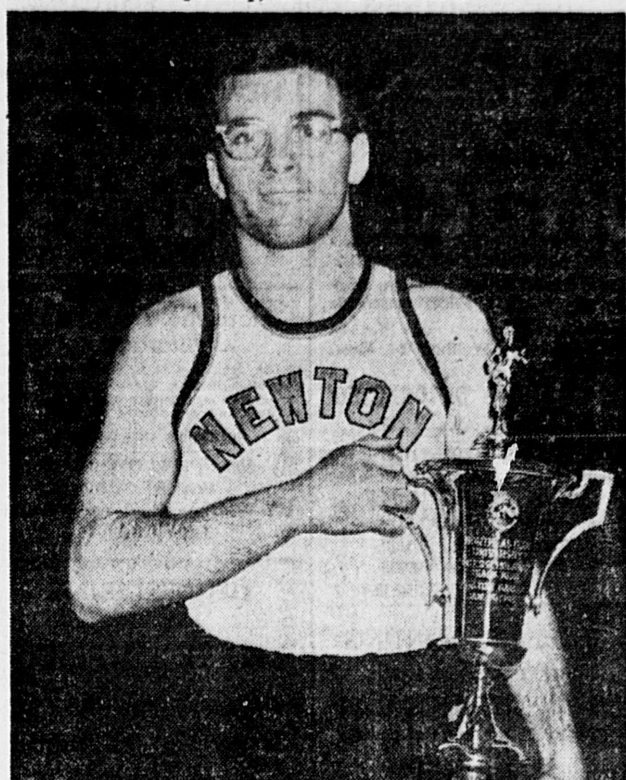

The Hobby Class of West Newton Women's Educational Club will hold a dessert meeting in the home of Mrs. William L. Warner, 11 Pleasant street Friday afternoon at 1:30 o'clock.

Mrs. Chester F. MacDowell will serve as co-hostess for the afternoon.

OUR LADY'S: Basketball

Our Lady's in Two Battles With Tough St. Clements

Charlie Gallagher's basketballers can get a good hold on second place in the Catholic League Division II race if they hand St. Clements an upset on their opponents home court Sunday afternoon.

Battles Strongest Teams in League

Three matches, six teams, thirty chess enthusiasts battled at the Newton "Y" Chess Club. In Class "A", the top ranking Harvard Univ. Chess Team, after four hours play, nosed out the Newton "Y" Intruders three to two.

In Class "B", the powerful Harvard Chess team, last years champion, twelve teams competing; this season, eleven teams competing, tied for first place with the Quincy "Y" Chess Club could only draw two and one-half to two and one-half with the Newton "Y" Gambiters. This draw may result in making Quincy "Y" champion for this season. The strong Arlington team defeated the Newton "Y" Commonwealth, in the absence of Capt. George Hopwood, one-half to one-half. The Arlington team stands third in this division.

The Matches—Class "A", Capt. Kellison of Harvard defeated John Hubert. Harrell of Harvard defeated Richard Bean. Ettlinger of Harvard defeated Mivhel Peral. Wilbur W. Parsley of Newton "Y" Intruders defeated Watts. Capt. Harrison Coggeshall of Newton "Y" Intruders defeated Craig.

Class "B", Freimer of Harvard defeated D. Leighton Ordway. At twelve o'clock Wm. Cushing Loring of the Newton "Y" Gambiters tied the match by defeating Wyse. Hall of Harvard Univ. defeated Judge Thomas Weston. Lester Gee of Newton "Y" Gambiters drew with Capt. Calhaver. Carlton Garfield of Newton "Y" Gambiters defeated Hollis.

Class "B"—Jeremy Coulter of Arlington, secretary and treasurer of the Metropolitan league defeated Carl Miller. Young of Arlington defeated Felix Pereira. Capt. Sampson of Arlington defeated Dr. S. W. Kramer. Callahan of Arlington defeated Logan Warren Blaisdell of Newton "Y" Commonwealth drew with Stockwell.

Class "A" league season is completed. On Friday Jan. 26 in Class "B", the Newton "Y" Gambiters play Boston College "Y" Boston College. The Newton "Y" Commonwealth plays Harvard Univ. at Cambridge.

The Newton "Y" Chess Club meets every Tuesday at 7:30 p.m. in the Colonial Room 276 Church street. The By-Laws of the Newton "Y" Chess Club as drawn up by Judge Thomas Weston, state, "The purpose of the club is to encourage the study and playing of chess. Any person who wishes to play chess may be elected a member by a vote of the Executive Committee. If you enjoy chess come and play with us."

Bobby Barry's fighting-mad ice team will be eager for an incisive victory over St. Mary's (Lynn) in the second game of the second half of the CHL. Sunday at 2:15 p.m. at the Boston Arena. O.L. is after win No. 2 in this second half race and it should get it! St. Mary's was drubbed 8-0 by St. Clements last week in the opener while O.L. upset Malden (first-half winners) 4-0.

However, O. L. isn't taking any team lightly. In the first half, cellar-dweller St. Mary's displayed the biggest hockey upset of the year tying Malden Catholic 3-3. In their first meeting with O. L., the Lynn team lost out 1-6.

Our Lady's is anxious to win all five games this time because the second half winner will play Malden in the play-offs for the championship.

The way O. L. looked in beating Malden, 4-0, last Sunday had observers saying that O. L. and Columbus will be the teams to beat in the second half. Columbus by the way was already upset by Lawrence Central (without Hal Salvage), 0-1 last Sunday.

O. L. LOSES, 0-3

Our Lady's suffered its first loss of the ice season last Wednesday night to Christopher Columbus, 0-3, in the last game of the first half. In dropping the finale O. L. lost the leadership in the first half race to Malden Catholic which "sneaked" into the driver's seat. Malden got a forfeit win from Lawrence Central because Hal Salvage, their ace scorer, was an ineligible player. (Central had previously beaten Malden, 1-0).

(For details concerning the complexed switch in the first

half of the league race see ON THE SPORTS SCENE).

There's nothing much to say about O. L.'s loss to Columbus than that Columbus wasn't as poor a club as some figured they were. They were definitely "out" for O. L. they skated well and played the better game. All their three scores were in the first period. From then on they just played smart hockey and held Newton scoreless. It was the first time O. L. couldn't dent an opponent's net.

Stars of the big upset were scorers Paul Sheehy and Bill Prouse, two of the better players in the league and goalie Joe Lanzilli who stopped everything thrown at him during the last two stanzas.

It was only Columbus' second win of the season. And for Newton it was a sad, sad night.

PURPLE TOPS MALDEN

4-0 IN IMPORTANT WIN

Getting off to a good start in the second half of the league race, O. L. mowed-down the first half leaders, Malden Catholic, 4-0, last Sunday. Showing their best form to date, the Barrys scored twice in the first canto, and once in the second and third periods to ice an easy contest. Malden had only 15 shots at goalie Billy

Lawn, a fine tribute to the grand defensive work of George Pettie, John McKinnon & Co. Lawn, by the way, got his second goose-egg of the season. (He previously shut out Central 1-0 in the first half.) It was O. L.'s second meeting with Malden. In their first game in the first half they tied, 4-4.

O. L. was faster, smarter, and more aggressive. They were "up" for this game. They knew that beating Malden would have a great bearing on the second half race. At 2:39 "Crungie" Cronin tallied on a rebound by Dillon. Pettie also assisted. Then at 5:26 Pettie found a loose puck from Cronin's stick and boomed one of his special long ones for a score. O. L. took 10 shots in the second period but only connected once with Cronin scoring via Dillon's sweetheart of a pass right out in front of the cage. Cronin beating a bewildered goalie.

Pettie made the game a sure-thing in the last period with a hard smash coming from a fine Luke Fannon pass from the crease. (Dillon, Fannon and Cronin had perfect solo shots at the goalie in this last stanza but they all boomeranged. However, Our Lady's won going away in what could be their most important win of the season.)

This Week... In Sports

THURS. JAN. 25—
Track—Lowell visits Northeastern champs Newton which should be a tune-up for the Boilermakers before the big State Meet (Feb. 3).

FRI. JAN. 26—
Basketball—Newton goes to Brookline (3 p.m.) for a usual exciting contest with their arch rivals. Our Lady's plays host to St. Clement's (8 p.m.) in what should be a "corker."

SAT. JAN. 27—
Hockey—Newton takes on G.B.I. leaders, Cambridge Latin, at the Boston Garden (12:30 p.m.) in the game of the season. If Newton wins, they gain fourth place, if Belmont loses to Rindge. Fourth place means a play-off berth.

SUN. JAN. 28—
Hockey—Our Lady's shouldn't have too much trouble with weak St. Mary's (Lynn) at the Arena (2:15 p.m.). Basketball—Our Lady's takes on St. Clement's again in an away game (2:30 p.m.).

TUES. JAN. 30—
Basketball—Rindge Tech visits Newton and Tech will be out for revenge. Newton edged them last time. Should be close.

EXCITING MOMENT in game between Newton and Brockton. Brockton won 44 to 40.

Brockton Takes Newton

Although they played one of their better games of the season, the Orange hoophoopers nevertheless lost a dog-fight to Brockton 40-44 in a non-league game last Friday.

In league play they have 3-2. The Tiger loss was mainly due to their being unable to break a 5 point Brockton lead which the Shoe Citizens made on a last second goal at the close of the third period. In the last stanza, the Newtonites could only tally two baskets and 3 fouls wherein previously they scored 12 points in the third period. Scotty Price

(16) but he couldn't carry the whole load.

Newton once led 17-14 midway in the second period. It was 10-11 and 18-21 for the first half, then 30-35 and finally the outcome 40-44. The Tigers "could have won" if they hit on several baskets which were "sure" but "didn't go in." However two

peppy opponents, DiBari and Hopkins ruined their defense. They got 29 of Brockton's 44 points.

Scoring: Dauten (3-2-8), Kreider (3-1-7) Price (5-6-16) Magaw (1-3-5), Higgins (0-1-1) and Fitzzy (1-1-3).
